RFP-DCS-2022 – Elevator Inspection Services
Due: June 30, 2022 – 5:00PM

Dear Board Members:

Thompson Elevator Inspection Service, Inc. (TEIS) recognizes the need to use your time efficiently; therefore, the following highlights the premier, elite services which our company can continue to offer your municipality.

As long standing members of the Suburban Building Officials, Northwest Building Officials and South Suburban Building Officials, we continue to advocate on the behalf of code enforcement representing the International Building Code, as well as the ASME Elevator Code, the Illinois Accessibility Code, the National Electric Code and the NFPA Codes, as applicable. In addition, we attend all Illinois Elevator Safety Board meetings locally, as well as in Springfield, sharing with you issues/concerns that arise. We are considered a stakeholder with the Illinois State Fire Marshal as it pertains to the Elevator Safety Act. Thompson Elevator is authorized to conduct business in the State of Illinois and is committed to complying with all OSHA, Federal, State of Illinois, and Village of Oak Park Safety Standards. Thompson Elevator is able to perform all tasks described in the RFP based on financial resources.

Knowing we are all fiscally aware of the responsibility to the constituents your municipality represents, we offer competitive pricing to the building owners.

Established in 1975, we are the longest established inspection service in the suburban Chicagoland region. Currently, our firm holds over 120 municipal inspection contracts in excellent standing in communities nearby. We welcome you to verify our consistent, reliable professional service and consider having our company continue to be part of your code enforcement team.

Thank you for the opportunity. We appreciate your time invested in making the right choice for the community's conveyance safety. Should you have any questions before, during or after your review and evaluation, please contact Patty Young at our office (phone: 847-296-8211 / email: patty@thompstonelevator.com) at your convenience.

Respectfully submitted,

Catherine Thompson

HISTORY AND OVERVIEW

THOMPSON

ELEVATOR INSPECTION SERVICE, INC.

Member NWBOCA, SBOC, SSBOC, ICC and NAESA

History and Overview of the Company

The founder, John J. Thompson, had been in the elevator business since 1960. His work experience began as a mechanic in construction, service, and maintenance for Goetz, Trimon, Gallagher & Speck Elevator Company. He used his knowledge and expertise that he gained to become an instructor for the NEIEP Elevator Education School from 1970 to 1974.

Before starting Thompson Elevator Inspection Service, he continued working in the industry for Armor Elevator as a superintendent and mechanic in construction, service, and maintenance for eight years, and was also a volunteer fireman for the Village of Mt. Prospect from 1972 to 1980.

In 1975 the business was started to provide safety inspections of passenger, freight, escalators, wheelchair lifts, dumbwaiters, and material lifts for municipalities, school districts, and individual buildings in the Chicago metropolitan area.

Many of our inspectors worked directly with the company's founder in their early years within the elevator industry as helpers, mechanics, and/or adjustors training to be inspectors. *Our inspectors have over 800 years of work in the industry combined with an average of 31 years per inspector.*

Our inspectors are QEI certified and State licensed to be part of our inspection team. Each new inspector undergoes training with many different field inspectors before being assigned inspections.

Since 1975, Thompson Elevator Inspection Service has provided the following services to our clients:

- New construction (or renovated/modernization work) plan reviews
- New construction (or renovated/modernization work) inspection
- Annual/Semi-annual code inspections
- Certification
- Provide technical and legislative update workshops
- Offer fire rescue/entrapment classes to local Fire Department

Our company's inspection program would follow the current codes provided by your community and the State of Illinois, and provide all State approved inspection forms for code inspection for any of the following types of commercial and residential equipment that your community has and might install in the future:

Elevators	Dock Lifts	Scissors Lift	Casket Lifts
Escalators	Freights	Vertical Platform Lifts	Wheelchair Lifts
Dumbwaiters	Material Lifts		

The office staff supports the following people/organizations: the client, the building owners, the public, the fire department, architects, engineers, general contractors, smoke/alarm contractors, electricians, plumbers, and elevator companies. This support ranges from answering basic questions such as "how to register an elevator", to code questions as to "where does it say this", to technical questions for a new construction or modernization projects. Our staff works with each of these people to address their issues/concerns. These non-fee services of support are the customer service and common courtesy our founder instilled in his employees.

Dear Patty,

It is my pleasure to write this letter and express my appreciation for Thompson Elevator Inspection Service. In my 10 years as Director of Community and Economic Development, I have observed the work you do in Bensenville and I have come to know your company is a highly professional service provider.

I know that you interact with our local inspectors regularly and their comments about your service are always positive, highlighting your customer service and timely response to inquiries.

Your field inspectors are knowledgeable and professional. We recently went through a process of upgrading pit ladders to comply with code amendments. Thompson Elevator inspectors were invaluable with their explanation of the new requirements and assistance to the property owners in gaining compliance. The procedure seemed daunting but your staff made it a positive experience.

I appreciate the service Thompson Elevator provides for the Village of Bensenville and look forward to continuing our relationship for many years to come.

As the Building Commissioner for the City of Elmhurst, I have had an excellent working relationship with Thompson Elevator Inspection Services for over twenty years. They are the City's Third Party Inspection Company and they do a commendable job.

Dear Patty,

Thank you for your email to verify that the Village of Hanover Park is satisfied with the services that Thompson Elevator is providing. The Village has had a longtime relationship with your company. 11. DOCUMENTS AND BOOKS AND RECORDS.

- 11.1. Reports, examinations, information, observations, calculations, notes and any other reports, documents, data or information, in any form, prepared, collected, or received by the Contractor in connection with any or all of the Services to be provided pursuant to this Agreement ("Documents") shall be and remain the property of the Village upon completion of the Services and payment to Contractor all amounts then due under this Agreement. At the Village's request, or upon termination of this Agreement, the Documents shall be delivered promptly to the Village. Contractor shall have the right to retain copies of the Documents for its files. Contractor shall maintain files of all Documents unless the Village shall consent in writing to the destruction of the Documents, as required herein.

The Village shall have ninety (90) days after receipt of any such notice to give notice to Contractor not to dispose of or destroy said Documents and to require Contractor to deliver same to the Village, at the Village's expense. Contractor and any subcontractors shall maintain for a minimum of three (3) years after the completion of this

Agreement, or for three (3) years after the termination of this Agreement, whichever comes later, adequate books, records and supporting documents to verify the amounts, recipients and uses of all disbursements of funds passing in conjunction with the Agreement. All books, records and supporting documents related to this Agreement shall be available for review and audit by the Village and the federal funding entity, if applicable, and Contractor agrees to cooperate fully with any audit conducted by the Village and to provide full access to all materials. Failure to maintain the books, records and supporting documents required by this section shall establish a presumption in favor of the Village for recovery of any funds paid by the Village under this Agreement for which adequate books, records and supporting documentation are not available to support their purported disbursement. Contractor shall make the Documents available for the Village's review, inspection and audit during the entire term of this Agreement and three (3) years after completion of the Services as set forth herein and shall fully cooperate in responding to any information request pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1 *et seq.* by providing any and all responsive documents to the Village.

- 11.4. Contractor shall furnish all records related to this Agreement and any documentation related to the Village required under an Illinois Freedom of Information Act (5 ILCS 140/1 *et seq.*) ("FOIA") request within five (5) business days after the Village issues notice of such request to Contractor. Contractor shall not apply any costs or charge any fees to the Village regarding the procurement of records required pursuant to a FOIA request. Contractor agrees to defend, indemnify, and hold harmless the Village, and its officers, officials, employees, agents, and volunteers, and agrees to pay all reasonable costs connected therewith (including, but not limited to reasonable attorney's and witness fees, filing fees, and any other expenses) for the Village to defend any and all causes, actions, causes of action, disputes, prosecutions, or conflicts arising from the Contractor's actual or alleged violation of the FOIA, or the Contractor's failure to furnish all documentation related to a request within five (5) days after the Village issues notice of a request. Furthermore, should the Contractor request that the Village utilize a lawful exemption under FOIA in relation to any FOIA request thereby denying that request, Contractor shall pay all costs connected therewith (such as reasonable attorney's and witness fees, filing fees, and any other expenses) to defend the denial of the request. The defense shall include, but not be limited to, challenged or appealed denials of FOIA requests to either the Illinois

Attorney General or a court of competent jurisdiction. Contractor shall defend, indemnify, and hold harmless the Village, and its officers, officials, employees, agents, and volunteers, and shall pay all costs connected therewith (such as reasonable attorney's and witness fees, filing fees and any other expenses) to defend any denial of a FOIA request by the Contractor's request to utilize a lawful exemption to the Village.

- 13.2. This Agreement shall not prohibit Contractor from providing services to any other public or private entity or person. In the event that Contractor provides Services to a public or private entity or person, the Village, at its sole discretion, may determine that such Services conflict with a service to be provided to the Village by Contractor, and the Village may select another Contractor to provide such Services as the Village deems appropriate.

14. THE VILLAGE'S REMEDIES.

- 14.1. If it should appear at any time prior to payment for Services provided pursuant to this Agreement that Contractor has failed or refused to prosecute, or has delayed in the prosecution of, the Services to be provided pursuant to this Agreement with diligence at a rate that assures completion of the Services in full compliance with the requirements of this Agreement, or has attempted to assign this Agreement or Contractor's rights under this Agreement, either in whole or in part, or has falsely made any representation or warranty, or has otherwise failed, refused, or delayed to perform or satisfy any other requirement of this Agreement or has failed to pay its debts as they come due ("Event of Default"), and has failed to cure, or has reasonably commenced to cure any such Event of Default within fifteen business days after Contractor's receipt of written notice of such Event of Default, then the Village shall have the right, at its election and without prejudice

14.1.5. The Village may recover any damages suffered by the Village as a result of Contractor's Event of Default.

14.2. In addition to the above, if Contractor fails to complete any required Services pursuant to this Agreement, the Village shall be entitled to liquidated damages in the amount of five hundred dollars (\$500.00) per day for each day the Services remains uncompleted. This amount is not a penalty, and the parties agree to said amount given the difficulties associated with determining or calculating damages to the Village in the event the required Services are not completed on time.
