

Attachment 1 - Statement of Work

To GIS Consortium Service Provider Contract

About Municipal GIS Partners (MGP)

MGP (the Consultant) is the Service Provider to the GIS Consortium (GISC). It is necessary that each GISC member enter into an annual agreement with the Consultant (GISC Service Provider) to maintain their standing as a GISC member.

GISC Membership includes:

- Complete GIS program staffing with technology cost distribution across GISC members
- User and license access to all membership solutions and products
- Access to and participation in collaborative opportunities to share ideas and solutions

The Included Services section below expands on services provided by this agreement.

General Purpose

The Consultant will perform all or part of the Village of Oak Park (the Municipality) geographic information system (GIS) management, development, operation, and maintenance as directed by the Municipality. In addition to supporting the GIS program, the Consultant will identify opportunities for continued program development and enhancement.

Program Staffing

The Consultant provides all the requisite staffing and skillsets required to manage the Municipality program including:

- Technical professionals assigned directly to the Municipality
- Advanced technical support staff for analysis, system integration, and escalation
- Systems analysts for ensuring product, solution, and infrastructure performance
- Professional program managers for ensuring service levels

Direct Program Hours

Services related to the direct management, development, operation, and maintenance of the Municipality program required to support the system

Team Access During Normal Working Hours

The Consultant typically works Monday through Friday 8:00AM to 5:00PM. The Municipality has direct access to the staff assigned to the Municipality. Alternatively, the Municipality can call the Consultant's general telephone number or submit an email to Consultant's service desk for service.

Emergency Event Support

The Consultant will support Municipality emergency events within a reasonable timeframe of notification and work to staff the event for its duration. These services are not limited to normal business hours.

The Service Level section below expands on the program staffing services included in this agreement.

Staffing Allocation

Pursuant to the GISC membership agreement and bylaws all members must contract for a service level consistent with the allocation practices as prescribed by the GISC. The direct program staffing allocation for the Municipality for this agreement period is:

Agreement Period: January 1, 2023, through December 31, 2023

Direct Program Hours: 989.00

Onsite presence: Average of 9.27 days per month; estimated based upon 90 percent of the direct program hours, provided the Municipality and Consultant shall consult with each other in good faith from time to time on the advisability of flexible work arrangements whereby the program hours may be completed off-site, particularly in circumstances where the assigned staff and program are meeting or exceeding expectations.

Fees and Expenses

The monthly fee for the staffing allocation is **\$11,126.25** per month. The total contract value for the agreement period is **\$133,515.00**.

Included Services

This section identifies the professional staffing, products and solutions, and business structures included in this service agreement. The Municipality is responsible for identifying and prioritizing the aspects of the services that are most important. The Consultant is responsible for implementing those priorities and communicating progress.

Staffing and Program Management

The Consultant provides the required staffing and organization with the skills and expertise to manage, develop, and maintain the system per the Municipality's priorities which includes GISC shared infrastructure, platforms, products and solutions. Services include:

1. Program consulting and reporting with all Municipality departments
2. Data creation, management, and quality control
3. Project identification, management, and delivery
4. Shared solution implementation
5. ERP and department system GIS integration
6. User training and onboarding
7. Resource management and scheduling

Data Management

The Consultant is responsible for managing the GIS and related data based on priorities as directed by the Municipality.

Primary Layers:

Addresses, parcels, buildings, streets, railroads, water utilities, sewer utilities, municipal boundary, zoning districts, planned unit developments, variances, TIF districts, special use permits, annexations, signs, trees, recreation areas, bike paths, water features, school districts, emergency response boundaries, refuse collection, and legislative districts.

Municipality Priority Layers

The Consultant's local government data model has over 260 standard layers. Included in this service is the identification, creation, and management of layers as directed by the Municipality.

Data Quality

One of the primary accountabilities of the Consultant is to ensure that Primary and Municipality Priority layers are of high-quality. Practices employed include:

1. Daily data quality reporting and alerting
2. Mistake proofing databases, processes, and productivity tools
3. Address Verification to identify discrepancies between Municipality ERP and department systems
4. Utility system integrity leveling for completeness, field accuracy and timeliness
5. Formation and support of key data stakeholder teams
6. Data management documentation for Municipality layers

Products and Solutions

GISC Membership includes unlimited access to the products and solutions developed by the Consultant for the GISC and its members. The Consultant is accountable for:

1. Collaboration with third party vendors and partners
2. Deploying shared solutions for the Municipality
3. Identifying and communicating new solution opportunities
4. Managing existing solutions to agreed service levels
5. Infrastructure monitoring, alerting and mitigation
6. Patching, updating, and securing shared infrastructure
7. Researching and evaluating opportunities for development
8. Resource planning and scheduling
9. Scalability planning and right sizing
10. Technical documentation
11. Testing and quality certification

Solution List

The following are the primary products and solutions provided by the Consultant through membership in the GISC:

1. **Address Pre-Check:** A tool to standardize address data in Municipality systems and workflows.

2. **Address Verification:** A product to assess and score community address quality across department systems.
3. **Asset Management and Manager Dashboards:** A solution that enables the Municipality to manage and visualize infrastructure data and maintenance
4. **Community Map Viewer:** A publicly accessible map viewer designed for residents and businesses
5. **Community-Portal:** An address-based portal that integrates and organizes department data for staff, residents, and local businesses
6. **Financial Forecasting:** A tool to project future infrastructure replacement costs
7. **Local Government Data Model:** A database standard developed for, and in partnership, with members of the GISC
8. **myGIS:** A secure staff accessible mapping system to discover and analyze all Municipality GIS data
9. **Story Maps:** A customizable web application to communicate information to the public in a simple and meaningful way
10. **Utility Leveling:** A data quality measurement system to assess the ability of utility data to support local government business processes

Service Level Agreement

The Consultant is responsible for managing the quality and availability of GISC infrastructure and solutions. These parameters are determined by GISC Board policy and included in these services.
