Staff Recommendation

Adopt the Ordinance.

Fiscal Impact

Potential increase in alcoholic liquor dealer’s tax.

Background

Spilt Milk seeks the creation of a new Bakeshop Class D-17 liquor license and the issuance of such a license for the property located at 811 South Boulevard. The Village Code currently contains a Work Lounge Class D-17 liquor license and the Village’s sole holder of a Class D-17 license, Venture 1212 LLC, DBA Mojo Oak Park, ceased operations and its license was deleted from the Code pursuant to Ordinance 22-20 adopted by the Village Board on March 21, 2022.

Spilt Milk has been in operation in the Village for several years and has held a Package C-2 liquor license since April 2021. A C-2 license allows Spilt Milk to sell at retail beer and wine only in the original package. Spilt Milk now seeks to expand its offerings to include the sale of beer and wine for on-site consumption. The proposed ordinance would allow this expansion with certain conditions, which include that a Class D-17 must offer baked-goods to be sold to the public that are produced on-premises of five (5) different types. Other

conditions include the sale of baked-goods must be available at all times that beer and wine are sold for on-site consumption, a licensee's total square footage shall be a minimum of 1,000 square feet, the display of beer and wine shall not amount to more than 20% of a licensee's available and visible display, the sale of beer and wine must be less than 25% of a licensee's gross revenue, and no signage will be allowed outside the licensed premises advertising the sale of alcoholic liquors. Spilt Milk is agreeable to these conditions. At its special meeting of April 25, 2022, the Liquor Control Review Board ("LCRB") voted unanimously to recommend that the Bakeshop Class D-17 liquor license classification be created and that Spilt Milk met all of the applicable requirements for the issuance of a D-17 license and a D-17 license should be issued to Spilt Milk.
