It is proposed to use unencumbered funds in the Water & Sewer Fund, Public Works - Water Capital Improvement account 5040-43730-777-570707 (\$10,000.00) from deferred projects to cover the additional expense. A third-quarter budget amendment will be submitted to transfer the funds to cover the overage.

Background

The Public Works Department annually seeks competitive bids for water main parts and materials and sewer pipe parts and materials. Six vendors provided material price bids for 2022. The materials are purchased from the lowest cost qualified vendor based on the availability and quality of the material. On December 6, 2021, the Village signed a Purchase Price Agreement for \$30,000.00 with Water Products Company of Aurora, Inc. to supply water & sewer repair materials and parts. They were one of a number of suppliers that bid for 2022. Agreements were opened with multiple suppliers based on the lowest cost qualified vendor based on the availability and quality of the materials. The Village has experienced an increase in the number of required utility digs to date in 2022.
