Recommendation

None - for informational purposes only

Background

On a monthly basis as required under State statute, staff presents a Treasurer's Report which primarily focuses on ending cash and investment balances. To supplement this information, the Finance Department also prepares a more detailed and thorough quarterly financial update and analysis for all major Funds. While this quarterly update is unaudited, it nonetheless provides crucial information on key revenues and expenditures incurred throughout the year. Significant variances are analyzed and explained within the report.

Please note that the annual audit (for the prior year) is typically presented and discussed in June.
