

INDEPENDENT CONTRACTOR AGREEMENT

THIS INDEPENDENT CONTRACTOR AGREEMENT (herein after referred to as the “Agreement” or the “Contract”) is entered into on this 9th day of June, 2026, by and between the Village of Oak Park, an Illinois home rule municipal corporation (hereinafter referred to as the “Village”), and Nerd Power IL, LLC (hereinafter the “Contractor”) authorized to conduct business in the state of Illinois. The Village and the Contractor may, at times, be referred to collectively as the “Parties” or each individually as a “Party”.

RECITALS

WHEREAS, the Contractor submitted individual site proposals and a project summary, a copy of which is attached hereto and incorporated herein by reference, for design and installation of solar photovoltaic (PV) arrays on Village-Owned facilities (hereinafter referred to as the “Work”) including the Public Works Center, Village Hall, Holley Court Garage, Main Fire Station #1, North Fire Station #2, South Fire Station #3 and the Central Pumping Station, incorporated herein by reference as though fully set forth; and

WHEREAS, the Contractor represented in said Proposal that it has the necessary personnel, experience, and competence to promptly complete the Work required hereunder; and

WHEREAS, it is the intent of the Village and the Contractor that the Contractor shall perform the Work pursuant to the terms and conditions of this Contract.

NOW, THEREFORE, in consideration of the terms herein and the mutual covenants contained in this Agreement, and other good and valuable consideration, the receipt and sufficiency of which is acknowledged by the Parties, the Parties hereby agree as follows:

1. RECITALS INCORPORATED

The above recitals are incorporated herein as though fully set forth.

2. SCOPE OF WORK - ITC SAFE HARBOR SERVICES

The Parties acknowledge that the anticipated total value of the solar photovoltaic projects contemplated by the Parties is approximately \$3,250,819 (the "Project Value"), subject to final engineering, procurement, and construction pricing.

The Contract Price under this Agreement is \$162,541, which represents approximately five percent (5%) of the anticipated Project Value and is intended to fund procurement,

equipment reservation, and other activities necessary to establish federal Investment Tax Credit ("ITC") safe harbor treatment for the Project.

This Agreement is limited to ITC safe harbor activities and does not constitute the final engineering, procurement, or construction agreement for the Project.

The Contractor shall perform the ITC safe harbor services described herein in accordance with this Contract. Any future engineering, procurement, construction, installation, commissioning, operations, maintenance, or warranty services shall be governed by a separate agreement between the Parties. The Contractor hereby represents and warrants that it has the skill and experience necessary to perform the services described in this Agreement in a good and workmanlike manner in accordance with the Contract Documents.

Contractor's services under this Agreement are limited to activities intended to support the Project's qualification for federal Investment Tax Credit ("ITC") safe harbor treatment.

Contractor's deliverables shall consist of:

- (a) procurement, reservation, or commitment of qualifying solar equipment and materials;
- (b) execution of vendor purchase orders, procurement commitments, and related documentation;
- (c) documentation evidencing expenditures intended to satisfy applicable federal safe harbor requirements; and
- (d) delivery to the Village supporting documentation related to the foregoing activities, including applicable invoices, purchase orders, proof of payment, vendor commitments, and cost summaries.

Completion of the foregoing deliverables shall constitute full performance of Contractor's obligations under this Agreement. No engineering, permitting, interconnection, construction, installation, commissioning, operations, maintenance, or other project services are included within the scope of this Agreement unless expressly provided for in a separate written agreement between the Parties.

3. DESIGNATED REPRESENTATIVES

The Contractor shall designate in writing a person to act as its designated representative with respect to the Work to be performed under this Contract who shall have the power and authority to make or grant or do all things, certificates, requests, demands, approvals, consents, notices, and other actions required that are ministerial in nature or described in this Agreement for and on behalf of the Contractor and with the effect of binding the Contractor. The Village is entitled to rely on the full power and authority of the person

executing this Contract on behalf of the Contractor as having been properly and legally given by the Contractor. The Contractor shall have the right to change its designated representative by providing the Village with written notice of such change which notice shall be sent in accordance with Section 13 of this Agreement.

The Village Manager or the Manager's designee shall be deemed the Village's authorized representative for purposes of this Agreement, unless applicable law requires action by the Corporate Authorities, and shall have the power and authority to make or grant or do those things, certificates, requests, demands, approvals, consents, notices, and other actions required that are ministerial in nature or described in this Agreement for and on behalf of the Village and with the effect of binding the Village as limited by this Contract. The Contractor is entitled to rely on the full power and authority of the person executing this Agreement on behalf of the Village as having been properly and legally given by the Village. The Village shall have the right to change its authorized representative by providing the Contractor with written notice of such change which notice shall be sent in accordance with Section 13 of this Agreement.

4. TERM OF CONTRACT, CONTRACT RENEWAL, AND RATE ADJUSTMENT

The Contractor shall perform the ITC safe harbor services described in Section 2 beginning on the Effective Date and ending upon completion of the deliverables described in Section 2.

5. PAYMENT SCHEDULE

The Parties acknowledge that the anticipated total value of the solar photovoltaic project contemplated by the Parties is approximately \$3,250,819 (the "Project"), subject to final engineering, procurement, and construction pricing. The Contract Price of \$162,541 represents approximately five percent (5%) of the anticipated Project cost and is intended to fund activities supporting federal Investment Tax Credit ("ITC") safe harbor treatment for the Project.

The Parties further acknowledge that applicable federal ITC rules require certain expenditures to be incurred and documented prior to applicable federal deadlines in order to preserve eligibility for available federal tax incentives. The Parties acknowledge that timely payment of the Contract Price is a material component of the Project's intended safe harbor strategy and is intended to support qualifying expenditures, procurement commitments, and related documentation prior to such deadlines. The Parties further acknowledge that failure to incur qualifying expenditures prior to applicable federal deadlines may adversely affect the availability of certain federal tax incentives for the Project.

Accordingly, the Contract Price shall be paid by the Village within five (5) business days upon execution of this Agreement. Contractor shall provide documentation supporting

the activities performed under this Agreement, which may include purchase orders, vendor commitments, invoices, proof of payment, cost summaries, equipment allocation schedules, and other procurement-related documentation reasonably necessary to evidence expenditures intended to satisfy applicable federal safe harbor requirements.

The Parties acknowledge that this Agreement is limited to ITC safe harbor activities and documentation and does not include engineering, permitting, interconnection, construction, installation, commissioning, operations, maintenance, production guarantees, or other project services unless expressly provided for in a separate written agreement executed by the Parties.

Completion of the deliverables described in Section 2 shall constitute full performance of Contractor's obligations under this Agreement.

6. TERMINATION

The Village may terminate this Contract for cause, which includes but is not necessarily limited to, the Contractor's failure to perform the Work pursuant to this Contract. The Village shall provide the Contractor with five (5) days' written notice of a termination for cause pursuant to the provisions of Section 13 below. The Village may also terminate this Contract when it determines the same to be in its best interests by giving fourteen (14) days' written notice to the Contractor pursuant to the provisions of Section 12 below. In such event, the Village shall pay all amounts due for Work performed prior to termination. If Contractor has completed the safe harbor deliverables described in Section 2, the Contract Price shall be deemed earned in full and shall not be subject to refund or repayment.

7. DEFAULT/THE VILLAGE'S REMEDIES.

If it should appear at any time prior to payment for the Work provided pursuant to this Contract that the Contractor has failed or refused to prosecute, and is in default, or has delayed in the prosecution of, the Work to be provided pursuant to this Contract with diligence at a rate that assures completion of the Work in full compliance with the requirements of this Contract, or has attempted to assign this Contract or the Contractor's rights under this Contract, either in whole or in part, or has falsely made any representation or warranty, or has otherwise failed, refused, or delayed to perform or satisfy any other requirement of this Contract or has failed to pay its debts as they come due ("Event of Default"), and has failed to cure, or has reasonably commenced to cure any such Event of Default within fifteen (15) business days after the Contractor's receipt of written notice of such Event of Default, then the Village shall have the right, at its election and without prejudice to any other remedies provided by law or equity, to pursue any one or more of the following remedies:

- (A) The Village may require the Contractor, within such reasonable time as

may be fixed by the Village, to complete or correct all or any part of the Work that is defective, damaged, flawed, unsuitable, nonconforming, or incomplete and to take any or all other action necessary to bring the Contractor and the Work into compliance with this Contract;

(B) The Village may accept the defective, damaged, flawed, unsuitable, nonconforming, incomplete, or dilatory Work or part thereof and make an equitable reduction;

(C) The Village may terminate this Contract without liability for further payment of amounts due or to become due under this Contract except for amounts due for Work properly performed prior to termination;

(D) The Village may withhold any payment from the Contractor, whether or not previously approved, or may recover from the Contractor any and all costs, including attorneys' fees and administrative expenses, incurred by the Village as the result of any Event of Default or as a result of actions taken by the Village in response to any Event of Default; or

(E) The Village may recover any damages suffered by the Village as a result of the Contractor's Event of Default.

(F) Contractor shall not be liable for delays caused by force majeure events, including but not limited to acts of God, weather, labor shortages, utility delays, governmental actions, supply chain disruptions, transportation delays, material shortages, pandemics, changes in law, or other events beyond Contractor's reasonable control.

8. COMPLIANCE WITH APPLICABLE LAWS

The Contractor shall comply with all applicable laws, regulations, and rules promulgated by any federal, state, county, municipal and/or other governmental unit or regulatory body now in effect during the performance of the Work. By way of example only and not as a limitation, the following are included within the scope of the laws, regulations, and rules with which the Contractor must comply: all forms of workers' compensation laws, all terms of the equal employment opportunity rules and regulations of the Illinois Department of Human Rights, all statutes relating to contracts let by units of government, and all applicable civil rights and anti-discrimination laws and regulations.

9. INDEMNIFICATION

To the fullest extent permitted by law, the Contractor shall waive any right of contribution

against the Village and shall indemnify and hold harmless the Village and its officers, officials, employees, volunteers, and agents from and against all claims, damages, losses, and expenses, including, but not limited to, legal fees (attorneys' and paralegals' fees, expert fees and court costs) arising out of or resulting from the performance of the Contractor's Work, provided that any such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or injury to or destruction of property, other than the Work itself, including the loss of use resulting therefrom, or is attributable to misuse or improper use of trademark or copyright-protected material or otherwise protected intellectual property, to the extent it is caused in whole or in part by any wrongful or negligent act or omission of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable. Such obligation shall not be construed to negate, abridge or otherwise reduce any other right to indemnity which the Village would otherwise have. The Contractor shall similarly protect, indemnify and hold and save harmless, the Village, its officers, officials, employees, volunteers and agents against and from any and all claims, costs, causes, actions and expenses, including, but not limited to, legal fees incurred by reason of the Contractor's breach of any of its obligations under, or the Contractor's default of, any provisions of this Contract. The indemnification obligations under this Section shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Contractor or any subcontractor under Workers' Compensation or Disability Benefit Acts or Employee Benefit Acts.

10. INSURANCE

The Contractor shall at the Contractor's expense secure and maintain in effect throughout the duration of this Contract, insurance of the following kinds and limits set forth in this Section. The Contractor shall furnish "Certificates of Insurance" to the Village before beginning any Work on the Project pursuant to this Contract. All insurance policies shall be written with insurance companies licensed to do business in the State of Illinois and having a rating of at least A according to the latest edition of the Best's Key Rating Guide; and shall include a provision preventing cancellation of the insurance policy unless thirty (30) days prior written notice is given to the Village. This provision shall also be stated on each Certificate of Insurance: "Should any of the above described policies be canceled before the expiration date, the issuing company shall mail fifteen thirty (30) days written notice to the certificate holder named to the left."

The limits of liability for the insurance required shall provide coverage for not less than the following amounts, or greater where required by law:

(B) Workers' Compensation:

i. Workers' compensation insurance shall be provided in accordance with the provisions of the laws of the State of Illinois, including occupational disease provisions, for all employees who perform the Work pursuant to this Contract, and if any Work is subcontracted pursuant to the provisions of this Contract, the Contractor shall require each subcontractor similarly to provide workers' compensation insurance. In case employees engaged in hazardous work under this Contract are not protected under the Workers' Compensation Act, the Contractor shall provide, and shall cause each subcontractor to provide, adequate and suitable insurance for the protection of employees not otherwise provided.

(C) Comprehensive Automobile Liability:

i. Comprehensive Automobile Liability coverage shall include all owned, hired, non-owned vehicles, and/or trailers and other equipment required to be licensed, covering personal injury, bodily injury and property damage.

16. ENTIRE CONTRACT; APPROVAL OF SUBCONTRACTORS

This Contract, including the documents incorporated by reference herein, sets forth the entire Contract between the parties with respect to the accomplishment of the Work. The Village reserves the right to approve the use of subcontractors to complete any portion of the Work and to approve any applicable contract between the Contractor and a proposed subcontractor to perform any of the Work. This Contract shall be binding upon the parties and upon their respective heirs, executors, administrators, personal representatives, successors, and assigns, except as herein provided.

17. INDEPENDENT CONTRACTOR

The Contractor shall prominently post the current schedule of prevailing wages at the Project site(s) and shall notify immediately in writing all of its subcontractors of all changes in the schedule of prevailing wages. Any increases in costs to the Contractor due to changes in the prevailing rate of wage during the terms of any Contract shall be at the sole expense of the Contractor and not at the expense of the Village, and shall not result in an increase to the Contract Price. The Contractor shall be solely responsible to maintain accurate records as required by the Act and shall submit certified payroll records to the Village evidencing its compliance with the Act on no less than a monthly basis as required by the Act. The Contractor shall be solely liable for paying the difference between prevailing wages and any wages actually received by laborers, workmen and/or mechanics engaged in the Work for the Project. Any future construction contract entered into between the Parties may include pricing adjustments attributable to prevailing wage increases occurring after execution of this Agreement.

The Contractor shall indemnify, hold harmless, and defend the Village, its officers, officials, employees, agents and volunteers (“Indemnified Parties”) against all regulatory actions, complaints, damages, claims, suits, liabilities, liens, judgments, costs and expenses, including reasonable attorneys’ fees, which may in any way arise from or accrue against the Indemnified Parties as a consequence of noncompliance with the Act or which may in any way result therefrom, including a complaint by the Illinois Department of Labor under Section 4(a-3) of the Act, 820 ILCS 130/4(a-3) that any or all of the Indemnified Parties violated the Act by failing to give proper notice to the Grantee or any other party performing work on the Public Improvements that not less than the prevailing rate of wages shall be paid to all laborers, workers and mechanics performing Work on the Project, including interest, penalties or fines under Section 4(a-3). The indemnification obligations of this section on the part of the Contractor shall survive the termination or expiration of this Agreement. No failure of either Party to exercise any power given to it hereunder or to insist upon strict compliance by the other Party with its obligations hereunder, and no custom or practice of the parties at variance with the terms hereof, nor any payment under this Contract shall constitute a waiver of either Party's right to demand exact compliance with the terms hereof.

The Contractor shall provide any and all responsive documents to the Village pursuant to a FOIA request at no cost to the Village.

25. COUNTERPARTS; FACSIMILE OR PDF/EMAIL SIGNATURES

This Contract may be executed in counterparts, each of which shall be considered an original and together shall be one and the same Contract. A facsimile or pdf/email copy of this Contract and any signatures thereon will be considered for all purposes as an original.

26. CERTIFIED PAYROLL

The Contractor is an equal opportunity employer and the requirements of 44 Ill. Adm. Code 750 APPENDIX A and Chapter 13 (“Human Rights”) of the Oak Park Village Code are incorporated herein by reference.

The Contractor shall not discriminate against any employee or applicant for employment because of race, sex, gender identity, gender expression, color, religion, ancestry, national origin, veteran status, sexual orientation, age, marital status, familial status, source of income, disability, housing status, military discharge status, or order of protection status or physical or mental disabilities that do not impair ability to work, and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization. The Contractor shall comply with all requirements of Chapter 13 (“Human Rights”) of the Oak Park Village Code.

In the event of the Contractor's noncompliance with any provision of Chapter 13 ("Human Rights") of the Oak Park Village Code, the Illinois Human Rights Act or any other applicable law, the Contractor may be declared non-responsible and therefore ineligible for future Agreements or subcontracts with the Village, and the Agreement may be cancelled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation.

In all solicitations or advertisements for employees placed by it on its behalf, the Contractor shall state that all applicants will be afforded equal opportunity without discrimination because of race, sex, gender identity, gender expression, color, religion, ancestry, national origin, veteran status, sexual orientation, age, marital status, familial status, source of income, disability, housing status, military discharge status, or order of protection status or physical or mental disabilities that do not impair ability to work.
