Furthermore, should the Contractor request that the Village utilize a lawful exemption under FOIA in relation to any FOIA request thereby denying that request, the Contractor shall pay all costs connected therewith (such as reasonable attorney's and witness fees, filing fees, and any other expenses) to defend the

12. SAVINGS CLAUSE.

12.1. If any provision of this Agreement, or the application of such provision, shall be rendered or declared invalid by a court of competent jurisdiction, or by reason of its requiring any steps, actions or results, the remaining parts or portions of this Agreement shall remain in full force and effect.

In the event that the Contractor provides services to a public or private entity or person, the Village, at its sole discretion, may determine that such services conflict with a service to be provided to the Village by Contractor, and the Village may select another civil engineer and/or land surveyor to provide such services as the Village deems appropriate.

14. THE VILLAGE'S REMEDIES.

14.1. If it should appear at any time prior to any payment that the Contractor has failed or refused to prosecute, or has delayed in the prosecution of, the Services to be provided pursuant to this Agreement with diligence at a rate that assures completion of the Services in full compliance with the requirements of this Agreement, or has attempted to assign this Agreement or the Contractor's rights under this Agreement, either in whole or in part, or has falsely made any representation or warranty, or has otherwise failed, refused, or delayed to perform or satisfy any other requirement of this Agreement or has failed to pay its debts as they come due ("Event of Default"), and has failed to cure, or has reasonably commenced to cure any such Event of Default within fifteen (15) business days after Contractor's receipt of written notice of such Event of Default, then the Village shall have the right, at its election and without prejudice to any other remedies provided by law or equity, to pursue any one or more of the following remedies:

14.1.1. The Village may require the Contractor, within such reasonable time as may be fixed by the Village, to complete or correct all or any part of the services that are defective, damaged, flawed, unsuitable, nonconforming, or incomplete and to take any or all other action necessary to bring Contractor and the services into compliance with this Agreement;

14.1.2. The Village may accept the defective, damaged, flawed, unsuitable, nonconforming, incomplete, or dilatory services or part thereof and make an equitable reduction in the applicable payment;

14.1.3. The Village may terminate this Agreement without liability for further payment of amounts due or to become due under this Agreement except for amounts due for services properly performed prior to termination;

14.1.4. Continuous Growth Through Education

Training and education is a staple in the growth of O'Hare Towing Service.

Our crew goes through rigorous training when starting at O'Hare Towing. Each operator is expected to pass the Level 1 Towing and Recovery Association of America (TRAA) exam within 90 days of employment. Multiple operators at O'Hare have also completed both level 2 and level 3 certifications for the TRAA as well as attending other courses, seminars and lectures across the country to further expand their knowledge in towing and recovery. New laws also have these operators attending local Traffic Incident Management (TIM) courses as well.

Our owner, Bill, is greatly invested in the development of all our employees here and across the nation. He currently sits not only as a board member of our local state organization, The Professional Towing and Recovery Operators of Illinois (PTROI) but also sits as President of the Towing and Recovery Hall of Fame and Museum located in Chattanooga, Tennessee and as a Director for Tow Times Publication, our industry's monthly magazine. Along with this, Bill is highly certified with over 36 years of experience and years of attending and leading training courses and seminars. Below is a list of several certifications he holds:

- Certified TRAA Levels 1, 2 and 3. Also is an examiner for Level 3 certification.
- Certified Aircraft Recovery Operator
- Certified Highway Watch Driver
- Certified Emergency Traffic Control for Emergency Responder
- Certified MABAS Division 16 Instructor (local fire departments)
- Certified Crosby Recovery Rigger
- Certified Rotator Trainer from Miller Industries in Chattanooga, TN
- Certified M.O.R.A.T. Tanker Recovery Responder (Mobil Oil)
- Certified Wreckmaster Level 2/3

Along with these certifications, Bill has also been recognized as the American Towman of the Year in 2012 and in 2008 Bill and his wife, Marci, were awarded the TRAA National Citizenship Award for their contributions to the Towing and Recovery Industry. Bill also received the American Towman Medal of Honor for his bravery in 2004 by putting himself in danger in order to hook and secure a slab of concrete over a pinned car with patrons trapped inside. Bill, Marci and Katie Gratziana are all large supporters and advocates for the Slow Down, Move Over law which protects law enforcement officers and tow truck operators on the side of the road.

Not only is training and education a key role in the O'Hare Towing organization but background testing also plays a factor when hiring new employees. All of our staff is thoroughly background tested prior to joining our team. We understand the role our operators play in your community and we work to make sure O'Hare Towing is continually growing to provide a top notch service to all of our customers.

To Whom It May Concern:

The Cook County Sheriff's Police Department utilizes O'Hare Towing as one of its towing vendors for emergency towing services. They are requested for emergency incidents such as crashes, roadway lane blockage, arrest and other incidents in which vehicles are involved. As a government agency, the Cook County Sheriff's Police Department requires its vendors to have a rapid response time, ideally within 20 minutes upon being requested. At this time, O'Hare Towing has always met the needs and requirements of our department.

Should you have any questions or concerns regarding our involvement with O'Hare Towing, please feel free to contact me.

O'Hare Towing Service

O'Hare Towing Service has been an authorized tow service provider for the Illinois State Police District Chicago for over twenty two years and to the Illinois State Police District 3 well before then. O'Hare Towing Service is the primary tow company for light duty tows on Interstate 290 from Mannheim Road to Saint Charles, and the primary tow company for full recoveries and heavy duty tows on Interstate 90 from Montrose Avenue to O'Hare Airport and on Interstate 290 from Harlem Avenue to Saint Charles Road, covering over 17 miles. O'Hare Towing Service has always provided exceptional, safe and timely service to everyone they have come in contact with on a 365 day, 7 days a week, 24 hours a day basis. During my time as the Vehicle Identification Bureau Supervisor, O'Hare Towing Service is one of several companies I highly recommend to other tow establishments to follow, due to their dedication to service, constant professionalism and innovativeness.

Sincerely,
