able to certify that it continues to meet all requirements, it shall provide a detailed explanation of the circumstances leading to the change in certification status.

Award of Agreement

The Agreement will be awarded in whole or in part to the responsible Bidder or Bidders whose bids, conforming to the request for bids, will be most advantageous to the Village; price and other factors considered.

Costs of Preparation

The Village will not be responsible for any expenses incurred in preparing and submitting a Bid or entering into the applicable Agreement.

Taxes not Applicable

The Village of Oak Park as an Illinois municipality pays neither Illinois Sales Tax nor Federal Excise Tax. Contractors should exclude these taxes from their prices.

Withdrawal of Bids:

Any Contractor may withdraw its Bid at any time prior to the time specified in the advertisement as the closing time for the receipt of Bids, by signing a request therefore. No Contractor may withdraw or cancel its Bid for a period of sixty (60) calendar days after the advertised closing time for the receipt of Bids. The successful Contractor may not withdraw or cancel its Bid after having been notified that the Bid was accepted by the Village Board of Trustees.

Investigation of Contractors

The Village will make such investigations as are necessary to determine the ability of the Contractor to fulfill Bid requirements. If requested, the Contractor should be prepared to present evidence to the Village of Oak Park of ability and possession of necessary facilities and financial resources to comply with the terms of the attached specifications and Bids. Governing Law

All agreements entered into by the Village of Oak Park are governed by the laws of the State of Illinois without regard to conflicts of law. Any action brought to enforce an agreement with the Village of Oak Park must be brought in the state and federal courts located in Cook County, Illinois.

Subletting of Agreement

No agreement awarded by the Village of Oak Park shall be assigned or any part sub-agreement without the written consent of the Village of Oak Park or as noted in the Contractor's Bid. In no case shall such consent relieve the Contractor from its obligations or change the terms of the Agreement.

Interpretation of Agreement Documents:

Any Contractor with a question about this Bid may request an interpretation thereof from the Village. If the Village changes the Bid, either by clarifying it or by changing the specifications, the Village will issue a written addendum, and will mail a copy of the addendum to all prospective Contractors. The Village will not assume responsibility for receipt of such addendum. In all cases, it will be the Contractor's responsibility to obtain all addenda issued. Contractors will provide written acknowledgment of receipt of each addendum issued with the Bid submission.

connection with the Contract Documents. Such bond shall be on the attached form in Section XII, shall be issued by a surety satisfactory to the Village, and shall name the Village as a primary co-obligee. The Contract shall become a part of the Contract Documents. The failure of Contractor to supply the required Contract Bond within ten (10) days after the Notice of Award or within such extended period as the Village may grant if the Contract Bond does not meet its approval shall constitute a default, and the Village may either award the Contract to the next lowest responsible proposer or re-advertise for proposals. A charge against the defaulting Bidder may be made for the difference between the amount of the Contractor's Proposal and the amount for which a contract for the work is subsequently executed, irrespective of whether the amount thus due exceeds the amount of the bid guarantee.

Fees and Cost

In the event any action is brought to enforce any agreement entered into by the Village of Oak Park, or to collect any unpaid amount from the Village of Oak Park, each party bears the responsibility of paying its own attorneys' fees and costs.

SECTION III GENERAL SPECIFICATIONS

Scope of Work

The Village is seeking Bids from qualified contractors to provide Village Wide Street Sweeping which is approximately 105 miles of streets (or approximately 210 curb miles). Included is the responsibility for sweeping Main Arterials and Residential streets. Also, within the Village are twelve (12) separate Business District areas which require regular sweeping. In addition, there are many parking restrictions in certain areas which allow for regular street sweeping. There are also several events that occur in the Village that will require sweeping.

Primarily, the sweeping is to be done overnight (generally between 10:00 p.m. and 7:00 a.m., Monday thru Friday) when the streets are free of parked cars. There are certain areas that have parking at all times except as noted below.

Street Sweeping is generally done between the end of March and Mid October, depending on weather conditions. Sweeping may occur at other times as necessary.

The twelve (12) Business District areas will be required to be swept approximately twice (2X) per month during the time period noted above. These areas are highlighted on the attached map.

The Main Arterials as shown on the map will be required to be swept approximately twice (2X) per month during the time period noted above. The bidder shall also be responsible for sweeping the area as noted on the attached map adjacent to the Mohr Concrete plant (Harlem & Garfield) twice (2X) times per month when the main arterials are swept. This work shall be included in the cost for other sweeping activities.

The remaining areas are considered as Residential streets and will be required to be swept eight (8) times throughout the year, approximately once per month.

As noted above, there are many parking restrictions that are in effect that will allow for regular street sweeping. These restrictions vary during the day of the week (generally Tuesday or Wednesday) and the time of day (generally 8:00 a.m. – 10:00 a.m., 10:00 a.m. – 12:00 p.m., 1:00 p.m. – 3:00 p.m. and 4:00 p.m. – 5:00 p.m.). The bidder is expected to examine the attached map, which shows the specific restrictions and locations, and will be required to include the sweeping of these areas as part of the Business District, Main Arterial and Residential sweeping. The cost for this work shall be paid for as part of the sweeping of the noted area. At a minimum these areas shall be swept at least twice (2X) per month during the time period noted above.

The Village and the bidder shall meet prior to commencement of the work to determine a schedule for this work. The schedule is subject to change due to weather conditions or other priorities. In addition, the bidder may be required to sweep certain streets during periods of heavy tree seeds falling or storm damage.

The bidder should also take note of the various medians that exist on certain streets. The median curbs are also to be swept during the frequency as noted for the specific area.

The bidder is also expected to pay close attention to debris that accumulates on the curb drains. The bidders shall make every reasonable effort to see that the drains are clear of debris to allow for the free flow of storm water into the drain.

Payment for STREET SWEEPING shall be paid for by each specific area that is swept at the amount as bid for each time. Additional services will be paid for at the bidders cost per hour for each street sweeping unit.

Disposal of Material:

The Village will provide a location for dumping of the debris from the sweeping. Such location will be accessible at all times (with a gate opener provided to the bidder). The debris will be dumped into dumpsters that will be emptied regularly. The bidder shall keep in contact with Village staff to advise when the dumpsters need to be emptied. In general, the dumpsters will be located at the Central Pumping Station, 102 N. Lombard Ave. This area is to be enclosed at all times as the pumping station is a secured facility. The bidder shall be aware that there are neighboring residential areas so noise should be kept to a minimum, especially during the overnight hours.

There may be times where the dumping location needs to be moved or an additional location needs to be added. The Village will determine the specific locations and needs.

During the time when the Village has the annual Leaf Pick Program in effect the bidder will not be required to dump the debris in the dumpsters provided. The Village operates the leaf pickup program by allowing residents to rake their leaves in to the street. The leaves are then pushed into piles where they are then picked up by another contractor. Leaves can be dumped at locations at the end of the blocks where the leaf piles have been created. During this period the bidder may be requested to work in certain areas on a weekly basis.

Leaf Pickup Program:

The Village operates the Leaf Pickup program for eight weeks starting in late October and finishing the week after Thanksgiving. The Bidder will be required to provide two (2) sweepers near the end of this program (generally, the last two (2) weeks) to sweep in the area where the leaves have just been pushed. Sweeping will start approximately two hours after the leaf pushers start. Leaf pushers start at approximately midnight for four (4) nights a week. Sweeping will continue until the area that has been pushed has been swept. The Village is broken into four sections, with one section being completed in a night beginning on Sunday night.

During the leaf Pickup program, the Business Districts, Main Arterials and Residential streets will not be swept except as noted above.

This work will be paid for per hour for each sweeper plus operator for LEAF PROGRAM SWEEPING. The quantity of hours as noted on the Bid Form allows for two weeks of two sweepers, as noted above, plus an additional week of one sweeper, in the event it is needed.

Equipment Requirements:

The Village currently utilizes "Elgin Pelican Sweeping" units. The Bidder shall use this type of equipment (or Equal). The Bidder shall state the type of sweeping unit it proposes to use and it shall be approved by the Village. Vacuum units will not be allowed.

Responsibility of Contractor

The selected contractor shall furnish all labor, supervision, tools, equipment, materials and supplies, and other means necessary for performing and completing the work, except debris hauling, and shall obtain and pay for any required permits.

The contractor is reminded that their employees are an extension of the Villages workforce and they are to work in courteous and respectful manner. Inappropriate behavior or examples of unproductive work effort will not be tolerated. The Village has the right to require a contractor's employee to be immediately removed from the work crew if the above behavior is exhibited.

Extent of Services

Contract season is weather dependent but will run from September 2016 through August 2017 (12 months). The Village reserves the right to award the contract to the lowest responsible bidder.

Project Coordination

The Bidder shall submit, in writing, the name, address and all telephone numbers of the persons in their organization to whom instructions shall be given by Public Works staff for this operation. Two (2) Emergency phone numbers shall also be provided which will provide 24-hour accessibility. One designated supervisor in the bidder's organization shall be available during operations to respond to concerns or issues.

1. Property Damage:

The Bidder shall take great care to avoid damaging adjacent landscaping (trees, shrubs, turf, etc.). Bidder shall be held responsible for all damage to property including, but not limited to, existing landscaping including turf, planters, bicycle racks, litter containers, light and traffic signal poles, parking meters, fire hydrants, curbs, vehicles, buildings and structures, etc. All damage will be the responsibility of the Bidder to repair to its original condition and to the satisfaction of the Village.

2. Idling of Equipment:

The Department of Public Works has a "No Idling" policy. A copy of the policy is available from the Department of Public Works if needed. The bidder is expected

to adhere to this policy as they are an extension of the Public Works Department staff.

3. Periodic Inspection:

Upon Request the contractor must provide the location of crews working within the village. The Street Superintendent or his representative will periodically inspect the work and will always be available should any problems arise. The Street Supervisor or Superintendent can be contacted at 708-358-5700.

4. Accident Prevention:

The bidder shall exercise every precaution at all times for the protection of the persons and properties. The safety provisions of all applicable laws and ordinances shall be strictly observed. Any practice obviously hazardous in the opinion of the Street Superintendent or authorized representative shall be immediately discontinued by the bidder upon their receipt of instructions from the Street Superintendent, or authorized representative, to discontinue such practice.

The bidder shall abide by all applicable laws, standards, and regulations that apply to the completion of the work, including EPA and OSHA safety standards and regulations.

5. Reporting:

The bidder is responsible for keeping the Village updated on its work on a regular basis. The Village requires that the bidder provide a proposed and actual work schedule if and when requested. These records must be turned into the Street Superintendent's office or emailed when requested. The report will include the proposed work to be completed in the village for the week and an actual work completed report for the previous weeks if requested.

6. Motorized Equipment:

Under no circumstances shall any motorized equipment be permitted to be driven on the private property or driveways without prior authorization from the resident and the Street Superintendent while performing work under the provisions of this contract. Plywood or other support or protection must be placed on the parkway and/or private property prior to operating or parking vehicles or equipment on or over such property or other support or protection must be placed on the private property prior to operating or parking vehicles or equipment on or over private property.

7. Parking:

No off-street parking for equipment shall be provided for by the Village of Oak Park on any of the Village's public properties except as may be designated by the Street Supervisor or Superintendent.

Locations and Quantities of Work

The quantities are estimated quantities. The Village of Oak Park reserves the right to vary from estimated quantities based on possible inclusion of areas not listed or exclusion listed areas.

Licenses

The Contractor shall be responsible for becoming a licensed Contractor with the Village. The Village will issue any necessary permits for this work at no fee.

Alterations, Omissions and Extra Work

The Village of Oak Park reserves the right to increase or decrease the quantity of any item or portion of the work, or to omit portions of the work as may be deemed necessary.

Method of Payment

The Village of Oak Park will pay monthly, all undisputed of invoices within 30 days of approval as provided in the Local Government Prompt Payment Act, 50 ILCS505/4. The maximum interest rate for any payment not made within 30 days of approval is 1%.

Change Orders

Change Orders: Changes in the Work may be agreed to after execution of the Agreement, and without invalidating the Agreement, if the Change Order is in writing and signed. Any changes to the scope of work which result in an increase in the agreement price will be subject to an agreement addendum which must be signed by both parties. Any such Change Order will be prepared by the Village. The Contractor may only proceed with the Change upon receipt of the written Change Order signed by the Village.

Emergency Changes: Contractor may perform work not included in the Scope of Work if necessary to remedy a condition that poses an immediate threat to persons or property. Work of this nature shall be carried out only to the extent of bringing the condition under control. The Village shall be notified immediately. A Change Order will then be negotiated and executed for the work performed, and for work remaining, if any.

Minor Changes (Field Orders): The Village may verbally authorize minor changes in the Scope of Work in order to prevent a delay in the progression of the Work. These field orders may not involve a change in the agreement price or be inconsistent with the Scope of Work.

Changes Due to Unknown Conditions: The Contractor is not responsible for Changes in the Work that are due to conditions that were not reasonably observable or conditions that have changed. In such cases, the Contractor shall notify the Village and a Change Order will be negotiated.

Any Change which results in a total agreement price in excess of \$10,000.00 must be approved by the Village of Oak Park Board of Trustees.

Correction of Work Prior To Final Payment

The Village has the right to stop work if the Contractor fails to carry out the work in a manner acceptable to the Village. If the Village deems the Contractor's work unacceptable, at the Village's election, the Contractor shall do one of the following:

1. Promptly repair or replace the defective work, without expense to the Village, including costs associated with repairing any damage to property caused by the replacement work; or;
2. If the Village deems it unacceptable to have the Contractor correct work which has been incorrectly done, a deduction from the agreement price shall be made based on the costs to the Village to have the work repaired. Such a deduction from the agreement price shall in no way affect the Village's other remedies or relieve the Contractor from responsibility for defects and related damage occurring as a result of defective or unacceptable work.

Bidder's Representative

The bidder shall have at all times a competent foreman or superintendent on the job that shall have full authority to act for the bidder, and to receive and execute orders from the Director of Public Works or appointed representative. Any instructions given to such superintendent or person executing work for the bidder shall be binding on the bidder as though given to him personally. 5. PAYMENT SCHEDULE

The Contractor shall, as a condition precedent to its right to receive any payment, submit to the Village an application for payment and such receipts, vouchers, and other documents as may be necessary to establish the Contractor's payment for all labor and material and the absence of any interest whether in the nature of a lien or otherwise of any party in any property, work, or fund with respect to the Work performed hereunder. Such documents shall include, where relevant, the following forms, copies of which are attached hereto:
