## **II. BACKGROUND INFORMATION**

The Village of Oak Park is a full-service home rule municipal corporation located in Cook County, Illinois. Oak Park is a thriving, transit-oriented community with a population of 54,583 located immediately west of the City of Chicago and known for its great neighborhoods, architectural heritage and innovative public policy initiatives. Within its 4.5 square miles live one of the region's most diverse mixes of cultures, races, ethnicities, professions, lifestyles, religions, ages and incomes. Oak Park shares its eastern border with the City of Chicago and is adjacent to the Austin neighborhood. Oak Park borders the community of Galewood within the City of Chicago to the north, the City of Chicago's Austin community to the east, the Villages of River Forest and Forest Park to the west and the City of Berwyn and the Town of Cicero to the south. Both Oak Park and its surrounding communities and neighborhoods are 100% built-out; yet feature tremendous opportunity for infill and reinvestment capitalizing on significant existing public infrastructure, including public transit amenities.

The Village of Oak Park's current Zoning Ordinance was comprehensively modernized and reorganized by Camiros LTD, a zoning and planning firm, who managed the two-year long extensive reevaluation process. The Zoning Ordinance was adopted by the Village Board on September 18, 2017. The Zoning Ordinance has been amended from time-to-time in relatively minor ways. In a built-out community such as Oak Park, the basic development pattern was

set almost 100 years ago. In addition, about one-third of the Village is located within our three Historic Districts which do not easily accommodate large development changes.

The present Zoning Ordinance represents an evolutionary balance of community interests. Zoning is an implementation tool, not a policy guide. The Zoning Ordinance should not be confused with the Comprehensive Plan (updated in 2014), which is a policy guide for the physical and social development of the Village. Zoning can serve as both a regulatory tool and an incentive for new development. Traditionally, zoning has been used to protect land values. More recently, communities have used zoning as a development incentive to attract new investment that otherwise may not have come to the community.

The current Zoning Ordinance was established with the following purposes:

- To promote and protect the public health, safety, and welfare.
- To secure adequate light, air, privacy, and convenience of access to property.
- To promote the orderly development of Oak Park in accordance with the Comprehensive Plan.
- To protect the character and maintain the stability of the Village's residential and non-residential areas.
- To conserve the values of property throughout the Village and to protect the character and stability of the residential, business and industrial areas.
- To lessen or avoid congestion in the public streets and highways in the Village.
- To classify, regulate and restrict the location and use of buildings, structures, and land for trade, industrial, residential and other uses, and to regulate and restrict the intensity of such uses.
- To divide the Village into zoning districts, according to use of land and structures, height and bulk of structures, intensity of use of the lot, or other classification, as deemed best suited to carry out the purposes of this Ordinance.
- To set reasonable standards to which structures must conform.
- To prohibit uses or structures incompatible with the character of development within specified zoning districts.
- To protect against fire, explosions, noxious fumes, and other dangers.
- To provide for the gradual elimination of nonconformities.
- To define and limit the powers and duties of the administrative officers and bodies as provided in the Zoning Ordinance.
- To prescribe penalties for the violation of and methods for the enforcement of the provisions of this Ordinance.

The Village adopted the [Strategic Vision for Housing Plan](#) "Plan" on April 11, 2024, after two years of working with the Metropolitan Mayors Caucus, contractors, stakeholders, and the community on developing the Plan. The Plan identifies ten (10) long-term aspirational goals and nine (9) strategies to achieve those goals. Proposals should illustrate technical knowledge and community engagement when proposing how best to implement these strategies.

On June 28, 2024, staff was notified they were selected to participate in the Missing Middle Housing Peer Network and Assistance Program through the Metropolitan Mayors Caucus and Optics Design. This yearlong project brings seventeen (17) communities together and discuss

challenges and successes related to Missing Middle and receive tailored support and expertise. On July 23, 2024, staff presented on general Missing Middle concepts to the Village Board, seeking feedback. The Village Board expressed interest in expediting the implementation of the Strategic Vision for Housing Plan and reviewing all nine (9) strategies within the plan comprehensively and simultaneously. On December 3, 2024, the Village Board authorized \$200,000 in FY25 within the Development Services Department for external support associated with implementing the Plan.

A. Contract Term: The contract period commences on the date the Agreement in substantially the form attached, is fully executed and will end when the services are completed.

B. Authorization: The contractor will enter into the Agreement in substantially the form attached as approved and authorized by the Village of Oak Park Board of Trustees, and executed by the Village Manager. The contractor is advised that Village staff, other than the Village Manager, have no authority to sign agreements or modify existing agreements on behalf of the Village and that any such agreements are null and void.

C. Termination for Non-appropriation of Funds: The Village reserves the right to terminate the Agreement if the Village's Board of Trustees fails to appropriate funds for the services to be provided under the Agreement. All funds for payments after December 31st of the current fiscal year are subject to Village appropriation for this purpose.

D. Subcontracting: The contractor shall not assign or subcontract any portion of the services to be provided without the written approval of the Village. The contractor assumes responsibility for the performance of any services by subcontractors, whether or not authorized. All reports, data, information, etc., prepared or assembled by the contractor shall not be made available to any individual or organization other than the Village of Oak Park.

### **IV. ENGAGEMENT OBJECTIVES AND PROPOSAL EVALUATIONS**

The contract engagement objectives are based in a need to comprehensively and simultaneously review interconnected parking regulations, housing policies, housing incentives, and zoning requirements related to achieving the Strategic Vision for Housing Plan. These objectives may be summarized by the following: 1) community educational components

regarding the historical aspects of the intersection of zoning and racial equity, 2) balancing the goals of housing with market and construction realities, 3) balance the goals of historic preservation and housing affordability and economic vitality, 4) balance the goals for affordable housing, community character and parking regulations, 5) suggest programmatic and policy recommendations to compliment these goals, and 6) update the zoning map and ordinance to achieve the right regulatory requirements to allow and encourage missing middle housing and appropriate density in business districts.

Proposals will be evaluated based on how well the contractor illustrates technical abilities, understands the context of the Oak Park community, and demonstrates a history of successfully engaging and informing diverse communities in innovative ways. The Village may give preference to proposals from M/W/DBE contractors. Additionally, the proposals should illustrate the ability of the contractor to work with the Village to achieve the following:

- A. Illustrate how community engagement activities and final recommendations will exemplify the Village's values of Racial Equity and Community Affordability;
- B. Outline effective and data-driven approaches to studying and implementing the Strategic Vision for Housing Plan strategies;
- C. Propose updates to the Zoning Map and Ordinance in a way that acknowledges and attempts to address the inherent historical negative impacts in zoning's history across the nation to minority groups of races, genders, and socioeconomic groups (e.g. redlining);
- D. Review parking regulations and balance the need for parking with the need for housing by reviewing parking holistically and with an understanding of its impact on land value, development, and sustainability;
- E. Provide innovative and practical zoning changes which support Climate Ready goals within the Village's housing stock;
- F. Demonstrate a deep understanding of market realities and propose recommendations for policies and regulations in line with the current and future housing development market; and
- G. Demonstrate consideration given to balancing the desire to preserve architecturally significant sites and historic districts with economic vitality and housing goals.

#### **Additional Optional Metrics for Evaluation of Submittals**

Contractors responding to this RFP may demonstrate the following for additional credit and recognition:

- 1. Experience in preparing municipal zoning ordinances.
- 2. Experience in building community consensus.
- 3. Strong graphic skills.
- 4. Strong skills in written and oral communication.

5. Experience in identifying, evaluating, codifying, and explaining the essential qualities of community design and character.
6. Experience in writing or implementing municipal zoning ordinances.

## V. PROPOSAL SUBMITTALS/STATEMENT OF WORK TO BE PERFORMED

The Oak Park Zoning Ordinance update is guided by the Village Board's core values and guiding principles: Community-Centered in our Thinking, Fiscally Responsible with our Public Resources, Build Trust through Respectful Dialogue and Board Actions, Transparent and Accountable to the Community, We Engage and Collaborate with the Community and Partners, Focused on Equity, Innovation and Sustainability. Based on these values, the Village Board developed Goals, Priorities, Key Projects and Initiatives that outline six (6) strategic priorities: Community Affordability, Community Health and Safety, Racial Equity, Vibrant Diverse and Connected Neighborhoods, Sustainability and Resiliency, and Economic Vitality.

The Zoning Ordinance and Map update must be designed to meet the individual and specific needs of the Village. The contractor shall provide a rationale for which topics would be necessary or preferred for this document and the depth of detail warranted for each component given the complexities of the community.

The Village estimates that this project will take approximately six to eight months to complete once the contractor is selected.

### 1. Initial Review and Analysis

- a. **Interviews.** The Contractor will interview appropriate stakeholders involved with the project. These interviews will include groups and individuals which may include elected officials, appointed officials, nonprofit organization leaders, property owners, Village commissions, neighborhood representatives, local business owners, developers, business organizations, and municipal staff. In addition to stakeholder interviews, it is anticipated that the community may be divided into subareas as determined by municipal staff for public meetings in order to ensure effective communication with the community at-large.
- b. **Site Analysis.** The Contractor will become familiar with the physical and socioeconomic details of the community and its historic patterns of development, environment, zoning, planning and architecture.
- c. **Media coverage.** The Contractor will participate in a press conference or conferences with local officials and draft press releases and/or social media content to inform the local citizenry about the efforts to be undertaken in coordination with the Communications Department.
- d. **Website.** The Contractor will host the project website and the Village of Oak Park will provide a link on their website, potentially working with the Village's communication team and resources on [Engage Oak Park](#). As municipal officials deem appropriate, the Contractor will provide materials including text,

photographs, maps, renderings, and other images for the website. This material will describe the Contractor's credentials and help explain the project's process and schedule.

## 2. Public Process

- a. ***Generate necessary background information.*** The Village of Oak Park will provide all available maps or community-wide information as needed by the Contractor. These documents will be used to produce the maps, graphs, and general data that will be used during and for the preparation of the Plan.
- b. ***Community Meetings.*** The Contractor will organize and lead, at a minimum four (4) workshops or meetings to engage the community, gather information, and formulate strategies. The Contractor will tailor the workshops or meetings to obtain maximum community input so as to produce the best possible information on which to base the project. The format will also take into consideration the findings of the initial site analysis, input from staff, and information obtained at previous meetings, workshops, and interviews. At the conclusion of the workshops or meetings, the Contractor will present the work generated to-date Staff and/or Steering Committee. Ideas that reflect those articulated in the workshops or meetings will be publicly presented and further feedback may be solicited from the community.
- c. ***Project Steering Committee Meetings or Plan Commission.*** The Contractor will organize and lead at least one monthly meeting. The Committee or Commission will be created to guide the activities of the Contractor throughout the planning process for the Zoning Ordinance revision/update. In addition to providing input to both the Contractor and the Village Board of Trustees, the Committee/Commission will determine the general form and content of the public participation events and work products. It is important to understand that the final decisions of the project lie with the Village Board of Trustees, and the Committee/Commission is being asked to serve in an advisory role.

At the monthly meetings, the Contractor will provide full project status reports and receive guidance and direction on the conduct of the public participation events and work products. Accordingly, staff and/or the Steering Committee will be composed of stakeholders in the community who have the time and interest to dedicate to this critical work. All community stakeholders will have several opportunities to participate in the project to make their views known and influence the final findings and recommendations at the many public involvement events.

If a Steering Committee is formed, it shall reflect various interest groups within the community, and the size of the group should be kept to a manageable and functional number. Given the number of diverse standing committees/commissions already established by the Village that also may have decision making/recommending responsibilities for aspects of the process or its implementation, each of these will have representation along with key stakeholders located within the study area.

Presentations and updates to the Village Board will be scheduled periodically throughout the update process as determined necessary by Village Staff.

- e. ***Final Presentations.*** The Contractor will provide presentations to the Plan Commission and more, if a committee is used, for public review prior to final presentation to the Village Board of Trustees.

### 3. Refining the Regulations

- a. ***Presentation of First Draft.*** The Contractor will present the first draft of the Zoning Ordinance update for the purpose of gathering comments. Copies of the first draft will need to be in hardcopy, digital form and posted on the website. The presentation may be made to a special audience, or may be presented before a joint gathering of municipal boards and commissions, as determined by the Village. This may include a separate but complimentary report with draft recommendations for policies, programs, or revisions to other parts of the Municipal Code related to this work.
- b. ***Presentation of the Second Draft.*** After making revisions in response to comments on the first draft, the Contractor will present the second draft of the Zoning Ordinance revision/update and reports at another meeting convened in the Village.
- c. ***Meetings with Stakeholders.*** The Contractor will attend and participate in additional meetings with key stakeholders to explain the details of the draft Zoning Ordinance and draft reports in order to obtain further input and comments.

### 4. Approval Process

- a. ***Public Hearing Presentations.*** The Contractor will make formal presentations to the Village of Oak Park's Plan Commission, possibly other Commissions and the Village Board of Trustees. In addition to their participation at these key decision points, the individual Trustees will also be strongly encouraged to participate in all of the public participation events to share their thoughts and insights as well to hear first-hand the thoughts and insights of their constituents.
- b. ***Additional Revisions.*** The Contractor will be responsible for at least two rounds of revisions to the Final Draft that may become necessary between presentations.

#### I. SUPPORT TEAM

The selected contractor will be expected to work with individuals representing the Village's Development Services Department, with support from the Neighborhood Services Department, the Communications Department, the Village Manager's Office and other key staff.

14.2. This Agreement shall not prohibit the Contractor from providing services to any other public or private entity or person. In the event that the Contractor provides Services to a public or private entity or person, the Village, at its sole discretion, may determine that such Services conflict with a service to be provided to the Village by Contractor, and the Village may select another contractor to provide such Services as the Village deems appropriate.
