XVI. Regular Agenda

- U. [ORD 18-403](#) Concur with the Zoning Board of Appeals' Recommendation and Adopt an Ordinance Granting a Special Use Permit to Construct a Multiple-Family Dwelling Building at 500-508 Lyman Avenue

Ruby Lacey. Ms. Lacey supports the project. However, she is looking for assurance that a safety fence will be installed during construction due to health concerns and her home will be protected from damage.

Rick Kuner. Mr. Kuner also supports the project but has concerns similar to Ms. Lacey regarding a safety fence to catch dust. He also expressed concern that although being

presented as a luxury property, he feels it is not.

Village Planner Craig Failor commented that the Madison Street Coalition reviewed the development prior to it going to the Zoning Board of Appeals (ZBA) and supports the project. The ZBA unanimously approved the application.

ZBA Chair Mike Quinn commented that this is the site of the failed Taco Bell proposal. This development is a reasonable transitional use between the single family homes to the south and commercial uses along Madison to the west. All required parking is on site. The developer has also agreed to put up a fence and work with the neighbors to address their concerns regarding construction dust and debris.

The applicant, President of Ambrosia Homes Tim Pomaville, described the project, which will be three stories with 23 units and 23 parking spaces.

Mr. Failor explained that the zoning requirement for that area is for commercial use on the first floor. This project is all residential, which is why the applicant has requested a Special Use Permit.

It was moved by Village Trustee Andrews, seconded by Village Trustee Tucker, that this Ordinance be adopted. The motion was approved. The roll call on the vote was as follows:

V. [ORD 18-410](#) An Ordinance Repealing and Deleting Chapter 17 ("Offenses"), Article 1 ("Identification of Specific Offenses"), Section 17-1-26 ("Begging") of the Oak Park Village Code

Village Manager Pavlicek stated that the Village Code has language regarding begging and panhandling that has been repeatedly challenged in the court system. The ordinance has not been enforced by the police for a number of years due to concerns regarding freedom of speech.

Village Trustee Moroney discussed "giving meters" and suggested that the Village try that approach rather than giving money directly to people who are panhandling. Money donated in the meters would then be collected by various charities who provide services to the homeless.

It was moved by Village Trustee Andrews, seconded by Village Trustee Tucker, that this Ordinance be adopted. The motion was approved. The roll call on the vote was as follows:

Director of Public Works John Wielebnicki described the project.

W. [MOT 18-387](#) A Motion to Receive a Report from the Taxing Bodies Efficiencies Task Force

Village Manager Pavlicek summarized the history of the Task Force. This report is the result of their meetings.

Village President Abu- Taleb commented that it has been one of the Board's goals to find ways to reduce or level out property taxes. He thanked the Task Force for their work.

David Yamashita. Mr. Yamashita thanked the Task Force members. However, he believes the referendum is misleading, as it only includes four of the six taxing bodies.

Dick McKinlay. Mr. McKinlay is impressed with the members of the Task Force. However, he has concerns regarding the consolidation issue. It is not an appropriate Village role to decide where the efficiencies apply regarding the other taxing bodies. A separate body should be created.

Task Force Chair David Pope thanked all who were involved with this process. He clarified that the mission of the Task Force was not to reduce services, but an effort to provide the services in the most efficient way. Their report explains where Oak Park is currently and how to shift onto a more sustainable path. He discussed some of the significant investments made in the Village and the tax levy increases versus the CPI. Home values have also increased; however, that is not necessarily shared over all parts of the community. The impacts of the property tax increase are disproportionate to different parts of the community. Those at the lower end of the income spectrum are impacted the most, but this issue is progressively affecting more and more of the community.

Mr. Pope stated the recommendations are broken into four sections; Budget Discipline, Efficient Delivery of Government Services, Referenda Discipline and Educate/Inform Voters and Elected Officials. Under Budget Discipline, they are proposing that every governmental jurisdiction limit their property tax increase to the CPI or less, constrain salary growth, prioritize spending, reduce excess fund balances, utilize common assumptions and metrics for planning and budgeting purposes across all jurisdictions and establish a citizen-led Community Financial Oversight Commission. Under Efficient Delivery of Government Services, they propose to evaluate the merging of the Village, the Township, the Library and the Park District and place an advisory jurisdictional consolidation referendum question on the November 2018 ballot. Mr. Pope heard comments and answered questions from the Board.

It was moved by Village Trustee Tucker, seconded by Village Trustee Andrews, to receive this Report. The motion was approved. The roll call on the vote was as follows:
