Oak Park Police Department

Attn: Commander Kellie Murphy

To Whom It May Concern,

Thank you for the opportunity to submit a proposal to service the Oak Park Police Department. Family owned since 1963, O'Hare Towing Service has strived to be a leader in the towing and recovery industry by providing the highest quality 24 hour emergency service. Since 1987, we have had the honor and privilege to be the sole towing provider for the Oak Park Police Department for light, medium and heavy duty towing and recoveries. In 34 years we understand the commitment and responsibility it takes to service the citizens of Oak Park. We look forward to the privilege of a continued partnership with the Village far into the future.

For 58 years, O'Hare Towing Service has been assisting multiple police departments and the communities they serve. We understand the importance and responsibility that come with these partnerships and are willing to do anything to provide your residents with the best possible services available to them. Beyond towing, we look to invest as much as we are able to the continued advancement of community services, such as donations of time and services to the Village of Oak Park, providing free tows on squad cars and other light duty Village owned vehicles, donations to local youth groups and teams, as well as donations of vehicles for the Oak Park Fire Department to practice extractions and do demonstrations with. We also donate vehicles for the High School's Students Against Drunk Driving Program (SADD). Anything we are able to assist with, we are more than happy to oblige, because we understand that the Village's prosperity and ours are mutually connected.

We also want to add that our current rates that were submitted and approved in 2018 will remain the same in this 2021 contract proposal. We felt that 2020 and now 2021 have been hard on everyone with COVID-19 and its restrictions, and anything we can do to help ease the burden that families are facing during this time is something that we take seriously and are happy to do.

I thank you again for the privilege of being the sole towing and recovery provider for the Village of Oak Park for so many years, and I thank you for the opportunity to renew our contract. My family and I look forward to providing this elite service to the Village of Oak Park for years to come, any questions please feel free to contact me at anytime.

For any additional tows required, the vehicle owner may be billed 1/2 the amount of a base tow. In instances such as the recovery of a stolen auto requiring evidence work where there is doubt as to whether a vehicle owner should be billed, the Contractor will check with the Police Chief or the Chief's designee to ascertain if a bill should be sent to the vehicle owner.

Vehicles impounded as evidence or requiring special handling such as for fingerprinting, photographing, or searches, shall not be removed or inspected by any person unless authorized to do so by the Chief of Police or the Chief's designee. No service or repair of any kind shall be performed on any impounded vehicle of the Village's Police Department. Further, no contract or order for service or repairs shall be entered into with the owner or his agent until such vehicle has been released by the Chief of Police or the Chief's designee.

Such property shall be released to the owner, or to another person set forth in 625 ILCS 5/4-203 with proof of the owner's authorization to do so, upon proof of identity and ownership. Additionally, any personal property belonging to a person other than the vehicle owner may be returned if that person provides adequate proof that the personal property belongs to that person. Property which is a component part of the vehicle such as a license plate, tire, etc. does not have to be returned to the vehicle owner until the Contractor has been compensated for its services or the owner signs over the title to the Contractor. No personal property shall be released to the owner or designee of a vehicle that has been impounded as evidence while the vehicle remains on an active "hold" status.

12. SAVINGS CLAUSE.

12.1. If any provision of this Agreement, or the application of such provision, shall be rendered or declared invalid by a court of competent jurisdiction, or by reason of its requiring any steps, actions or results, the remaining parts or portions of this Agreement shall remain in full force and effect.

13.2. This Agreement shall not prohibit the Contractor from providing engineering services to any other public or private entity or person. In the event that the Contractor provides services to a public or private entity or person, the Village, at its sole discretion, may determine that such services conflict with a service to be provided to the Village by Contractor, and the Village may select another civil engineer and/or land surveyor to provide such services as the Village deems appropriate.

14. THE VILLAGE'S REMEDIES.

14.1. Continuous Growth Through Education

Training and education is a staple in the growth of O'Hare Towing Service.

Our crew goes through rigorous training when starting at O'Hare Towing. Each operator is expected to pass the Level 1 Towing and Recovery Association of America (TRAA) exam within 90 days of employment. Multiple operators at O'Hare have also completed both level 2 and level 3 certifications for the TRAA as well as attending other courses, seminars and lectures across the country to further expand their knowledge in towing and recovery. New laws also have these operators attending local Traffic Incident Management (TIM) courses as well. The TRAA has also come out with an entry and advance test for a Dispatch certification that our crew is currently certifying with. Our dispatch team has also trained and been certified in STEEP training by TDR. Way, we have attached a letter from the owner and trainer at TDR regarding the training of our staff.

Our owner, Bill, is greatly invested in the development of all our employees here and across the nation. He currently sits not only as a board member of our local state organization, The Professional Towing and Recovery Operators of Illinois (PTROI) but also sits as President of the Towing and Recovery Hall of Fame and Museum located in Chattanooga, Tennessee and as a Director for Tow Times Publication, our industry's monthly magazine. Along with this, Bill is highly certified with over 39 years of experience and years of attending and leading training courses and seminars. Below is a list of several certifications he holds:

- Certified TRAA Levels 1, 2 and 3. Also is an examiner for Level 3 certification.
- Certified Aircraft Recovery Operator
- Certified Highway Watch Driver
- Certified Emergency Traffic Control for Emergency Responder
- Certified MABAS Division 16 Instructor (local fire departments)
- Certified Crosby Recovery Rigger
- Certified Rotator Trainer from Miller Industries in Chattanooga, TN
- Certified M.O.R.A.T. Tanker Recovery Responder (Mobil Oil)
- Certified Wreckmaster Level 2/3

Along with these certifications, Bill has also been recognized as the American Towman of the Year in 2012 and in 2008 Bill and his wife, Marci, were awarded the TRAA National Citizenship Award for their contributions to the Towing and Recovery Industry. Bill also received the American Towman Medal of Honor for his bravery in 2004 by putting himself in danger in order to hook and secure a slab of concrete over a pinned car with patrons trapped inside. Bill, Marci and Katie Gratziana are all large supporters and advocates for the Slow Down, Move Over law which protects law enforcement officers and tow truck operators on the side of the road.

Not only is training and education a key role in the O'Hare Towing organization but background testing also plays a factor when hiring new employees. All of our staff is thoroughly background tested prior to joining our team. We understand the role our operators play in your community and we work to make sure O'Hare Towing is continually growing to provide a top notch service to all of our customers.

The O'Hare management and ownership team believe's in training not only for themselves, but for their employees.

Dispatch has gone through my STEEP training, so that they answer the phone more professionally. This is a very detailed two day training that teaches people not only how to answer the phone, but how to manage themselves.

I also conducted a team building meeting, so that communications flowed better between drivers and dispatcher as well as communication between the whole team.

O'Hare Towing is a leader in the industry. It has been my pleasure to train and help this great company get better.

Sincerely,

MEMORANDUM

DATE: April 9, 2020

TO: All Towing and Recovery Companies

FROM: Steve Mednis – Illinois State Toll Highway Authority

RE: Appreciation

Good morning,

I hope this letter finds you and your family well. The vast majority of you are still going to work every day, responding to crashes, clearing scenes and saving lives. You are important and essential to the safety of our system. That doesn't and hasn't stopped because of COVID-19.

On behalf of the Illinois Tollway's Towing and Recovery Program and District 15 State Police, we would like to thank each and every one of you for remaining steadfast and diligent during this most difficult time. You are selflessly going out every day and performing your duties in a time of uncertainty and unpredictability when you respond to a crash, an EMS call, a fire, tow a wrecked vehicle, or set up traffic control. Whatever the task may be, you must take extra precautions so you do not become infected with COVID-19. You perform all of these tasks while many of us are fortunate enough to work from the safety of our home. We want to thank you again with gratitude for all that you do for the Illinois State Toll Highway Authority customers, Illinois State Police and Tollway Maintenance Department.

Please stay safe and healthy! Take extra precaution when dealing with the public, and hopefully we will soon be safely back to business as usual.

With our deepest respect,

Steve Mednis

To whom it may concern:

I am writing this letter as a letter of recommendation for consideration of using O'Hare Towing for your department's service needs.

The Woodridge Police Department has been contracted with O'Hare Towing since 2008. Currently in my position, I have been the towing administrator since 2017, working with O'Hare yearly on formulating the contracts and monitoring service throughout the year.

O'Hare Towing has always been one of the companies we can rely on when needed. They respond to the scene quickly, the drivers have expertise to handle the given situation, and the goal is always accomplished in a professional manner. During their time with Woodridge and during my timeframe working with them, we have never had any issues arise with any of their services.

O'Hare is also only one of two companies we use for heavy duty towing. When we are faced with these situations, they are ours and also many trucking companies number one choice, as we can be confident they will handle the situation presented to them.

In closing, we would highly recommend O'Hare towing for your contract towing service.

If there are any questions or you need to speak to me in person, please feel free to contact me at 630-719-6105.

To whom it may concern,

I am writing this letter today to talk about our relationship with O'Hare Towing Service.

I have been in the auto repair business with Auto Dealerships for 49 years.

Through out my career I can honestly say that O'hare Towing is the best service for towing and recovery than any of the tow service's I have had in the 49 years.

And I have had a lot of tow service vendors over the time period.

From the owners to the dispatch personnel to the Tow drivers to their equipment they are totally top notch.

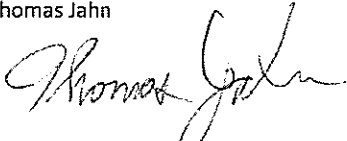

Also, their speed in getting into downtown Chicago when I have an emergency is second to none.

We are a commercial truck dealer as well, and we have some big vehicles we need towed and or moved around and they can handle them all with ease.

You can tell how they have been in business for so many years by their ease also of handling any situation that is necessary or may arise.

Please consider O'Hare Towing as the top performer, a true10.

To Whom It May Concern,

I am pleased to strongly recommend the towing services of O'Hare Towing. JAG Towing has worked closely with O'Hare Towing for several years. We continue to partner with O'Hare Towing as we can always rely on their quick service. They are available 24 hours a day, 365 days a year. As a tow provider, our volume is constantly fluctuating. When we need help for time sensitive jobs, we always turn to O'Hare as we know they will be able to help us keep our promises to our customers.

In addition to promptly executing on the work we send them, O'Hare always provides excellent customer service. Someone is always available to answer our questions around the clock. Their dispatch and management staff is efficient, professional, and courteous.

We rely on O'Hare to help us tow a wide variety of units. They have well trained drivers and well-maintained equipment that can safely tow light and heavy-duty units. We can always trust that O'Hare will bring our units in with all the correct paperwork and they will follow our pickup instructions with no issues.

They have been a great partner to JAG Towing and I would highly recommend their towing services. If you have any questions, please feel free to contact me.

RE: Professional Recommendation on behalf of O'Hare Towing Service

My name is Josh Wilkins, Owner of Brookfield Iron & Metal, LLC in Chicago Heights, Illinois. I am writing on behalf of O'Hare Towing Service, with whom I have had the pleasure of doing business with for nearly a decade.

O'Hare's team never fails to impress, and has become an essential part of our success. Whether transporting a single car or a fleet of semi-trucks, O'Hare Towing never fails to deliver professional & prompt service 24 hours a day, seven days a week, each day of the year. From dispatch to delivery, O'Hare's customer service is second-to-none. All aspects of the towing process are thoroughly communicated; from work order, to scheduling, to driver-in-route, to confirmation of delivery. Their proprietary software with traffic routing & photo evidence has proved invaluable to us on many occasions.

I am absolutely confident in recommending O'Hare Towing Service to the Oak Park Police Department for their impounds. Their team of professionals, led by Owner Bill Gratianna & Director of Operations Katie Gratianna, is valued within the industry & are deserving of their esteemed reputation.

If any additional information is needed, I am more than happy to speak further on behalf of O'Hare Towing Service.

Sincerely,

Josh Wilkins, President
Brookfield Iron & Metal, LLC.

TO WHOM THIS MAY CONCERN:

I have been working with O'Hare Towing since I started my employment with Aggreko in Lemont, Illinois in 1998.

I started working with O'Hare Towing back when I was a Logistics Coordinator and still to this day work with them. I have called them any time of the day, rain or shine and they come through for me getting my equipment where it needs to go, whether it is around the corner or going into areas in the South hit by Hurricanes. I recently sent them to Canada to meet a ship going out to sea. They understand how important the job is to me and have always treated me with kindness & respect, I told them a long time ago when they are hauling my equipment they are an extension of Aggreko and I expect their employees to act as they are Aggreko employees. Over the years there have been some hiccups but once the dispatcher/management knew about it, it was dealt with promptly & situation corrected.

I have no problem picking up the phone and calling them. When my Team Mates in other Regions need equipment and can't find a hauler I recommend O'Hare Towing.

Sincerely,

Pam
