

## **Citizen Police Oversight Committee**

### **Information and Analysis for the Village of Oak Park Board of Trustees**

**July 2025 through December 2025**

#### **Overview**

In accordance with section 2-30-1 of Village Code, the Citizen Police Oversight Committee shall, receive and refer complaints from citizens and thereafter monitor and evaluate the processing of citizen complaints. CPOC shall monitor and evaluate the Village's efforts in ensuring racial and cultural diversity within the Police Department. And on a semi-annual basis, CPOC shall meet with and provide written reports to the Village Board concerning the Committee's activities and any information and analysis of such information which the Committee may have compiled. The Citizen Police Oversight Committee also reviews Flock ALPR reporting provided by the Oak Park Police Department.

#### **Complaint Process**

Citizen complaints may be received by the Police Department, the Village Manager's Office, the Community Relations Department or the Citizen Police Oversight Committee. All complaints are presented to the Police Department for investigation, except under extraordinary circumstances in which (1) further basic information is needed to determine the most appropriate handling of a complaint, (2) and outside investigation of a complaint is warranted or (3) in those situations in which the citizen communication is more in nature of an inquiry than a complaint. Based on the seriousness of the allegation, the complaint is identified as formal or informal. Formal investigations are those which may result in a disciplinary order of a three-day suspension or greater. Informal investigations may result in disciplinary orders of suspension not to exceed two days.

Internal investigations include a review of the complaint to determine any rule violations. These investigations may be conducted by a Watch Commander or the Internal Affairs division. All recommendations or determinations are reviewed through the chain of command to the Police Chief. The Police Chief may concur with the recommendation, overturn the recommendation or request further investigation.

Once a final determination has been made, the Department notifies the citizen complainant of any action taken or any determination based on the complaint, and further notifies the complainant of his/her right to express dissatisfaction with the outcome to the Citizen Police Oversight Committee.

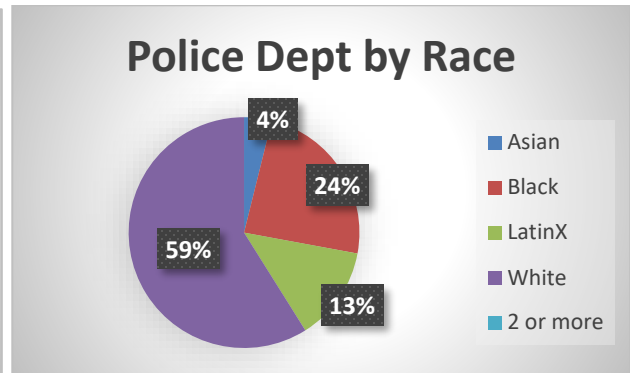

The Citizen Police Oversight Committee monitors and evaluates all citizen complaints and the subsequent investigations conducted by the Police Department. Complaints that arise as a result of dissatisfaction with the Police Department's final determination are specifically reviewed by CPOC. CPOC will then provide the Village Board with a written statement of the Citizen's dissatisfaction with the Department's handling of the citizens' complaint, the investigation report upon which the Department decision was based, and any recommendation the Committee may have.

### Recommendations:

The CPOC made recommendations to the Police Chief during this reporting period:

#### Complaint IA-24-06

- Parties in such cases should be separated
- Disrespectful language should not be used by officers
- The Police Department should assess their de-escalation training and review the investigative process.

#### Complaint IA-25-06:

- Recommend the Chief review the final discipline and request a reply for additional context
