

PETITION FOR TRAFFIC REGULATIONS

We, the undersigned, respectfully petition the Transportation Commission to recommend to the Oak Park Board of Trustees that traffic regulations be established in the 1200 block of N Taylor Ave. in the Village of Oak Park, Illinois.

We further petition the Commission to regulate traffic in this manner:

To restrict or reduce the volume of traffic with the installation of a permanent cul-de-sac or traffic divisor on the 1200 block of North Taylor Ave., immediately south of the east-west alley that runs along 1231 and 1230 North Taylor Ave.

Re: Letter for Petition for Traffic Regulation on Block of 1200 N Taylor

This memorandum is tendered with regard to the undersigned residents strong desire that the Village take steps to regulate the volume of traffic on North Taylor Avenue. We have met, conferred and agreed that the volume of traffic on our street requires intervention by the Village. Many families on our street have young children and we have all observed and agree that:

1. The volume of traffic on our street is at a level suitable for a main or commercial artery, not a residential street.
2. Much of this traffic moves in excess of speed limits and/or the appropriate conditions for a residential street with small children.
3. The bulk of the traffic issuing to and from the alleys exiting onto our street is not traffic resulting from the residents accessing their garages.
4. The alley traffic is the result of drivers bypassing heavy traffic at the North Avenue and Austin Boulevard intersection. For example, these bypassing drivers often honk their horns - ostensibly to warn other drivers they are driving too fast for conditions - while traveling through our alleys. This is not only unsafe, but an unpleasant nuisance, especially when it occurs most often, during early morning rush hour traffic.
5. Efforts by the police to control and/or penalize the above has not resulted in any improvement in these conditions.

We believe that one of the causes for these conditions is that Waze and perhaps other smartphone driving applications instruct users to avoid heavy North Avenue and Austin Boulevard traffic by using our street.

We are all concerned and confounded by these conditions. We respectfully request the Village use all available efforts to minimize and/or reduce the above conditions. We are ready and able to cooperate with the Village in whatever manner is necessary.

Respectfully Submitted on Behalf of the Residents of 1200 N Taylor Ave Block,

Mario Macias

PETITION FOR TRAFFIC CALMING MEASURES

Date: 6/5/18

We, the undersigned, respectfully petition the Transportation Commission to recommend to the Oak Park Board of Trustees that traffic calming measures be implemented:

on the 1200 block of North Lombard Ave or
at the intersection of Highway and Montgomery
in the Village of Oak Park.

Traffic problems to be remedied by the use of traffic calming measures include:

- Excessive vehicle crashes 4
- Excessive vehicle speeds 2
- Excessive vehicle volumes 3
- Pedestrian/Bicyclist safety issues 1
- Other _____

(rank these in order of importance with 1 being most problematic and 5 being least problematic)

* = This petition is being circulated by: (list name, address, and telephone number)

From: Residents of the 1200 block of North Lombard

Date: June 18, 2018

RE: Traffic Calming Measure

The Village of Oak Park notified the residents of the 1200 block of North Lombard that the 1200 block of North Taylor was requesting a traffic calming device. The village is looking at a holistic approach to traffic calming in the northeast section of the village and is giving us the opportunity to submit a request to be considered in a measure for our block.

The notification is the reason for this letter and petition. We believe the traffic volume on our block will increase if we are the only open thorough street to North Avenue between Austin and Ridgeland once Taylor has its device in place. Currently our short block has 8 children ages 7 years old and younger. The safety of our residents and especially our children are our primary concern.

We appreciate the opportunity to be considered for a traffic calming device.

Cathy Rennau
