SECTION II

DETAILED SPECIFICATIONS AND SCOPE OF WORK

GENERAL CONDITIONS

The Village requests the services of a qualified contractor to fabricate and install various parking-related signs. The proposed signs were tested as part of a 2019 pilot study aimed to simplify on-street, curbside parking regulations and clean-up sign clutter in a specific area of Oak Park. After an extensive public outreach process and evaluation, the Village expanded several components of the study and related signage to other areas of the Village in 2023. The Village now desires to complete phase 2 of the signage-related work in 2024.

SCOPE OF WORK

The scope of work will include all labor, services, materials and products to design, fabricate, and install the necessary curbside parking signage in the area, and remove and dispose of all old signage and accompanying materials. The contractor selected will be expected to supply the signage and installation of signs based on the prices contained in this bid. The scope of work also includes the recording of each sign and post installation into GIS as a point with attribute data. The Village of Oak Park will provide the selected contractor with the necessary equipment for the GIS data collection.

The Village of Oak Park Parking & Mobility Services Division will supply the required text and regulations for the different types of signs. These signs may include parking regulation signage (i.e. 3-hour time limit, M-F), street cleaning regulation signage, and parking permit signage. A comprehensive list of sign quantities and an installation guide is contained in *Appendix A. Appendix B* details the different sign types and quantities.

Much of the work will be replacement of existing signs on existing support posts, but there will be a need to install new sign support posts in certain instances as well.

The sign post locations shall be staked by Village personnel prior to the installation of the posts. The Contractor shall be responsible for the proper elevation, offset, and orientation of all signs as indicated in the plans or as directed by the Village's Parking & Mobility Services Manager or their designee. Base sections shall be 2 x 2 inches and driven by hand or mechanical means to a minimum depth of 36 inches measured from the ground line. The 1 ¾ x 1 ¾ inch top section shall be telescoped into the base section a minimum of 8 inches and a maximum of 12 inches and the two sections fastened together. The contractor is solely responsible for coordination of JULIE locates, as required.

The Contractor shall be responsible for coordinating the disposal and/or relocation of all old signage, posts, or other related materials that are to be removed. The Village's Parking & Mobility Services Manager or their designee shall direct the contractor as to where signs should be relocated, stored, or disposed.

All work, including the replacement of existing signs and support posts, as well as the installation of new signs and support posts, shall be recorded in the Village of Oak Park GIS system. The work will be recorded as points on a map, submitted through an Oak Park ArcGIS online account via a mobile device. Points for each support post and sign will be recorded at the GPS location of each installation. While submitting the points, the contractor shall populate key attribute fields, including but not limited to, sign text, date of installation, support post material, post type, manufacturer, and condition.

MATERIALS

Sign material will be aluminum and will follow the guidelines set forth in Section 720 of the Illinois Department of Transportation (IDOT) Standard Specifications for Road and Bridge Construction manual. For signs, the work will be measured for payment by square feet.

Telescoping sign supports will be furnished and installed according to Section 728 except as amended in this special provision, using a telescoping base section. Materials shall be according to Section 1093.01 (c) except that the post shall be 1 ¾ x 1 ¾ inch, 14 gauge steel and the base section shall be 2 x 2 inch, 12 gauge steel, with a smooth galvanized finish applied either before or after forming. The Green post color to use is RAL6029. For sign posts, the work will be measured for payment "per post".

OTHER GENERAL CONDITIONS

All permitting and inspection fees for the project must be obtained and paid for by contractor (Village shall waive any permit fees).

The selected contractor shall furnish all labor, supervision, supplies, tools, equipment, vehicles and other means necessary or proper for performing and completing the work. The selected contractor shall be responsible for the cleaning up of the job site and shall repair or restore all structures and property that may be damaged or disturbed during performance of the work to the satisfaction of the Village.

The agreement and work shall be carried out in conformance with the laws and regulations of the Village and these specifications and shall be in substantially the form attached. All work will be performed according to the standards set forth in the applicable building codes and standards, including mechanical, fire, plumbing, electric, accessibility, or any other applicable codes in force in the Village and State of Illinois.

Licenses and Permits

The contractor shall be responsible for becoming a licensed contractor with the Village and shall follow all appropriate and required building codes.

Alterations, Omissions and Extra Work

The Village reserves the right to increase or decrease the quantity of any item or portion of the work, or to omit portions of the work as may be deemed necessary.

Job Site Conditions

To the fullest extent possible, the contractor will not allow its work to interfere with the ongoing use of the facilities. Contractor will take all necessary actions as directed by the Village in that regard.

Material Storage: The contractor shall be responsible for the storage and safety of his own materials. The Village assumes no liability whatever for any material damaged or stolen on the premises. Any damage to, or loss by theft or vandalism of any material, appurtenance, or appliance, after such has been applied, connected or installed on Village property, shall be the sole responsibility of the contractor until the project is completed and accepted by the Village.

Safety Precautions: The contractor is solely responsible for implementing effective safety precautions on and around the work site to protect workers and other persons who might be affected and shall exercise every precaution at all times for the protection of the property. The contractor shall not leave any combustible materials or other fire hazards overnight or allowed them to accumulate. The contractor shall abide by all applicable laws, standards, and regulations that apply to the completion of the work, including EPA and OSHA safety standards and regulations.

Damage to Property: Contractor shall repair, at no additional cost to the Village, all damage to Village property caused by the contractor resulting from their work. Where repair of existing work is called for, such patching and replacement shall be made to blend with existing work so that the patch or replacement will be inconspicuous after finishing.

Daily Clean-up: The contractor shall keep the premises clean and orderly during the course of the work and all debris shall be removed on a continuous basis.

Method of Payment

The Village will pay monthly all undisputed invoices billed at the rates set forth in the contractor's bid within 30 days of approval as provided in the Local Government Prompt Payment Act, 50 ILCS505/4. The maximum interest rate for any payment not made within 30 days of approval is 1%.

Change Orders

Change Orders: Changes in the Work may be agreed to after execution of the agreement, and without invalidating the agreement, if the change order is in writing and signed. Any changes to the scope of work which result in an increase in the agreement price will be subject to an agreement addendum which must be signed by both parties. Any such change order will be prepared by the Village. The contractor may only proceed with the change upon receipt of the written change order signed by the Village.

Emergency Changes: Contractor may perform work not included in the scope of work if necessary to remedy a condition that poses an immediate threat to persons or property. Work of this nature shall be carried out only to the extent of bringing the condition under control. The Village shall be notified immediately. A change order will then be negotiated and executed for the work performed, and for work remaining, if any.

Minor Changes (Field Orders): The Village may verbally authorize minor changes in the scope of work in order to prevent a delay in the progression of the work. These field orders may not involve a change in the agreement price or be inconsistent with the scope of work.

Changes Due to Unknown Conditions: The contractor is not responsible for changes in the work that are due to conditions that were not reasonably observable or conditions that have changed. In such cases, the contractor shall notify the Village and a change order will be negotiated.

Any change which results in a total agreement price in excess of \$10,000 must be approved by the Village of Oak Park Board of Trustees.

Correction of Work Prior To Final Payment

The Village has the right to stop work if the contractor fails to carry out the work in a manner acceptable to the Village. If the Village deems the contractor's work unacceptable, at the Village's election, the contractor shall do one of the following:

1. Promptly repair or replace the defective work, without expense to the Village, including costs associated with repairing any damage to property caused by the replacement work; or;
2. If the Village deems it unacceptable to have the contractor correct work which has been incorrectly done, a deduction from the agreement price shall be made based on the costs to the Village to have the work repaired. Such a deduction from the agreement price shall in no way affect the Village's other remedies or relieve the contractor from responsibility for defects and related damage occurring as a result of defective or unacceptable work.

Contractor's Representative

The contractor shall have at all times a competent foreman or superintendent on the job that shall

have full authority to act for the contractor, and to receive and execute orders from the Director of Public Works or appointed representative. Any instructions given to such superintendent or person executing work for the contractor shall be binding on the contractor as though given to him personally. Contractor's representative must be proficient in the use and interpretation of the English language.

Workers

The contractors shall employ competent laborers and shall replace, at the request of the Director of Development Customer Services any incompetent, unfaithful, abusive or disorderly workers in their employ. Only workers expert in their respective branches of work shall be employed where special skill is required. Inappropriate behavior or examples of unproductive work effort will not be tolerated. The Village has the right to require a contractor's employee to be immediately removed from the work crew if the above behavior is exhibited.

Time of Work

Contractor shall only work on weekdays, (Monday through Friday), from 6:30 a.m. to 4:00 p.m. No work will be allowed on weekends or on legal holidays as recognized by the Village, except as authorized by the Director of Development Customer Services.

Dispute Resolution

All disputes, including collection disputes, shall be brought in the Circuit Court of Cook County, Illinois. This agreement shall be interpreted in accordance with the laws of the State of Illinois. In any dispute resolution process, each party shall bear its own costs, including attorney's fees. Any purported agreement between the parties that states terms contrary to this paragraph M will be deemed per se invalid.

Mandatory Qualifications for Contractor's Personnel

Crews shall include at least one (1) supervisor during any given shift.

1. No more than 50% of the crew may be trainees at any one time.
2. Supervisors must be fluent in the English language and capable of reading and writing English.
3. The Village reserves the right to require immediate removal of any employee of the contractor selected deemed unfit for service for any reason. This right is non-negotiable and the contractor selected agrees to this condition by accepting this agreement. The contractor selected shall have enough qualified personnel to replace a terminated employee within 24 hours. Failure to do so can result in the termination of the agreement.

OSHA Requirements

1. Material Safety Data Sheets – Contractor selected shall furnish the Village copies of Material Safety Data Sheets (MSDS), for all products used that require identification, prior to beginning service at Village facilities. In addition, each time a new chemical is introduced, a copy of that product's MSDS must be provided to the Building Maintenance Superintendent prior to the product being used. The Material Safety Data Sheets must be in compliance with OSHA Regulation 1910.1200, paragraph g.

Such documents shall include, where relevant, the following forms, copies of which are attached hereto:

- (ii) Contractor's partial or final waiver of lien;

The Village shall have the right to withhold from any payment due hereunder such amount as may reasonably appear necessary to compensate the Village for any actual or prospective loss due to Work which is defective or does not conform to the Contract Documents; damage for which the Contractor is liable hereunder; liens or claims of liens; claims of third parties, subcontractors, or material men; or

any failure of the Contractor to perform any of its obligations under this Contract. Such obligation shall not be construed to negate, abridge or otherwise reduce any other right to indemnity which the Village and its officers, officials, employees, volunteers and agents would otherwise have. The Contractor shall similarly protect, indemnify and hold and save harmless, the Village and its officers, officials, employees, volunteers and agents against and from any and all claims, costs, causes, actions and expenses, including, but not limited to, legal fees incurred by reason of the Contractor's breach of any of its obligations under, or the Contractor's default of, any provisions of this Contract. 15. ENTIRE CONTRACT; APPROVAL OF SUBCONTRACTORS

This Contract, including the documents incorporated by reference herein, sets forth the entire Contract of the parties with respect to the accomplishment of the Work. No right or interest in this Contract shall be assigned, in whole or in part, by either party without the prior written consent of the other party. The Village reserves the right to approve the use of subcontractors to complete any portion of the Work and to approve any applicable contract between the Contractor and a proposed subcontractor to perform any of the Work. Contractor shall be solely liable for paying the difference between prevailing wages and any wages actually received by laborers, workmen and/or mechanics engaged in the Work for the Project.

Contractor shall indemnify, hold harmless, and defend the Village, and its officers, officials, employees, agents and volunteers ("Indemnified Parties") against all regulatory actions, complaints, damages, claims, suits, liabilities, liens, judgments, costs and expenses, including reasonable attorney's fees, which may in any way arise from or accrue against the Indemnified Parties as a consequence of noncompliance with the Act or which may in any way result therefrom, including a complaint by the Illinois Department of Labor under Section 4(a-3) of the Act, 820 ILCS 130/4(a-3) that any or all of the Indemnified Parties violated the Act by failing to give proper notice to the Grantee or any other party performing work on the Public Improvements that not less than the prevailing rate of wages shall be paid to all laborers, workers and mechanics performing Work on the Project, including interest, penalties or fines under Section 4(a-3). The indemnification obligations of this section on the part of Contractor shall survive the termination or expiration of this Agreement. Contractor shall be solely responsible to maintain accurate records reflecting its payroll for its

employees who perform any of the Work for the Village pursuant to this Contract and shall submit certified payroll records to the Village at any time during the term of this Contract. Contractor shall provide said certified payroll records within seven (7) days upon the request of the Village.

27. EQUAL OPPORTUNITY EMPLOYER

Contractor is an equal opportunity employer and the requirements of 44 Ill. Adm. Code 750 APPENDIX A are incorporated herein if applicable.

The Contractor shall not discriminate against any employee or applicant for employment because of race, sex, gender identity, gender expression, color, religion, ancestry, national origin, veteran status, sexual orientation, age, marital status, familial status, source of income, disability, housing status, military discharge status, or order of protection status or physical or mental disabilities that do not impair ability to work, and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization. The Contractor shall comply with all requirements of Chapter 13 ("Human Rights") of the Oak Park Village Code.

In the event of the Contractor's noncompliance with any provision of Chapter 13 ("Human Rights") of the Oak Park Village Code, the Illinois Human Rights Act or any other applicable law, the Contractor may be declared non-responsible and therefore ineligible for future Agreements or subcontracts with the Village, and the Agreement may be cancelled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation.

In all solicitations or advertisements for employees placed by it on its behalf, the Contractor shall state that all applicants will be afforded equal opportunity without discrimination because of race, sex, gender identity, gender expression, color, religion, ancestry, national origin, veteran status, sexual orientation, age, marital status, familial status, source of income, disability, housing status, military discharge status, or order of protection status or physical or mental disabilities that do not impair ability to work.
