Subject: Additional EV Leafs Purchase Opportunity - Time Sensitive

Kevin,

We have the opportunity to purchase three (3) 2023 EV Nissan Leafs off the retail market with the same \$5,400.00 fleet incentive and a possible \$7,500 federal rebate coming in the near future. These vehicles would put us in a position where, except in a couple special specific cases, all of our light duty vehicles for inspectors and administrative staff are EVs or hybrids. This would bring our total count of EV vehicles to 17 and alternative fuel vehicle (EV and hybrid) to 36 (over one quarter of our total fleet!).

While these vehicles were not specifically programmed in the 2023 Fleet fund, there are sufficient dollars in the Fleet Fund to cover this purchase. Money was included in the FY2023 fund to cover the purchase of 5 hybrid squads. We do not have any expectation, at this time, that we will be able to acquire these vehicles this year. The market is extremely tight on these squads. We will continue to look for them and would still have funding to purchase some if they become available as these Leafs will not utilize all of that funding. Please let me know if you would like us to move forward with the purchase of these vehicles. If you have any questions, please feel free to reach out. Thanks!

This is time sensitive.
