

Oak Park 2026 Sidewalk Replacement Full Project Map

-  Schools
-  Angle Cuts
-  Replacements

The majority of sidewalk replacements will occur on North-South streets between Austin Boulevard and East Avenue, South Boulevard and Roosevelt Road.

JULIE must be requested 2 weeks in advance due to the large number of locations.

Work can only occur on one side of the street at a time in order to comply with ADA requirements.

Locations may be added or removed by the Village.
