1st Quarter Field Contact Report January - February - March

Chief Shatonya Johnson

Overview

This report presents an analysis of field interview card data for the first quarter of 2025. The focus is on identifying trends, patterns, and actionable intelligence gathered through face-to-face interactions with individuals.

Key objectives include:

- Summarizing the volume and nature of field interviews conducted
- Highlighting any significant findings or trends in the data
- Providing insights for improving public safety and resource allocation
- Outlining recommendations for future enhancements in data collection and analysis
