

August 20, 2020

Scott Brinkman
Streets Division Superintendent
Village of Oak Park IL
201 South Blvd
Oak Park IL 60302

Dear Mr Brinkman:

In reference to the Village of Oak Park Sweeping agreement that ends on August 31, 2020- Waste Management is hopeful that the Village of Oak Park will renew for an additional year (Sept 1st 2020 through August 31st 2021). Based on the CPI sheet of Labor statistics- Waste Management of Illinois calculates the increase to be 1%

Waste Management of Illinois will this effectively increase its rates by 1% for the period of September 1st 2020 to August 31st 2021.

We appreciate your business and are happy to answer any questions you might have.

Sincerely.

Tony Ventrella
Waste Management of Illinois
