**Village of Oak Park
Fleet Replacement Fund
2023 - 2027**

Project: Public Works Vehicle Replacement

Priority Code: A

Category: Machinery and Equipment

Description: Replacement or rebuilding of Public Works Department vehicles. This category does not include Public Works vehicles assigned to the Water & Sewer Division or Environmental Services Division.

Justification: Equipment and vehicles that are past their cost effective lives and have exceeded the evaluation criteria for retention are a financial burden on the Village of Oak Park. The Department is proposing to rebuild vehicles, where cost effective, and wear has not been detrimental to the chassis or engine. As more services are being brought in house equipment will be used more than in the past. Newer equipment will help keep downtime to a minimum.
