## Agenda Item Summary

---

**File #: RES 23-298, Version: 1**

---

**Submitted By**

Rob Sproule, Public Works Director

**Reviewed By**

A.M. Zayyad, Deputy Village Manager

**Agenda Item Title**

**A Resolution Approving a Professional Services Agreement with Johnson Lasky Kindelin Architects, Inc. for Historic Preservation Architectural Services in an Amount not to Exceed \$45,000.00 and Authorizing Its Execution**

**Overview**

Staff recommends approval of a professional services agreement with Johnson Laskey Kindelin Architects, Inc. (JLK) to evaluate the feasibility of renovating the current Village Hall facility to meet the needs of modern Village governance while preserving the historic integrity of the existing building and the spirit of open government. JLK was selected by staff as the most appropriate firm for this process based upon their qualifications and experience in the field of historic preservation. JLK was selected from a group of twelve firms that provided submittals from an open and competitive “Request for Qualifications” (RFQ) process.

**Recommendation**

Adopt the Resolution.

**Background**

At the July 31, 2023 Village Board Meeting, staff recommended the engagement of an architectural firm with expertise in historic preservation, through an RFQ process, to evaluate the viability and cost of renovating the Village Hall facility to meet the goals of the Village and the needs outlined in a report to be prepared by FGM Architects, while maintaining the historic integrity of the existing building. The Village Board supported this direction as part of a larger evaluation of the feasibility of renovating the current Village Hall facility.

Following the meeting, staff prepared and publicly advertised an RFQ for “Project 23-130 Historic Preservation Architectural Services for Oak Park Village Hall Facility Renovation Evaluation” on August 23, 2023. Staff received fourteen submittals. Two were disqualified for being submitted after the due date. The twelve firms that provided qualifications were: Altusworks Inc., Bauer Latoza Studio, Brush Architects LLC, Farr Associates, Studio AH LLC (HPZS), Johnson Laskey Kindelin Architects, Krueck Sexton Partners, McGuire Igleski & Associates Inc., Senga Architects, Studio GWA, Studio Integra and Vinci Hamp Architects.

An internal staff team composed of the Village Planner, Urban Planner: Historic Preservation, Public Works Director, and Deputy Village Manager reviewed and scored the submittals based on the criteria outlined in the RFQ posting. The highest scoring firms were invited for an interview. Based on their project approach, selected

personnel, credentialing, past experience and general enthusiasm for the project, staff recommend a professional services agreement with Johnson Lasky Kindelin Architects, Inc. for Historic Preservation Architectural Services in an amount not to exceed \$45,000.00.

**Fiscal Impact**

There are sufficient unencumbered funds in the Fiscal Year 2023 Building Improvement Fund Budget within account # 3012-43790-101-540673 allocated for the “Police Department - Construction of a Replacement Station: Design” capital improvement project to cover this proposed cost.

**DEI Impact**

N/A

**Alternatives**

The Village Board can delay action to gain additional information.

**Previous Board Action**

N/A

**Citizen Advisory Commission Action**

N/A

**Anticipated Future Actions/Commitments**

Staff will work with the consultants along with a Facility Renovation Committee to prepare a report and presentation on the feasibility of renovating the current Village Hall facility to address life safety, accessibility, and sustainability issues, meet current codes and address the needs of modern governance while preserving the historic integrity of the building and its spirit of open government.

**Intergovernmental Cooperation Opportunities**

## PROFESSIONAL SERVICES AGREEMENT

**THIS PROFESSIONAL SERVICES AGREEMENT** (hereinafter referred to as the "Agreement") is entered into this \_\_\_\_\_ day of November, 2023, between the Village of Oak Park, an Illinois home rule municipal corporation (hereinafter referred to as the "Village"), and Johnson Lasky Kindelin Architects, Inc., a corporation authorized to conduct business in the State of Illinois (hereinafter referred to as the "Consultant").

### RECITAL

**WHEREAS**, the Village intends to have professional services performed by Consultant to provide Historic Preservation Architectural Services pursuant to Consultant's Proposal dated October 17, 2023, attached hereto and incorporated herein by reference (hereinafter referred to as "Consultant's Proposal"), the Village's Request for Qualifications dated August 23, 2023, attached hereto and incorporated herein by reference (hereinafter referred to as the "RFQ") and this Agreement.

**NOW, THEREFORE**, in consideration of the mutual covenants hereinafter set forth, the parties agree as follows:

**1. RECITAL INCORPORATED.**

The above recital is incorporated herein as though fully set forth.

**2. SERVICES OF THE CONSULTANT.**

2.1. The Project consists of professional historic preservation architectural services, as more completely described in the Consultant's Proposal and the Village's RFQ (hereinafter referred to as the "Services"). After written authorization by the Village, the Consultant shall provide the Services for the Project. The Village shall approve the use of subconsultants by the Consultant to perform any of the Services that are the subject of this Agreement.

2.2. The Consultant shall submit to the Village all reports, documents, data, and information set forth in the Project. The Village shall have the right to require such corrections as may be reasonably necessary to make any required submittal conform to this Agreement. The Consultant shall be responsible for any delay in the Services to be provided pursuant to this Agreement due to the Consultant's failure to provide any required submittal in conformance with this Agreement.

2.3. In case of a conflict between provisions of the Consultant's Proposal and this Agreement or the Village's RFQ, this Agreement and/or the Village's RFQ shall control to the extent of such conflict.

2.4. Village Authorized Representative. The Village's Public Works Director or the Director's designee shall be deemed the Village's authorized representative, unless applicable law requires action by the Corporate Authorities, and shall have the power and authority to make or grant or do those things, certificates, requests, demands, approvals, consents, notices and other actions required that are ministerial in nature or described in this Agreement for and on behalf of the Village and with the effect of binding the Village as limited by this Agreement. The Consultant is entitled to rely on the full power and authority of the person executing this Agreement on behalf of the Village as having been properly and legally given by the Village. The Village shall have the right to change its authorized representative by providing the Consultant with written notice of such change which notice shall be sent in accordance with Section 17 of this Agreement.

2.5. Consultant's Authorized Representative. In connection with the foregoing and other actions to be taken under this Agreement, the Consultant hereby designates Meg Kindelin as its authorized representative who shall have the power and authority to make or grant or do all things, certificates, requests, demands, approvals, consents, notices and other actions required that are ministerial in nature or described in this Agreement for and on behalf of the Consultant and with the effect of binding the Consultant. The Village is entitled to rely on the full power and authority of the person executing this Agreement on behalf of the Consultant as having been properly and legally given by the Consultant. The Consultant shall have the right to change its Authorized Representative by providing the Village with written notice of such change which notice shall be sent in accordance with Section 18 of this Agreement.

2.6. The Consultant shall be an independent contractor to the Village. The Consultant shall solely be responsible for the payment of all salaries, benefits and costs of supplying personnel for the Services. Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against contractor. The Consultant's Services under this Agreement are being performed solely for the Village's benefit, and no other party or entity shall have any claim against the Consultant because of this Agreement or the performance or nonperformance of services hereunder.

### **3. COMPENSATION FOR SERVICES.**

3.1. The Village shall compensate the Consultant for the Services in an amount not to exceed \$45,000.00. The Consultant shall be paid installments not more frequently than once each month ("Progress Payments"). Payments shall be made within thirty (30) days of receipt by the Village of a pay request/invoice from the Consultant. Payments shall be due and owing by

the Village in accordance with the terms and provisions of the Local Government Prompt Payment Act, 50 ILCS 505/1 *et seq.*, except as set forth herein.

3.2. The Village may, at any time, by written order, make changes within the general scope of this Agreement in the Services to be performed by the Consultant. If such changes cause an increase or decrease in the amount to be paid to Consultant or time required for performance of any Services under this Agreement, whether or not changed by any order, an equitable adjustment shall be made and this Agreement shall be modified in writing accordingly. No service for which additional compensation will be charged by the Consultant shall be furnished without the written authorization of the Village.

3.3. The Consultant shall, as a condition precedent to its right to receive a progress payment, submit to the Village an invoice accompanied by such receipts, vouchers, and other documents as may be necessary to establish costs incurred for all labor, material, and other things covered by the invoice and the absence of any interest, whether in the nature of a lien or otherwise, of any party in any property, work, or fund with respect to the Services performed under this Agreement. In addition to the foregoing, such invoice shall include (a) employee classifications, rates per hour, and hours worked by each classification, and, if the Services are to be performed in separate phases, for each phase; (b) total amount billed in the current period and total amount billed to date, and, if the Services are to be performed in separate phases, for each phase; (c) the estimated percent completion, and, if the Services are to be performed in separate phases, for each phase.

3.4. Notwithstanding any other provision of this Agreement and without prejudice to any of the Village's rights or remedies, the Village shall have the right at any time or times to withhold from any payment such amount as may reasonably appear necessary to compensate the Village for any actual or prospective loss due to: (1) Services that are defective, damaged, flawed, unsuitable, nonconforming, or incomplete; (2) damage for which the Consultant is liable under this Agreement; (3) claims of subconsultants, suppliers, or other persons performing Consultant's Services; (4) delay in the progress or completion of the Services; (5) inability of the Consultant to complete the Services; (6) failure of the Consultant to properly complete or document any pay request; (7) any other failure of Consultant to perform any of its obligations under this Agreement; or (8) the cost to the Village, including reasonable attorneys' fees and administrative costs, of correcting any of the aforesaid matters or exercising any one or more of the Village's remedies set forth in this Agreement. The Village must notify the Consultant of cause for withholding within fourteen (14) days of receiving invoice.

3.5. The Village shall be entitled to retain any and all amounts withheld pursuant to this Agreement until the Consultant shall have either performed the obligations in question or furnished security for such performance satisfactory to the Village. The Village shall be entitled to apply any money withheld or any other money due the Consultant under this Agreement to reimburse itself for any and all costs, expenses, losses, damages, liabilities, suits, judgments,

awards, reasonable attorneys' fees, and administrative expenses incurred, suffered, or sustained by the Village and chargeable to the Consultant under this Agreement.

3.6. The Consultant's Services shall be considered complete on the date of final written acceptance by the Village, which acceptance shall not be unreasonably withheld or delayed. As soon as practicable after final acceptance, the Village shall pay to the Consultant the balance of any amount due and owing under this Agreement, after deducting therefrom all charges against the Consultant as provided for in this Agreement ("Final Payment"). The acceptance by Consultant of Final Payment with respect to the Services shall operate as a full and complete release of the Village of and from any and all lawsuits, claims, demands, damages, liabilities, losses, and expenses of, by, or to the Consultant for anything done, furnished for, arising out of, relating to, or in connection with the Services, except for such claims as the Consultant reserved in writing at the time of submitting its invoice for final payment.

#### **4. TERM AND TERMINATION.**

4.1. This Agreement shall take effect upon the Effective Date as defined herein and shall expire at the end of the business day on December 31, 2024 or upon the Consultant's completion of its Services pursuant to Section 3.6 above.

4.2. This Agreement may be terminated, in whole or in part, by either party if the other party substantially fails to fulfill its obligations under this Agreement through no fault of the terminating party. The Village may terminate this Agreement, in whole or in part, for its convenience. No such termination by the Village may be effected unless the Village gives the Consultant not less than fourteen (14) calendar days' written notice pursuant to Section 18 below of its intent to terminate. If the Village provides Consultant with said fourteen (14) days' notice, the Consultant shall be entitled to provide Services to the Village during said fourteen (14) day period at 30 hours per week at the current rate of compensation. No such termination by the Consultant may be effected unless the Consultant gives the Village not less than sixty (60) calendar days' written notice pursuant to Section 18 below of its intent to terminate.

4.3. If this Agreement is terminated by either party, the Consultant shall be paid for Services performed to the effective date of termination, including reimbursable expenses. In the event of termination, the Village shall receive reproducible copies of drawings, specifications and other documents completed by the Consultant pursuant to this Agreement.

#### **5. INDEMNIFICATION.**

5.1. To the fullest extent permitted by law, the Consultant hereby agrees to defend, indemnify and hold harmless the Village and its officers, officials, agents, employees and volunteers against all injuries, deaths, loss, damages, claims, patent claims, suits, liabilities, judgments, cost and expenses, including, but not limited to, reasonable attorney's fees and court costs (hereinafter referred to as "Claims") which may accrue against the Village and its officers,

officials, agents, employees and volunteers to the extent arising out of the negligent performance of the work by the Consultant, its employees, or subconsultants, except for the negligence of the Village or its officers, officials, agents, employees and volunteers.

## 6. INSURANCE.

6.1. The Consultant shall, at the Consultant's expense, secure and maintain in effect throughout the duration of this Agreement, insurance of the following kinds and limits set forth in this Section 6. The Consultant shall furnish Certificates of Insurance to the Village before starting work or within ten (10) days after the notice of award of the Agreement, which ever date is reached first. All insurance policies, except professional liability insurance, shall be written with insurance companies licensed or authorized to do business in the State of Illinois and having a rating of at least A according to the latest edition of the Best's Key Rating Guide; and shall include a provision preventing cancellation of the insurance policy unless fifteen (15) days prior written notice is given to the Village. This provision (or reasonable equivalent) shall also be stated on each Certificate of Insurance: "Should any of the above described policies be canceled before the expiration date, the issuing company shall mail fifteen (15) days' written notice to the certificate holder named to the left." The Consultant shall require any of its subconsultants to secure and maintain insurance as set forth in this Section 6 and indemnify, hold harmless and defend the Village and its officers, officials, agents, employees and volunteers as set forth in this Agreement.

6.2. The limits of liability for the insurance required shall provide coverage for not less than the following amounts, or greater where required by law:

(A) **Commercial General Liability:**

- i. Coverage to include, Broad Form Property Damage, Contractual and Personal Injury.
- ii. Limits:
 

General Aggregate	\$ 2,000,000.00
Each Occurrence	\$ 2,000,000.00
Personal Injury	\$ 2,000,000.00
- iii. Cover all claims arising out of the Consultant's operations or premises, anyone directly or indirectly employed by the Consultant.

(B) **Professional Liability:**

- i. Per Claim/Aggregate \$2,000,000.00
- ii. Cover all claims arising out of the Consultant's operations or premises, anyone directly or indirectly employed by the Consultant.

**(C) Workers' Compensation:**

i. Workers' compensation insurance shall be in accordance with the provisions of the laws of the State of Illinois, including occupational disease provisions, for all employees who work on the Project, and in case work is sublet, the Consultant shall require each subconsultant similarly to provide workers' compensation insurance. In case employees engaged in hazardous work under this Agreement are not protected under workers' compensation insurance, the Consultant shall provide, and shall cause each subconsultant to provide, adequate and suitable insurance for the protection of employees not otherwise provided.

**(D) Comprehensive Automobile Liability:**

i. Coverage to include all owned, hired, non-owned vehicles, and/or trailers and other equipment required to be licensed, covering personal injury, bodily injury and property damage.

ii. Limits:  
Combined Single Limit \$1,000,000.00

**(E) Umbrella:**

i. Limits:  
Each Occurrence/Aggregate \$2,000,000.00

(F) The Village and its officers, officials, agents, employees and volunteers shall be named as additional insureds on all insurance policies identified herein except workers' compensation and professional liability. The Consultant shall be responsible for the payment of any deductibles for said insurance policies. The coverage shall contain no special limitations on the scope of protection afforded to the Village, its officers, employees, and volunteers.

6.3. The Village and the Consultant agree to waive against each other all claims for special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to the Project.

6.4. The Consultant understands and agrees that any insurance protection required by this Agreement or otherwise provided by the Consultant, shall in no way limit the responsibility to indemnify, keep and save harmless, and defend the Village and its officers, officials, agents, employees and volunteers as herein provided. The Consultant waives and agrees to require its insurers to waive its rights of subrogation against the Village and its officers, officials, employees, agents and volunteers.

**7. SUCCESSORS AND ASSIGNS.**

7.1. The Village and the Consultant each bind themselves and their partners, successors, executors, administrators and assigns to the other party of this Agreement and to the partners, successors, executors, administrators and assigns of such other party in respect to all covenants off this Agreement. Except as above, neither the Village nor the Consultant shall assign, sublet or transfer its interest in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of any public body that may not be a party hereto, nor shall it be construed as giving any right or benefits hereunder to anyone other than the Village and the Consultant.

**8. FORCE MAJEURE.**

8.1. Neither the Consultant nor the Village shall be responsible for any delay caused by any contingency beyond their control, including, but not limited to: acts of nature, war or insurrection, strikes or lockouts, walkouts, fires, natural calamities, riots or demands or requirements of governmental agencies.

**9. AMENDMENTS AND MODIFICATIONS.**

9.1. This Agreement may be modified or amended from time to time provided, however, that no such amendment or modification shall be effective unless reduced to writing and duly authorized and signed by the authorized representative of the Village and the authorized representative of the Consultant.

**10. STANDARD OF CARE.**

10.1. The Consultant is responsible for the quality, technical accuracy, timely completion, and coordination of all designs, drawings, specifications, reports and other professional Services furnished or required under this Agreement, and shall endeavor to perform such Services with the same skill and judgment which can be reasonably expected from similarly situated professionals.

10.2. The Consultant shall be responsible for the accuracy of its professional Services under this Agreement and shall promptly make revisions or corrections resulting from its errors, omissions, or negligent acts without additional compensation. The Village's acceptance of any of Consultant's professional Services shall not relieve Consultant of its responsibility to subsequently correct any such errors or omissions, provided the Village notifies Consultant thereof within one year of completion of the Consultant's Services.

10.3. The Consultant shall respond to the Village's notice of any errors and/or omissions within seven (7) days of written confirmation by the Consultant of the Village's notice. Such

confirmation may be in the form of a facsimile confirmation receipt by the Village, or by actual hand delivery of written notice by the Village to the Consultant.

10.4. The Consultant shall comply with all federal, state, and local statutes, regulations, rules, ordinances, judicial decisions, and administrative rulings applicable to its performance under this Agreement.

10.5. The Consultant shall give all notices, pay all fees, and take all other action that may be necessary to ensure that the Services are provided, performed, and completed in accordance with all required governmental permits, licenses, and other approvals and authorizations that may be required in connection with providing, performing, and completing the Services, and with all applicable statutes, ordinances, rules, and regulations, including, but not limited to, the Fair Labor Standards Act; any statutes regarding qualification to do business; any statutes prohibiting discrimination because of, or requiring affirmative action based on race, color, religion, sex, national origin, ancestry, age, order of protection status, marital status, physical or mental disability, military status, sexual orientation, or unfavorable discharge from military service or other prohibited classification, including, without limitation, the Americans with Disabilities Act of 1990, 42 U.S.C. §§ 12101 *et seq.*, and the Illinois Human Rights Act, 775 ILCS 5/1-101 *et seq.* The Consultant shall also comply with all conditions of any federal, state, or local grant received by the Village or the Consultant with respect to this Agreement.

10.6. The Consultant shall be solely liable for any fines or civil penalties that are imposed by any governmental or quasi-governmental agency or body that may arise, or be alleged to have arisen, out of or in connection with the Consultant's, or its subconsultants', performance of, or failure to perform, the Services required pursuant to this Agreement or any part thereof.

## **11. DRAWINGS, DOCUMENTS AND BOOKS AND RECORDS.**

11.1. Drawings, plans, specifications, photos, reports, information, observations, calculations, notes and any other reports, documents, date or information, in any form, prepared, collected, or received by the Consultant in connection with any or all of the Services to be provided pursuant to this Agreement ("Documents") shall be and remain the property of the Village upon completion of the project and payment to the Consultant all amounts then due under this Agreement. At the Village's request, or upon termination of this Agreement, the Documents shall be delivered promptly to the Village. The Consultant shall have the right to retain copies of the Documents for its files. The Consultant shall maintain files of all Documents unless the Village shall consent in writing to the destruction of the Documents, as required herein.

11.2. The Consultant's Documents and records pursuant to this Agreement shall be maintained and made available during performance of Project Services under this Agreement and for three (3) years after completion of the Project. The Consultant shall give notice to the Village of any Documents to be disposed of or destroyed and the intended date after said period,

which shall be at least ninety (90) days after the effective date of such notice of disposal or destruction. The Village shall have ninety (90) days after receipt of any such notice to give notice to the Consultant not to dispose of or destroy said Documents and to require Consultant to deliver same to the Village, at the Village's expense. The Consultant and any subconsultants shall maintain for a minimum of three (3) years after the completion of this Agreement, or for three (3) years after the termination of this Agreement, whichever comes later, adequate books, records and supporting documents to verify the amounts, recipients and uses of all disbursements of funds passing in conjunction with the Agreement. The Agreement and all books, records and supporting documents related to the Agreement shall be available for review and audit by the Village and the federal funding entity, if applicable, and the Consultant agrees to cooperate fully with any audit conducted by the Village and to provide full access to all materials. Failure to maintain the books, records and supporting documents required by this subsection shall establish a presumption in favor of the Village for recovery of any funds paid by the Village under the Agreement for which adequate books, records and supporting documentation are not available to support their purported disbursement. The Consultant shall make the Documents available for the Village's review, inspection and audit during the entire term of this Agreement and three (3) years after completion of the Project as set forth herein and shall fully cooperate in responding to any information request pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1 *et seq.* by providing any and all responsive documents to the Village.

11.3. The Consultant shall have the right to include among the Consultant's promotional and professional materials those drawings, renderings, other design documents and other work products that are prepared by the Consultant pursuant to this Agreement (collectively "Work Products"). The Village shall provide professional credit to the Consultant in the Village's development, promotional and other materials which include the Consultant's Work Products.

## **12. SAVINGS CLAUSE.**

12.1. If any provision of this Agreement, or the application of such provision, shall be rendered or declared invalid by a court of competent jurisdiction, or by reason of its requiring any steps, actions or results, the remaining parts or portions of this Agreement shall remain in full force and effect.

## **13. NON-WAIVER OF RIGHTS.**

13.1. No failure of either party to exercise any power given to it hereunder or to insist upon strict compliance by the other party with its obligations hereunder, and no custom or practice of the parties at variance with the terms hereof, nor any payment under this agreement shall constitute a waiver of either party's right to demand exact compliance with the terms hereof.

13.2. This Agreement shall not prohibit the Consultant from providing engineering Services to any other public or private entity or person. In the event that the Consultant provides Services to a public or private entity or person, the Village, at its sole discretion, may determine that such Services conflict with a service to be provided to the Village by Consultant, and the Village may select another civil engineer and/or land surveyor to provide such Services as the Village deems appropriate.

**14. THE VILLAGE'S REMEDIES.**

14.1. If it should appear at any time prior to final payment that the Consultant has failed or refused to prosecute, or has delayed in the prosecution of, the Services to be provided pursuant to this Agreement with diligence at a rate that assures completion of the Services in full compliance with the requirements of this Agreement, or has attempted to assign this Agreement or the Consultant's rights under this Agreement, either in whole or in part, or has falsely made any representation or warranty, or has otherwise failed, refused, or delayed to perform or satisfy any other requirement of this Agreement or has failed to pay its debts as they come due ("Event of Default"), and has failed to cure, or has reasonably commenced to cure any such Event of Default within fifteen (15) business days after Consultant's receipt of written notice of such Event of Default, then the Village shall have the right, at its election and without prejudice to any other remedies provided by law or equity, to pursue any one or more of the following remedies:

14.1.1. The Village may require the Consultant, within such reasonable time as may be fixed by the Village, to complete or correct all or any part of the Services that are defective, damaged, flawed, unsuitable, nonconforming, or incomplete and to take any or all other action necessary to bring Consultant and the Services into compliance with this Agreement;

14.1.2. The Village may accept the defective, damaged, flawed, unsuitable, nonconforming, incomplete, or dilatory Services or part thereof and make an equitable reduction in the Contract Price;

14.1.3. The Village may terminate this Agreement without liability for further payment of amounts due or to become due under this Agreement except for amounts due for Services properly performed prior to termination;

14.1.4. The Village may withhold any progress payment or final payment from the Consultant, whether or not previously approved, or may recover from Consultant, any and all costs but not exceeding the amount of the Contract Price, including attorneys' fees and administrative expenses, incurred by the Village as the result of any Event of Default or as a result of actions taken by the Village in response to any Event of Default; or

14.1.5. The Village may recover any damages suffered by the Village as a result of the Consultant's Event of Default.

**15. NO COLLUSION.**

15.1. The Consultant hereby represents and certifies that the Consultant is not barred from contracting with a unit of state or local government as a result of: (1) a delinquency in the payment of any tax administered by the Illinois Department of Revenue unless Consultant is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of the tax, as set forth in 65 ILCS 5/11-42.1-1; or (2) a violation of either Section 33E-3 or Section 33E-4 of Article 33E of the Criminal Code of 1961, 720 ILCS 5/33E-1 *et seq.* The Consultant hereby represents that the only persons, firms, or corporations interested in this Agreement are those disclosed to the Village prior to the execution of this Agreement, and that this Agreement is made without collusion with any other person, firm, or corporation. If at any time it shall be found that Consultant has in procuring this Agreement, colluded with any other person, firm, or corporation, then the Consultant shall be liable to the Village for all loss or damage that the Village may suffer thereby, and this Agreement shall, at the Village's option, be null and void and subject to termination by the Village.

**16. ENTIRE AGREEMENT.**

16.1. This Agreement sets forth all the covenants, conditions and promises between the parties, and it supersedes all prior negotiations, statements or agreements, either written or oral, with regard to its subject matter. There are no covenants, promises, agreements, conditions or understandings between the parties, either oral or written, other than those contained in this Agreement.

**17. GOVERNING LAW AND VENUE.**

17.1. This Agreement shall be governed by the laws of the State of Illinois both as to interpretation and performance.

17.2. Venue for any action brought pursuant to this Agreement shall be in the Circuit Court of Cook County, Illinois.

**18. NOTICE.**

18.1. Any notice required to be given by this Agreement shall be deemed sufficient if made in writing and sent by certified mail, return receipt requested, by personal service, or by electronic transmission to the persons and addresses indicated below or to such other addresses as either party hereto shall notify the other party of in writing pursuant to the provisions of this subsection:

If to the Village:

Village Manager  
Village of Oak Park  
123 Madison Street  
Oak Park, Illinois 60302  
Email: [Villagemanger@oak-park.us](mailto:Villagemanger@oak-park.us)

If to the Consultant:

Meg Kindelin, AIA  
Johnson Lasky Kindelin Architects, Inc.  
230 West Huron, Suite 510  
Chicago, Illinois 60654  
Email: [mkindlin@jlkarch.com](mailto:mkindlin@jlkarch.com)

18.2. Mailing of such notice as and when above provided shall be equivalent to personal notice and shall be deemed to have been given at the time of mailing.

18.3. Notice by electronic transmission shall be effective as of date and time of electronic transmission, provided that the notice transmitted shall be sent on business days during business hours (9:00 a.m. to 5:00 p.m. Chicago time). In the event electronic notice is transmitted during non-business hours, the effective date and time of notice is the first hour of the first business day after transmission.

**19. BINDING AUTHORITY.**

19.1. The individuals executing this Agreement on behalf of the Consultant and the Village represent that they have the legal power, right, and actual authority to bind their respective parties to the terms and conditions of this Agreement.

**20. HEADINGS AND TITLES.**

20.1. The headings or titles of any provisions of this Agreement are for convenience or reference only and are not to be considered in construing this Agreement.

**21. COUNTERPARTS; FACSIMILE OR PDF SIGNATURES.**

21.1. This Agreement shall be executed in counterparts, each of which shall be considered an original and together shall be one and the same Agreement.

21.2 A facsimile or pdf/email copy of this Agreement and any signatures thereon will be considered for all purposes as an original.

**22. EFFECTIVE DATE.**

22.1. As used in this Agreement, the Effective Date of this Agreement shall be the date that the Village manager for the Village of Oak Park executes this Agreement as set forth below.

**23. AUTHORIZATIONS.**

23.1 The Consultant's authorized representatives who have executed this Agreement warrant that they have been lawfully authorized by the Consultant's board of directors or its by-laws to execute this Agreement on its behalf. The Village Manager warrants that she has been lawfully authorized to execute this Agreement. The Consultant and the Village shall deliver upon request to each other copies of all articles of incorporation, bylaws, resolutions, ordinances or other documents which evidence their legal authority to execute this Agreement on behalf of their respective parties.

**24. EQUAL OPPORTUNITY EMPLOYER.**

24.1. The Consultant is an equal opportunity employer and the requirements of 44 Ill. Adm. Code 750 APPENDIX A and Chapter 13 ("Human Rights") of the Oak Park Village Code are incorporated herein as though fully set forth. The Consultant shall not discriminate against any employee or applicant for employment because of race, sex, gender identity, gender expression, color, religion, ancestry, national origin, veteran status, sexual orientation, age, marital status, familial status, source of income, disability, housing status, military discharge status, or order of protection status or physical or mental disabilities that do not impair ability to work, and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization. The Consultant shall comply with all requirements of Chapter 13 ("Human Rights") of the Oak Park Village Code.

In the event of the Consultant's noncompliance with any provision of Chapter 13 ("Human Rights") of the Oak Park Village Code, the Illinois Human Rights Act or any other applicable law, the Consultant may be declared non-responsible and therefore ineligible for future Agreements or subcontracts with the Village, and the Agreement may be cancelled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation.

In all solicitations or advertisements for employees placed by it on its behalf, the Consultant shall state that all applicants will be afforded equal opportunity without discrimination because of race, sex, gender identity, gender expression, color, religion, ancestry, national origin, veteran status, sexual orientation, age, marital status, familial status, source of income, disability, housing status, military discharge status, or order of protection status or physical or mental disabilities that do not impair ability to work.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be signed by their duly authorized representatives on the dates set forth below.

RE: Oak Pak Village Hall Feasibility Study  
Oak Park, Illinois

Dear Mr. Sproule,

We are pleased to submit this proposed fee for Historic Preservation Architectural Services to prepare a Historic Preservation Feasibility Study for the Oak Park Village Hall (OPVH). We base this fee on our understanding of the project gleaned from the RFQ materials, our informative interview process, and follow up calls and exchange of information with you. The following constitutes our proposal for *Professional Services* regarding the above-referenced project.

**Project Understanding:**

**1. Overview:**

The Village has asked that JLK prepare a report analyzing the potential for continued use and restoration/rehabilitation of OPVH. JLK and team will prepare a survey of Character Defining Features and a preservation plan for the building. These elements will be considered alongside extant programming and assessment findings prepared by others under a separate contract (FGM Architects). JLK will prepare three options for continued use of the OPVH for review and discussion. The preferred option will be developed as the final scheme, and this will be priced and presented as the final work product. Final renderings may be prepared to communicate one design idea for the proposed scheme.

**2. Use of the Study:** The study will be submitted as a tool for the Village to use alongside existing reports to analyze opportunities for reuse of the building and determine a path forward.

**3. Project Design Team:**

Meg Kindelin, AIA, JLK Architects  
Katie McNamee, JLK Architects  
Kelsey Kuehn, JLK Architects  
Harshitha Beere, JLK Architects  
Tim Scovic, AIA JLK Architects  
Josh Houston, Middleton

Partner in Charge  
Project Manager  
Project Architectural Historian  
Architecture and Analysis  
Preservation Leader  
Cost Estimating

4. **Budget: NA / Study**

5. **Schedule:** Approximately an 18-week study duration, assuming start date of November 1, 2023. This also includes 3 2-week review periods for OPVH staff and other users to review and comment. We recognize that user group interviews, meetings, and review schedules may lengthen the overall submittal schedule.

	Kick off	Week 1
Submittal 1	Site Survey, Historic Analysis <i>Review Period and meeting 1</i>	3 weeks <i>2 weeks or as scheduled</i>
Submittal 2	3 Schemes and Pricing <i>Review Period and meeting 2</i>	4 weeks <i>2 weeks or as scheduled</i>
Submittal 3	Preferred Scheme Discussion <i>Review Period and meeting 3</i>	3 weeks <i>2 weeks or as scheduled</i>
Submittal 4	Final Report Public Presentation <i>(meeting 4)</i>	2 weeks

*Final Schedule dependent on stakeholder/participants availability for meetings and presentations during these months, correlation with regularly scheduled Village Board Meetings, etc.*

6. **Documentation Reviewed:** We understand that the following documents will be provided to us in digital format:

- Original Drawings of the OPVH, and subsequent alteration documents as are extant*
- Historic Photographs*
- Programming Study for the OPVH as prepared by FGM Architects 2023*
- Proposed Schemes for New Village Hall or Reused Village Hall as prepared by FGM Architects, 2023*
- Digital Plans of the OPVH*

**Professional Services:**

**OPVH Historic Preservation Assessment, Planning & Feasibility Study  
(outline with deliverables, tasks aligned to those presented in the RFP response)**

**Task 1 | Evaluate the Existing Building, Research, and Create Building Preservation Plan**

- Kick Off:** JLK's architects and historians will meet with Village Staff and the existing Architectural firm to review the project goals, facility needs, and existing condition reports for the Village Hall.
- Review:** JLK's architectural historians will review the National Register nomination form for the Village Hall to understand the building's historic significance and identify the character-defining features, finishes, materials, and spaces that contribute to and communicate historic significance. Our historians will also review any readily available additional historic documentation, including photographs and drawings, to

aid in developing an understanding of the features that contribute to the building's historic significance.

3. **Site Walk:** JLK's architects and historians will walk through Village Hall with Village Staff and staff from the existing Architectural firm to gain an understanding of the existing conditions as they relate to existing challenges, project goals, and facility needs.
4. **Building Preservation Plan:** JLK will prepare a high-level Building Preservation Plan to define the spaces comprising Village Hall into primary, secondary, and tertiary historic building zones, categorized according to historic integrity and significance. This information is presented through color-coded floor plans and elevations which depict historic building zones accompanied by photographs and narrative descriptions identifying character-defining features, finishes, materials, and spaces.
5. **Submittal 1:** Survey and Research Findings and the BPP will be presented in report format for review and comment by OPVH committee.
6. **Meeting 1:** JLK will present report findings as a digital slide presentation at a public meeting as organized by the village.

## Task 2 | Program Analysis and Three Design Options

1. **Conceptual Design Options:** Informed by analysis of existing conditions, project goals, and the Building Preservation Plan, JLK will prepare a report illustrating three (3) conceptual design options that investigate ways that the Village Hall can meet project goals informed by preservation standards. JLK will produce sketches, diagrams, and/or drawings and written narratives describing the conceptual design options. Each option will also be measured according to merit with associated advantages and disadvantages related to project goals and preservation standards.
  - a. Reuse programming will be based on the Programming Study prepared by FGM Architects in 2023.
  - b. Middleton Construction Consulting (MCC) will be engaged to develop budget estimates and help us understand the cost-related implications of the various strategies for reuse. Pricing will be at a Rough Order of Magnitude level, not line-item pricing.
2. **Review:** All conceptual design options and associated budget estimates will be reviewed with Village Staff and the existing Architectural firm.
3. **Submittal 2:** Three schemes and commentary will be presented in report format for review and comment by OPVH committee.
4. **Meeting 2:** JLK will present schemes finding as a digital slide presentation at public meeting as organized by the village. Comments will be collected and reviewed by JLK along with the Committee in an effort of narrowing down options to select a preferred option.

## Task 3 | Prepare Preferred Design Option

1. **Preferred Scheme Refinement:** JLK will prepare a scheme that best meets project goals and preservation standards and is reflective of the public process.
2. **Submittal 3:** JLK will update the report documenting the conceptual design options, including the recommended scheme and associated cost estimate.

3. **Meeting 3:** JLK will present the preferred scheme as a digital slide presentation at public meeting as organized by the village.

#### **Task 4 | Cumulative Report and Presentation**

1. **Submittal 4:** JLK will submit the final report documenting the conceptual design options, including the finalized recommended scheme and associated cost estimate.
2. **Meeting 4:** With Village Staff and the existing Architectural firm, JLK will aid in preparing and presenting a summary of the information included in the final report to the Facility Review Committee and the Village Board.

#### **Task 5 | Additional Meetings**

1. Four Additional Meetings with the Facility Review Committee and/or the Village Board to be used at the project discretion.

#### **Exclusions:**

Additional services not included in the above base scope include but are not limited to the following:

1. Any additional programming such as that would result in finer, design development-level planning or layouts.
2. Architectural renderings and views to express design concept.
3. Production of text, image, logos, layouts, booklets, in any media that would be used as marketing material for the Village.

#### **Compensation:**

Based upon the *Project Understanding* and *Professional Services* above and upon the Qualifications section that follows, we propose professional service fees as follows:

##### **1. Professional Services**

For the Architectural and Cost Estimating Services defined in the *Professional Services* section above, we propose a **FIXED FEE** of **\$43,800** payable according to the following breakdown of total compensation:

Phase 1: Preservation Analysis and Building Preservation Plan <i>1 meeting</i>	35%
Phase 2: Program Analysis & Three Design Options <i>1 meeting</i>	30%
Phase 3: Prepare Preferred Design Option <i>1 meeting</i>	20%
Phase 4: Cumulative Report and Presentation <i>1 meeting</i>	15%

##### **2. Reimbursable Expenses**

The cost for reimbursable expenses for this project is estimated below

- A. Travel: \$150
- B. Printing if required: \$500
- C. Architectural renderings: billed hourly

### 3. Additional Services

The cost for additional services that are not included in the above work scope will be billed at an hourly rate based on the following rate schedule, current for 2023 work.

Principal	\$194.00
Senior Architect	\$130.00
Junior Architect	\$110.00
Admin	\$97.33
Intern	\$65.00

#### Qualifications:

1. Schedule is estimated based on 2-week stakeholder review periods for submittals.
2. Assessment does not include any material described in the exclusions above.

Respectfully submitted,

Meg Kindelin, AIA  
President

Mr. Rob Sproule  
Public Works Director – Village of Oak Park

RE: Response to Request for Professional Qualifications (RFQ)  
Project 23-130 Historic Preservation Architectural Services for Oak Park Village Hall Facility Renovation Evaluation

Mr. Sproule,

We are proud and pleased to present our professional service qualifications for Historic Preservation Architectural Services for the Oak Park Village Hall Facility Renovation Evaluation project. JLK Architects' work with historic buildings in and around Chicago goes back to 1992, and we're excited for this opportunity to work on this wonderful National Register-listed building.

**Why JLK?** As local experts in historic preservation, our current and past projects are varied and showcase our strengths, but JLK is also active in feasibility studies, programming analysis, and civic work. We're eager to continue this work at Oak Park Village Hall.

**We know historic preservation.** We're a full-service architecture firm and our core specialty is historic preservation and existing structures. We have a strong portfolio, a dedicated and technically expert staff, and awards attesting to our strength and dedication to the principles of Historic Preservation standards and practice at every level. Our past experiences ensure our future successes, and our experience with Modern historic buildings and municipal projects lends well to this opportunity. We recently completed a similar study for the Harry Weese-designed Goose Lake Prairie Visitor Center for the State of Illinois, and we're wrapping up programming and build-out for a 250,000-square-foot downtown office space for the City of Chicago.

**We deliver.** JLK is proud to continue delivering high-quality, award-winning work. We have been awarded local, regional, and national historic preservation awards for a variety of projects, including small-scale restorations and large, complex rehabilitations. In 2023, our staff is being honored with local and national preservation awards for our historic preservation architectural services and tax credit consulting work at OSF HealthCare Ministry Headquarters in downtown Peoria.

**We listen.** With 30+ years experience in the field, we're savvy and adept collaborators. We're dedicated to building a relationship with all project stakeholders to understand existing conditions, needs, and project goals. Based in Chicago's River North, we can be on-site in Oak Park and attend public meetings on short notice. We prioritize listening to Village Staff, stakeholders, and the structures themselves. Historic buildings have much to say if you know how to listen to them! We've learned that some of the most valuable details and insights can only be gathered firsthand.

**We're ready!** We've grown to an office of 23 architects, historians, and support staff. From our 31-year history of preserving existing buildings, we've expanded our areas of expertise to include interiors, office environments, facility programming, and additions. We are experienced with successfully providing historic preservation services for sensitive public projects in Chicago and the surrounding communities. We're positioned to prioritize this project and eager to work on this wonderful National Register-listed building.

In summary, we're excited to submit the enclosed qualifications and requested information. I, Meg Kindelin, President of JLK Architects, will serve as the main contact for the purposes of this RFQ. JLK Architects is a certified woman-owned (WBE) Subchapter S (Small Business) Corporation in the State of Illinois located at 230 West Huron Street, Suite 510, Chicago, IL 60654. I can be reached by phone at (773) 729-0153 and by email at [mkindelin@jlkarch.com](mailto:mkindelin@jlkarch.com).

Thank you for your time and consideration.

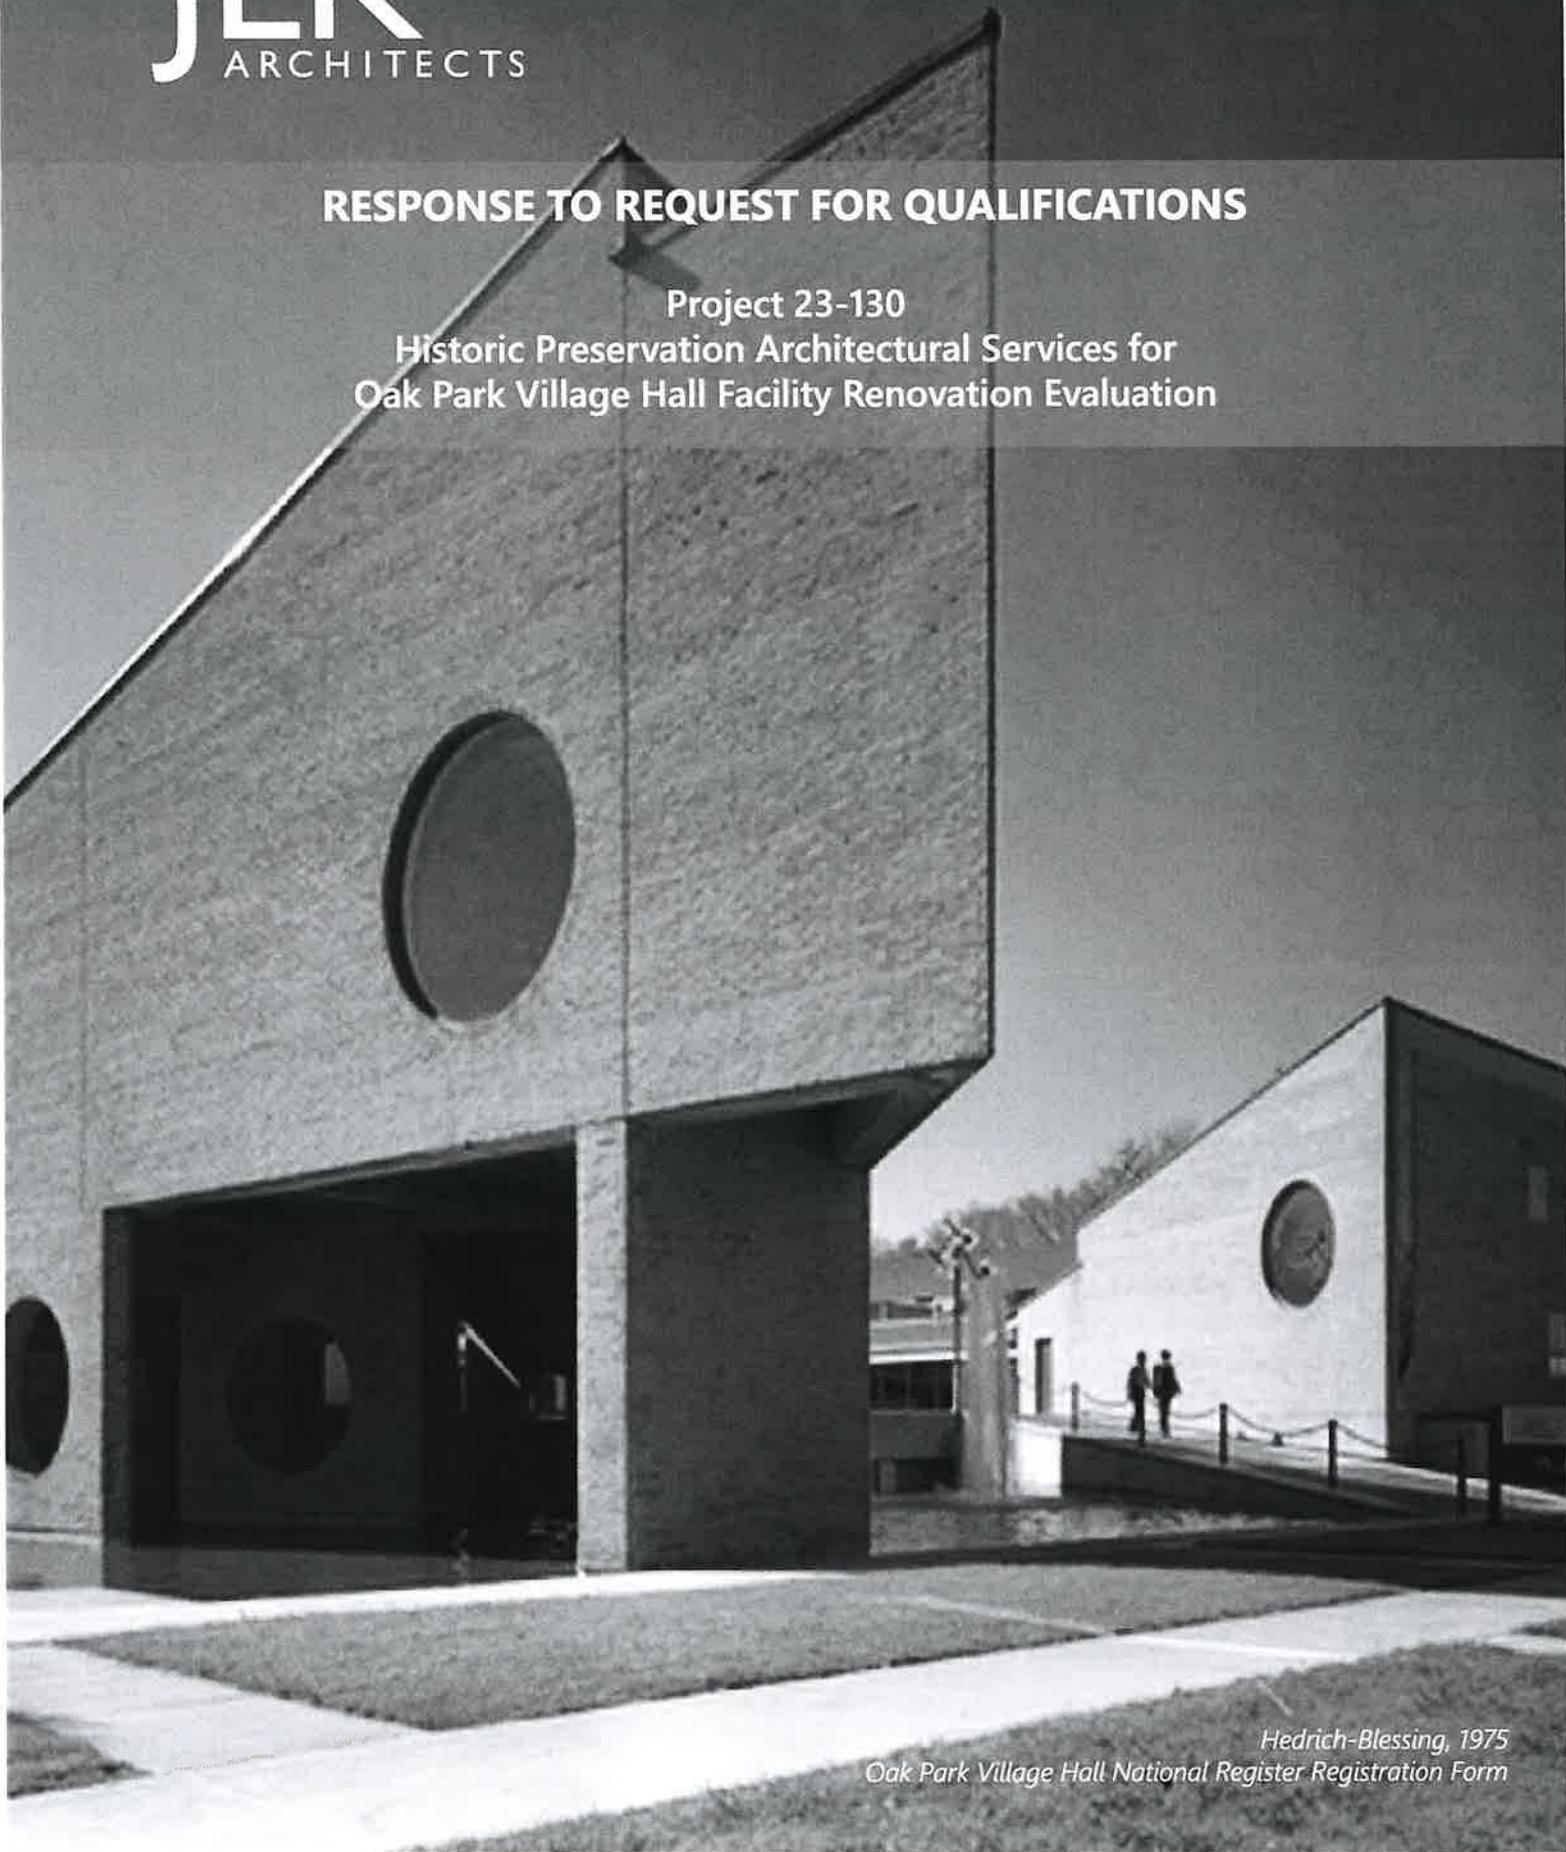

The signature of Meg Kindelin, AIA, is written in black ink in a cursive, flowing style.

JLK Architects

## RESPONSE TO REQUEST FOR QUALIFICATIONS

Project 23-130

Historic Preservation Architectural Services for  
Oak Park Village Hall Facility Renovation Evaluation

*Hedrich-Blessing, 1975*  
Oak Park Village Hall National Register Registration Form

# 01

## PROJECT APPROACH

JLK understands that the Village of Oak Park is seeking to engage historic preservation experts in evaluating the feasibility of renovating the National Register-listed Village Hall facility. Over our 31-year history as a leading preservation architecture firm in Chicago, architects and historians in JLK's Historic Preservation Studio have successfully prepared the documentation and reporting necessary for various projects involving historic structures, including Condition Assessments, Feasibility Studies, and Building Preservation Plans.

Preservation architects and architectural historians in our **Historic Preservation Studio** are prepared to take the following approach to meet the Village of Oak Park's goals balancing the needs of modern Village governance while preserving the existing building's historic integrity. JLK is ready to undertake the work described and positioned to begin the project upon receipt of a notice to proceed.

### Task 1 | Evaluate the Existing Facility Report and Project Goals

1. JLK's architects and historians will meet with Village Staff and the existing Architectural firm to review the project goals, facility needs, and existing condition reporting for the Village Hall.
2. JLK's architectural historians will review the National Register registration form for the Village Hall to understand the building's historic significance and identify the character-defining features, finishes, materials, and spaces that contribute to and communicate historic significance. Our historians will also review any readily available additional historic documentation, including photographs and drawings, to aid in developing an understanding of the features that contribute to the building's historic significance.
3. JLK's architects and historians will walk through Village Hall with Village Staff and staff from the existing Architectural firm to gain an understanding of the existing conditions as they relate to project goals and facility needs.

### Task 2 | Design Options and Costs

1. Building Preservation Plan
  - a. A Building Preservation Plan is an important guide to understanding a historic building by identifying and documenting preservation priorities according to historic integrity and significance. The plan aids in informed decision-making during maintenance and renovation activities.
  - b. JLK will prepare a high-level Building Preservation Plan to define spaces comprising Village Hall according to primary, secondary, and tertiary historic building zones categorized according to historic integrity and significance. This information is represented by color-coded floor plans and elevations which depict historic building zones accompanied by photographs and narrative descriptions identifying character-defining features, finishes, materials, and spaces.
2. Conceptual Design Options
  - a. Informed by analysis of existing conditions, project goals, and the Building Preservation Plan, JLK will prepare conceptual design options that investigate ways that Village Hall can meet project goals informed by preservation standards. JLK will produce sketches/drawings and written narratives describing the conceptual design options. Each option will also be measured according to merit with associated advantages and disadvantages related to project goals and preservation standards.
  - b. Middleton Construction Consulting (MCC) will be engaged to develop budget estimates and help us understand the cost-related implications of the various strategies for reuse. JLK has a strong working relationship with MCC, our preferred professional cost estimator with special expertise in reuse and rehabilitation projects. We rely on MCC for projects with unique requirements, including work within occupied and public buildings where phasing and after-hours labor are necessary and factored into the planning process early on.
  - c. All conceptual design options and associated budget estimates will be reviewed with Village Staff and the existing Architectural firm to select a recommended scheme that best meets project goals and preservation standards.

*Hedrich-Blessing (1975) and Norma Rios (2013), Oak Park Village Hall National Register Registration Form*

### **Task 3 | Prepare Report and Presentation**

1. JLK will prepare a final report documenting the conceptual design options, including the recommended scheme and associated cost estimate.
2. With Village Staff and the existing Architectural firm, JLK will aid in preparing and presenting a summary of the information included in the final report to the Facility Review Committee and the Village Board, with which JLK will also participate and present in up to five public meetings.

### **Project Schedule**

We expect the work described to take place over approximately 10 weeks with additional time for review by Village of Oak Park Staff according to the following durations:

Task 1: 3 weeks, dependent upon building access and receipt of necessary project materials and documentation, including existing conditions report, historic drawings, and photographs.

Task 2: 4 weeks, culminating in a review meeting with stakeholders and Village Staff.

Task 3: 3 weeks, culminating in delivery of the final report and associated summary presentation.

### **Quality Control & Quality Assurance Protocols**

JLK maintains a robust quality control and quality assurance program. We take extreme care to ensure that all measures and activities, both on-site and in the office, are performed to the highest standard of both safety and professional requirements. Senior architectural staff provide technical review, management, and oversight throughout all tasks of every project to ensure the highest quality and accuracy at every stage. JLK takes additional care to manage and review the work of all subcontractors.

### **Challenges & Critical Project Elements**

JLK frequently prepares condition assessments, feasibility studies, and preservation plans for historic buildings. In our experience, the biggest challenge in projects of this nature is hidden conditions that are difficult to diagnose and understand when services do not include detailed forensics such as scanning or investigative demolition. Fortunately, we are confident that the existing conditions report prepared by the existing Architectural firm and the input of Village Staff will guide our analysis here.

### **Village Staff & Public Engagement**

JLK understands that the Village of Oak Park is engaged with another Architectural firm and is seeking additional consultation from historic preservation experts. JLK is a collaborative office which values inclusivity and close coordination with all project stakeholders. We will seek and carefully consider the experience and input of Village Staff during all tasks, from understanding project goals and existing conditions through conceptual design, final reporting and presentation.

Public engagement is an essential part of working with historic buildings. We are committed to working with Village Staff as partners in sharing information and gathering feedback from all project stakeholders, including the Facility Review Committee and Village Board.

We should note our frequent past collaboration with FGM Architects providing historic preservation architecture services. In this role we are confident in our abilities to collaborate with the existing project team, and we would be happy to collaborate directly to best understand the existing conditions and meet project goals.

JLK is a woman-owned full-service preservation architecture firm with a staff of preservation architects and architectural historians comprising our Historic Preservation Studio. Our staff meet the Secretary of the Interior Professional Qualifications Standards, which are used by the National Park Service, in the areas of Architectural History, Architecture, and Historic Architecture.

Personnel dedicated to this project are outlined in the organizational chart below and resumes detailing relevant experience are included in the following pages.

JLK guarantees that, so long as the following staff continued to be employed, the project team will remain as proposed and will be assigned to this project for its duration. JLK will ensure that any substitution or other change in project team personnel will be submitted to the Village of Oak Park for approval in advance.

#### JLK Architects Personnel

Meg Kindelin, Principal in Charge will oversee all aspects of the project. Tim Scovic, Historic Preservation Studio Director, will lead the quality control/quality assurance process and provide technical review and oversight. Katie McNamee, Project Manager will manage the project schedule, communication, and deliverable production. Kelsey Kuehn, Architectural Historian will review existing NRHP Nomination, identify and evaluate character-defining features, assist in the preparation of the Building Preservation Plan and all other reporting and presentation development. Harshitha Beere, Project Architect, will review existing conditions reporting and aid in developing the Building Preservation Plan and conceptual design options.

## Tim Scovic, AIA, NCARB

Associate Principal | HP Studio Director

Tim has over 15 years of architecture experience, including work on over 24 properties listed in the National Register of Historic Places. He has specific expertise in pre-design services such as historic research, preservation master plans, historic structure reports, conservation management plans, feasibility studies, HABS/HAER documentation, and historic preservation tax credit applications. Tim masterfully and efficiently manages assessment, restoration, and rehabilitation projects of varied sizes and budgets through all phases of design and construction administration.

## Katie McNamee

### Associate | Project Manager-Architect

With varied experience in architectural design, project management, historic preservation, and facility programming, Katie brings a unique and holistic understanding of the built environment. Her experience includes projects involving higher education institutions, religious structures, military installations, and federal and civic buildings. She is well-versed in all aspects of project phases and proficient with condition assessments, space planning and feasibility studies, historic research, HABS/HAER/HALS historic building documentation, and reporting for historic tax credits and regulatory compliance efforts, including Section 106.

## Kelsey Kuehn

Associate | Architectural Historian

Kelsey is a multidisciplinary Architectural Historian with experience in architectural studies, historic preservation, and cultural resources management. She exceeds the Secretary of the Interior's Professional Qualifications for Architectural History and is experienced with conducting archival research, surveying, documenting, and evaluating historic buildings, and authoring various technical reports. Having contributed to National Register Nominations, Historic Tax Credits projects, and both Section 106 and Section 110 National Historic Preservation Act compliance efforts for diverse projects in 16 states, Kelsey is well-versed in successfully navigating these processes.

# JOSH HOUSTON

**VICE PRESIDENT | LEAD COST CONSULTANT**  
**MIDDLETON CONSTRUCTION CONSULTING**

Josh has over eighteen years of experience in the construction industry which began in New York and since carried over to Chicago beginning in 2008. Having initially worked as a cost estimator and project manager for substantial commercial construction projects working for a large general contractor, he has worked on the owners representation side and as a member of the design team since 2008.

Having lead many projects of all sizes and types to successful completion, Josh uses the experience gained working in multiple large markets to manage and serve as the lead point of contact for all Illinois projects. His experience provides a base of information to establish contract values from the early design phases through construction documents including value engineering and bid reconciliation.

## REPRESENTATIVE PROJECT EXPERIENCE

### **UIUC ALTGELD HALL RENOVATION, ILLINI HALL NEW CONSTRUCTION | CHAMPAIGN, IL | 2021 | \$192 M**

Lead cost estimator for the complete interior and exterior renovation of Altgeld Hall (76,438 GSF), the second oldest building on campus and listed on the National Register of Historic Places, to a world class academic enterprise including the removal and repair of 30,000 SF of roofing, and the demolition and construction of the new Illini Hall (147,338 GSF) to include an innovative data science center for the departments of Mathematics and Statistics.

### **UIUC IL STREET RESIDENCES TOWNSEND & WARDALL HALLS | URBANA, IL | 2021 | \$55 M**

Lead cost estimator: Provided Cost Estimating services for the renovation of the existing 10-story 110,000 GSF residence halls. Projects included full HVAC, electrical, plumbing and low voltage systems upgrades. The exterior precast facades of both buildings were repaired and cleaned, including all windows in both buildings replaced.

### **UIUC HARKER HALL STUDY | URBANA, IL | ONGOING | \$TBD**

Lead cost estimator for this feasibility study for the reuse of Harker Hall, the oldest building on campus and listed on the National Register of Historic Places. Programming will create space for new offices supporting the Chancellor and senior leadership.

### **UIUC UNDERGRADUATE LIBRARY REDEVELOPMENT | URBANA, IL | TBD | \$46.8 M**

Lead cost estimator for the redevelopment of the 95,920 GSF undergraduate library at the University of Illinois Urbana-Champaign into a special collections center which will include both public service and technical and processing functions for the Rare Book and Manuscript Library, the University Archives, and the Illinois History and Lincoln Collections.

### **UIUC NOYES LAB, SMITH HALL, & STOCK PAVILION ROOF REPLACEMENTS | CHAMPAIGN, IL | 2022 | \$1.1 M**

Lead cost estimator for the replacement of ~14,630 GSF of roofing at multiple buildings on campus including repair and replacement of exterior stone and masonry such as perimeter facades and roof parapets.

In all, JLK's Historic Preservation Studio staffs nine, Secretary of the Interior-qualified Preservation Architects and Architectural Historians. Our experience preparing feasibility and preservation planning studies for buildings of all styles, types, and conditions – including modern public buildings – lends us the necessary skills and attention for this work. As collaborative historic preservationists, we regularly partner with architects of record, including FGM Architects, to ensure that modernization projects at historic structures meet client goals, preservation standards, and community interests.

Please find a summary of relevant project experience below and detailed information about four select projects included in the following pages.

Harker Hall is an Italianate style building built in 1878 and originally designed by Nathan Ricker and John M. Van Odsel as the Chemical Laboratory building. Harker Hall was listed on the National Register of Historic Places on November 19, 1986. It is the oldest building on the UIUC campus and has been in use by the home of the University of Illinois Foundation offices since 1991.

JLK is completed a programming and feasibility study for the reuse of Harker Hall as the new offices for the Chancellor and other senior leadership.

Services engaged:

- Space programming for new office layouts and shared building amenities
- Test fit analysis, including three scheme alternatives and space renderings
- Site, public approach, and wayfinding analysis
- Preservation planning and overall building condition assessment, including structural, mechanical, plumbing, and fire protection assessments as well as hazardous materials testing
- Cost estimating services

JLK is working closely with the KAM Isaiah Israel congregation to restore their 99-year-old Byzantine-style synagogue designed by noted architect Alfred Alschuler. The building was completed in 1924 and is significant for its several Guastavino domes. All planning and design work is being undertaken in stages and consistent with the Secretary of the Interior Standards for Treatment of Historic Properties.

JLK reviewed historic documentation and completed careful conditions assessments, programming and feasibility studies with stakeholders, and phased plans for an interior renovation. An initial Feasibility and Preservation Study Report was prepared to guide the now ongoing restoration.

Later additions from 1948 and 1973 are not entirely functional. JLK is balancing the reimagination of these spaces with the current and anticipated needs of the congregation and the historic period of significance and character-defining features of the historic synagogue to provide a rejuvenated facility that supports the congregation.

JLK was the Historic Preservation Architect and Historic Tax Credit Consultant for the rehabilitation and reuse of three buildings in Peoria's Downtown District for the new headquarters for the Order of St. Francis (OSF) Healthcare System, the largest healthcare organization in the Midwest. The client earned 45% of all project costs through federal and state historic tax credits by completing the project in accordance with national preservation standards.

JLK directed the preservation work to ensure all aspects of the project met the Secretary of the Interior's Standards for Rehabilitation and coordinated directly with the Illinois State Historic Preservation Office on the tax credit application and review. Work also included historic research, extensive surveying of historic materials and spaces in the building, and directing the team on all historic details, treatment, and strategies.

Goose Lake Prairie Visitor Center is a Modern style building dedicated in 1978 and designed by prominent architect Harry Weese. The center is located at the Goose Lake Prairie State Natural Area, the largest prairie west of the Mississippi River., and houses lobby, reception, office, and interpretive spaces. The building was closed to the public at the time of JLK's study due to its poor condition and functionally obsolete spaces.

JLK completed a building condition assessment and programming analysis for the Illinois Department of Natural Resources. JLK documented existing conditions, spatial configuration, and use to evaluate programmatic needs.

## Services engaged:

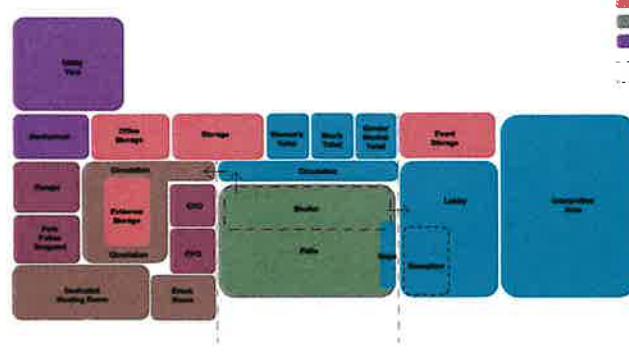

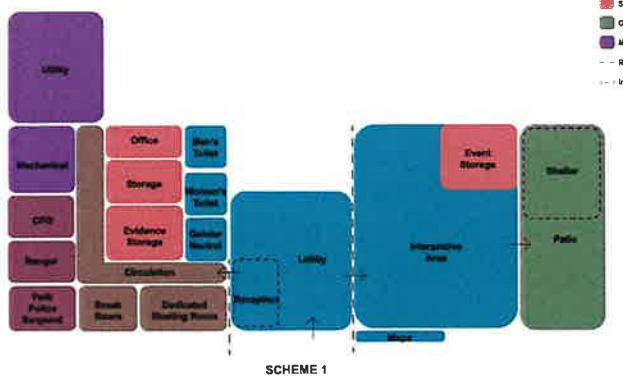

- Overall building condition assessment, including structural assessments and hazardous materials testing
- Documentation and analysis of existing programming, spatial configuration, and use
- Identification and evaluation of programming needs via spatial analysis and client coordination
- Preliminary programming and use planning, including development scheme alternatives

Original Site Plans Reviewed to Inform Conditions Assessment

## **Request for Qualifications (RFQ)**

for

### **Project 23-130 Historic Preservation Architectural Services**

for

### **Oak Park Village Hall Facility Renovation Evaluation**

**RFQ Issued: August 23, 2023**

**Response Due: 3:00 PM on September 14, 2023**

The Village of Oak Park, Illinois (the Village) is issuing a Request for Qualifications (RFQ) to solicit qualifications from interested architectural firms to provide Historic Preservation Architectural Services.

To have your qualifications considered, the documents must be submitted via email with a subject of:

**Project 23-130  
Historic Preservation Architectural Services  
for  
Oak Park Village Hall Facility Renovation Evaluation**

Qualification emails must be received by the Village, no later than 3:00 PM on September 14, 2023. Qualifications received after the closing time and date will not be considered.

## Project Information

### Notice to Firms

The Village of Oak Park, Illinois (the Village) is issuing a Request for Qualifications (RFQ) to solicit qualifications from interested architectural firms to provide Historic Preservation Architectural Services for the Oak Park Village Hall Facility Renovation Evaluation. These services will be procured in accordance with the applicable sections of the Village's Purchasing Policy related to Qualifications Based Selection (QBS).

### Project Objective

The Village of Oak Park is evaluating the feasibility of renovating the current Village Hall facility to meet the needs of modern Village governance while preserving the historic integrity of the existing building and the spirit of Open Government. The project goals include:

- Meeting current building codes including addressing life safety issues.
- Meeting current accessibility codes including Illinois Accessibility Code and Americans with Disabilities Act.
- Meeting or exceeding the Illinois Energy Conservation Code.
- Addressing safety and security issues for the building and site.
- Making the existing building functional as a modern Village Hall including addressing space, noise, and lack of support facilities (including but not limited to: Gender-Neutral Bathrooms, Employee Wellness / Interfaith spaces, and a Lactation Room) issues.

The Village has already engaged an architectural firm to evaluate the condition of the existing Village Hall Building and outline minimum renovation requirements. That firm will identify and outline the necessary improvements for the facility to meet the outlined goals of the Renovation Evaluation Study project. The evaluation and necessary improvements report will be completed shortly and made available to the selected Historic Preservation Architectural Firm.

The intent of this project is to engage a separate architectural firm with experience in historic preservation to evaluate the viability of the facility to address outlined needs, identify options for meeting those needs and define the cost of renovating the Village Hall facility to meet the goals of the Village and the specific needs outlined in the report prepared for the Village while maintaining the historic integrity of the existing building and the spirit of Open Government.

### Budget and Term

The Village has budgeted \$40,000 for historic architectural services for the term of the agreement. The Village expects the deliverables for this project to be delivered prior to December 31, 2023.

### Scope of Services

This project is being managed by the Village utilizing local funds for all costs. A Professional Services Agreement ("Contract") will be executed with the Village for the project. The Village anticipates completion of this project prior to December 31, 2023.

- Firms responding to this RFQ must have experience in design of renovations to historic commercial and municipal buildings.
- Firms responding to this RFQ must have recent and relevant experience in developing cost estimates for proposed options.

- Firms responding to this RFQ must have experience presenting to local boards or commissions.
- Firms responding to this RFQ must have an Illinois or Chicagoland office.

The preliminary scope of work for each task is provided below.

#### Task 1 – Evaluate the Existing Facility Report and Project Goals

- Meet with Village Staff and existing Architectural firm to review identified project goals and facility needs.
- Review the existing condition report for the Village Hall.
- Review the National Register of Historic Places Registration Form to understand the historical aspects that must be maintained.
- Tour the existing Village Hall facility to gain insight into the conditions and issues that will need to be addressed.

#### Task 2 – Design Options and Costs

- Develop Conceptual Design Options to meet facility needs that meet the intent of the Village's project goals and facility needs while maintaining the historic integrity of the building. The concepts to address specific project goals and facility needs shall be in the form of sketches/drawings and narratives.
- Develop Budget estimates for proposed design options that include all related soft costs, furniture, inflation, and sustainability considerations.
- Meet with Village staff and architectural consultant to review proposed options and estimated costs.

#### Task 3 – Prepare Report and Presentation

- Based on findings, prepare a report that outlines recommended options and summarizes potential renovation costs that meet the goals of the project and address facility issues.
- Work with Village staff and the architectural consultant to prepare and present a summary presentation to the Facility Review Committee and the Village Board.
- Participate and present in up to five public meetings with the Facility Review Committee and Village Board.

The detailed scope of services and schedule will be negotiated at the time of contract development.

## General Requirements

### General

The following general information is provided and will be carefully followed by all Consultants to ensure the qualifications are properly prepared.

1. All submitting Consultants must furnish all information required by this RFQ.
2. The Consultant shall notify the Village via an email to [rsproule@oak-park.us](mailto:rsproule@oak-park.us) that they have received the RFQ so that any addendums or communications can be sent electronically to the contact person identified in the email.
3. The Village reserves the right to conduct discussions with qualified Consultants in any manner necessary to serve the best interest of the Village and consistent with the Village's Purchasing Policy.

## Proprietary Information

1. Except as provided herein or as otherwise set forth in the Village's Purchasing Policy, all proceedings, records, contracts, and other public records relating to procurement transactions will be open to inspection in accordance with the Illinois Freedom of Information Act (5 ILCS 140/).
2. Each Consultant has the right to identify data or other materials submitted in connection with this procurement as trade secrets or proprietary information, which will not be subject to inspection pursuant to the Illinois Freedom of Information Act, by stating such in respect to the relevant portions at the time of submission of its proposal.

## Questions and Communication

1. All contact between prospective Consultants and the Village with respect to this RFQ will be formally held at scheduled meetings or in writing through the issuing representative. Questions and comments regarding meaning or interpretation of any aspect of this RFQ must be submitted in writing to the Village via email at [rsproule@oak-park.us](mailto:rsproule@oak-park.us), and must be received before 3:00 PM on September 8, 2023. Only written questions will be accepted. Questions and/or comments which are submitted after the deadline set forth within this RFQ will not be answered.
2. The Village will respond to all questions and comments that are submitted hereunder and are deemed to address a matter that is relevant and substantive in nature within a reasonable period of time, in the form of a written Addendum that will be transmitted via email to all prospective Consultants that have received the RFQ and posted on the Village's website. Oral communications between the Village and Consultant regarding the interpretation or meaning of any aspect of this RFQ are not authorized and may not be relied upon for any purpose.

## Addenda to the RFQ

1. The Village reserves the right to amend this RFQ at any time prior to the deadline for submitting qualifications. If it becomes necessary to revise any part of this RFQ, notice of the revision will be given in the form of an Addendum that will be provided to all prospective Consultants who are on record with the Village as having received this RFQ and posted on the Village's website. If, in the opinion of the Village, the deadline for the submission of proposals does not provide sufficient time for consideration of any Addendum, then such deadline may be extended at the discretion of the Village.
2. It will be the responsibility of each Consultant to contact the procurement contact identified in the RFQ prior to submission of a proposal hereunder in order to determine whether any addenda have been issued in connection with this proposal. Notwithstanding any provisions to the contrary, the failure of any Consultant to receive any Addenda will neither constitute grounds for withdrawal of its proposal nor relieve such Consultant from any responsibility for incorporating the provisions of any Addenda in its proposal. Upon issuance by the Village, Addenda will be deemed to have become a part of this RFQ to the same extent as if set forth fully herein.

## Arrearage, Debarment, and Suspension

By submitting qualifications in response to this RFQ, the Consultant will be deemed to represent that it is not in arrears in the payment of any obligation due and owing the Village, the State of Illinois, or any public body in Illinois. This representation will be deemed to include the payment of taxes and employee benefits. The Consultant further agrees that, in the event it is awarded a contract hereunder, it will not become in arrears to any such public body during the term of the contract. The Consultant agrees that no officer or employee thereof has been debarred or suspended or otherwise excluded from or ineligible for participation in, any public procurement activity of a nature similar to this RFQ. The Consultant will not knowingly engage any subcontractor who has been debarred or suspended or who is otherwise excluded from or ineligible for

participation in public procurement activity and will include in each of its subcontractors and subcontractor agreements certifications on the part of its subcontractors that satisfy the requirements of this provision.

## Submitting Qualifications

1. The deadline for submitting qualifications has been provided herein. Submittals will be opened in accordance with the provisions of the Village's Purchasing Policy. There will be no public opening. The list of prospective Consultants will be available for public inspection only after Contract award or upon cancellation of the RFQ.
2. Except as set forth below, the required transmittal or cover letter must accompany the proposal. The purpose of the transmittal or cover letter is to formally submit the qualifications to the Village and to bind the Consultant to the terms, conditions and specifications contained in the RFQ. The transmittal or cover letter must be signed by an individual who is authorized to bind the Consultant to all matters set forth in the qualifications.

## Late Qualifications

Qualifications or unsolicited amendments to qualifications arriving after the deadline will not be considered.

## Rejection of Qualifications

The Village reserves the right to: (a) reject any or all qualifications received; (b) cancel the RFQ at any time prior to award; and/or (c) waive informalities in the event the Village determines such action is in its best interest. Qualifications must meet or exceed the mandatory requirements of this RFQ. If a Consultant does not meet a mandatory requirement, it will be rejected.

## Presentations

The Village may elect to conduct interviews with prospective consultants. Consultants selected for an interview will be notified by September 19, 2023. The Village anticipates that any interviews will be conducted during the week of September 19, 2023.

## Negotiation

The Village requires a minimum three-person team to negotiate with firms. The team will consist of the Public Works Director, Village Planner, and Deputy Village Manager. The team may delegate this responsibility to other staff members.

In the event that the Village determines in writing and in its sole discretion that only one Consultant is fully qualified, or that one Consultant is clearly more highly qualified and suitable than the others under consideration, a contract may be negotiated and awarded to that Consultant. The Village reserves the right to negotiate any aspect of the proposal or the Contract in any manner that best serves the needs of the Village and is within the scope of this RFQ. The Village is under no obligation to award, but may do so based upon an analysis of submitted qualifications and subsequent negotiations.

## Cost

The Village will not be liable in any way for any costs incurred by respondents in replying to this RFQ.

## Submittal Organization and Format

Proposals will address the following general topics and also emphasize the Consultant's qualifications to perform the services. Proposals will be evaluated on the basis of the information presented by the Consultant and the evaluation criteria set forth in this RFQ. This selection is a QBS process and no firm shall submit estimates of cost with its proposal.

Consultants will follow the proposal format outlined in this section. Failure to adhere to the prescribed format may result in rejection of the Consultant's proposal. All proposal elements shall be included and shall include at a minimum the following:

### Transmittal or Cover Letter

A transmittal letter or cover letter must be prepared on the Consultant's letterhead, must accompany the proposal, and must be signed by a duly authorized representative of the Consultant. The transmittal or cover letter must include an affirmative statement that binds the firm to the terms, conditions; and specifications contained in the RFQ. At minimum, the letter must include all of the following information:

1. Consultant's full legal name
2. Type of entity and state of organization or incorporation
3. Consultant's principal address
4. Consultant's mailing address (if different)
5. Name and title of contact for the purposes of this RFQ
6. Telephone number and email address of principal contact

### Background

This section will include a brief history of the firm and its organization, including name and contact information of the principal or officer who will serve as the primary point of contact for the Consultant and who will have authority to negotiate on behalf of the Consultant. This section will also include a general description of the Consultant's experience in providing the services described in this RFQ, including any special qualifications, experience, awards, etc. At the election of the Consultant, the Background may be included in the Consultant's transmittal or cover letter.

### Project Approach

The purpose of this section is to present the Consultant's understanding of the project requirements. This section shall include a preliminary proposed management plan based on the scope of services outlined in this RFQ, including coordination of multiple concurrent tasks and how they will be accomplished to meet schedule and budget constraints. Include in this section a discussion of any joint ventures and subcontractors to be used. Any specific challenges or critical project elements shall also be identified in this section. A discussion of the Consultant's approach to quality control/quality assurance will be included in this section. The responsibilities of each joint venture contractor or subcontractor will also be discussed. The Consultant should address how Village staff will be integrated into the services to be provided under this RFQ.

### Project Personnel

This section will contain the names, background, and experience on similar types of projects of the key personnel proposed for these services. An organizational chart showing duties, responsibilities, and the lines of communication will be included in this section. Resumes that demonstrate experience on similar projects and specify the individual's duties on those projects will be included as an appendix to the proposal. Include in this section guarantees that, for so long as its members continue to be employed by the Consultant, the project team will remain as proposed and will be assigned to this project for its duration. Following award of a contract hereunder (if any), any substitution or other change in project team personnel must be approved in advance by the Village.

### Experience and Qualifications

This section should discuss the experience and qualifications of the Consultant and the project team in the performance of projects of similar size and nature as that described herein. For joint ventures, the experience of

all firms as it relates to this project must be discussed. In order for a Consultant to be deemed qualified to perform the services described in this RFQ, the experience listed in this section of the proposal must be in accordance with or contain the following:

1. Have been completed within the last five (5) years from the issuance date of the RFQ
2. Be of a scope similar to that outlined in this RFQ
3. Brief description of the project
4. Scope of services provided by the Consultant
5. Identify the project manager and other key team members
6. Provide contact information for references

### **Financial Responsibility**

Unless such information is otherwise included in the Background section, the Consultant will additionally provide a statement indicating the length of time the firm has been in business, the number and location(s) of its office(s), the current number of full-time employees.

### **Format**

The proposal in its entirety shall be a PDF file using 8.5"x11" pages, tabbed by section and be a maximum of 20 single-sided pages. If a submitting firm is confident that their qualifications for the work can be exhibited in fewer pages than the maximum they are encouraged to do so.

### **Selection Criteria**

All submittals will be evaluated based up on the following criteria and respective weights:

1. Technical Approach (20%)
2. Firm Experience (25%)
3. Specialized Expertise (20%)
4. Staff Capabilities (25%)
5. Past Performance (10%)

## Addendum 1

### Village of Oak Park: Project 23-130

#### Historic Preservation Architectural Services for Oak Park Village Hall Facility Renovation Evaluation

The following list of questions have been provided to Village staff regarding the RFQ listed above.

1. Are you expecting any MEP engineers or specialty safety/security consultants to be involved for this project?

Consultants should present key project personnel that they feel will be most adventitious to meeting the Village's requested scope of service. The Village has outlined that bringing the facility up to current building code and addressing safety and security issues are part of the project goals. The selected firm needs to evaluate the viability of the facility to address those outlined needs along with others, identify options for meeting those needs and define the cost of renovating the Village Hall facility to meet the goals of the Village and the specific needs outlined in the report prepared for the Village while maintaining the historic integrity of the existing building and the spirit of Open Government.

2. Are there any MBE/WBE goals or requirements for this project?

Not at this time.

3. Not mentioned in the RFQ is the police headquarters in the basement of the present building. Is the police headquarters space, including related parking and ramp, to be included in the program being prepared by the present architect and therefore be included in the Renovation Evaluation study? Or is that function being moved elsewhere, outside the present building?

Under the scenario where the Village Hall facility is being renovated, the Police Department functions would be moving to a new facility and would not need consideration. However, the lower level of the facility will be evaluated as part of the larger project and may be repurposed for other uses.

4. Same question for the adjacent to the south parking lot. Is that space to be included in the program being presently prepared and will it be included in the Renovation Evaluation study? –

Staff do not believe that the parking lot in its current design or state would be considered historic and will not be evaluated for historic preservation as part of the scope of this project.

## Addendum 2

### Village of Oak Park: Project 23-130

#### Historic Preservation Architectural Services for Oak Park Village Hall Facility Renovation Evaluation

The following list of questions have been provided to Village staff regarding the RFQ listed above.

1. Does the Village of Oak Park have any specific sustainability goals or benchmarks that exceed the Illinois Energy Conservation Code?

The Village of Oak Park strives to be leaders in sustainability and is interested in evaluating the potential for the existing building to meet or exceed LEED certifications or even be a net-zero building while maintaining its historic integrity. The Village is interested in evaluating the potential for this along with the estimated costs.

2. Will architectural plans or the building be made available to the selected preservation architect? If so, do drawings accurately illustrate existing conditions of the building and what format are they in, digital or otherwise? 2a. Does the village have .dwg, .rvt, or other digital floor plans, sections, or elevations available for the consultants use?

All available plans and documents for the Village Hall Building will be made available to the selected firm. This includes both paper and digital versions. While the Village has extensive drawings and materials, it should not be assumed the materials are entirely complete.

3. What role will the existing architect on the project have in developing the Conceptual Design Options outlined under Task 2? Will the concepts be driven primarily by the preservation architect or will this other architect drive concepts with input from the preservation architect?

The existing architect will outline identified project goals and facility needs and will review the proposed options and estimated costs with staff. They don't have a direct role in development of the Conceptual Design Options to meet the needs and goals.

4. Is there an overall project estimate for the renovation that will help guide the direction of the conceptual schemes?

It is assumed the question refers to budget. No, there is no budget outlined at this time. The intent of the project is to inform the Village potential for and the estimated total cost to renovate the facility to meet Village goals while maintaining the historic integrity of the building.

5. Are the public meetings anticipated to be held following the preparation and finalization of the report or will these happen concurrently with preparation of the report to inform the final direction and selection of conceptual scheme?

The Facility Review Committee will be reviewing the materials prepared by the architectural consultants and making recommendations to the Village Board. If the historic preservation architect identifies

multiple conceptual concepts to address specific goals or issues, the Facility Review Committee and staff may ask questions or provide guidance that result in one concept being preferred over another.

6. In Scope of Services, Task 1 you refer to "existing architectural firm" is this term synonymous with the term "architectural consultant" used in Task 2 bullet point 3 and Task 3 bullet point 2.

Yes.

7. Will the evaluating firm selected to conduct the scope of work with the current architecture firm, or independently?

The selected firm will be conducting the scope of work independently. Staff and the current architecture firm will be available to answer questions and provide support where requested and possible.

8. Do you expect the project to start on or around Oct 1, 2023?

Work is expected to begin mid to late October depending on when the Village Board takes action on this item.

9. Is the current firm completing Programming that we can use for our design work. Or will we need to complete Programming of needs with individuals/departments/users of Village Hall?

Space needs analysis and programming work has already been completed and will be provided.
