RE: Village Impact Review

Dear Members of the Plan Commission:

I have reviewed the proposed planned development application to be located at 201 North Scoville Street by School District 200 as presented by Greg Johnson, Superintendent and Alyson Sternquist, Architect. Pursuant to my review on Wednesday, July 19, 2023, I have determined that the development proposal will not have a negative impact on the Fire Department.

Sincerely,

JT Terry,
Deputy Fire Chief, Village of Oak Park
