Dear Mayor Abu-Taleb & Village Board Members:

We are writing to request a hearing to amend Plan Development Ordinance ORD 16-028\_W\_051616. We are requesting to amend the approved height from 135 feet to 140 feet.

We are requesting the increase due to two major issues. The first being that we need additional height to accommodate accessible van parking within the parking structure component of the project. The second issue is that our average height as measured by the ordinance is increased because of the lower elevation created on the corner of South and Harlem and the potential improvements at this corner.

We are not adding any square footage to the building.

Sincerely,
