Presentation and Discussion of the 2017 Village of Oak Park National Citizen Survey Results.

Overview:

The National Research Center of Boulder, Colorado, completed analysis of the

2017 National Citizen Survey results and staff will present the final reports for discussion. The Village has previously conducted five other community surveys in 2000, 2004, 2008, 2011, 2013 and 2015. The Village of Oak Park community survey provides the opinions of a representative sample of residents about community quality of life, service delivery, civic participation and unique issues of local interest. A periodic sounding of resident opinion offers staff, elected officials and other stakeholders an opportunity to identify challenges and to plan for and evaluate improvements and to sustain services and amenities for long-term success.
