CONCRETE MASONRY RESTORATION

November 16, 2021

Ms. Erika Green  
Walker Consultants  
2895 Greenspoint Parkway, Ste. 600  
Hoffman Estates, IL 60169

RE: Oak Park River Forest Parking Structure – Stair/Elevator Enclosure  
**Additional Work Item**

Dear Ms. Greene:

The additional cost to the project to furnish and install two (2) custom pieces of sheet metal flashing including approved Tnemec paint at the east and west ends of the structure where the canopy abuts the façade shall be THREE THOUSAND SIX HUNDRED FIFTY AND 00/100 (\$3,650.00)

Please authorize by preparing a change order for the above scope revision.

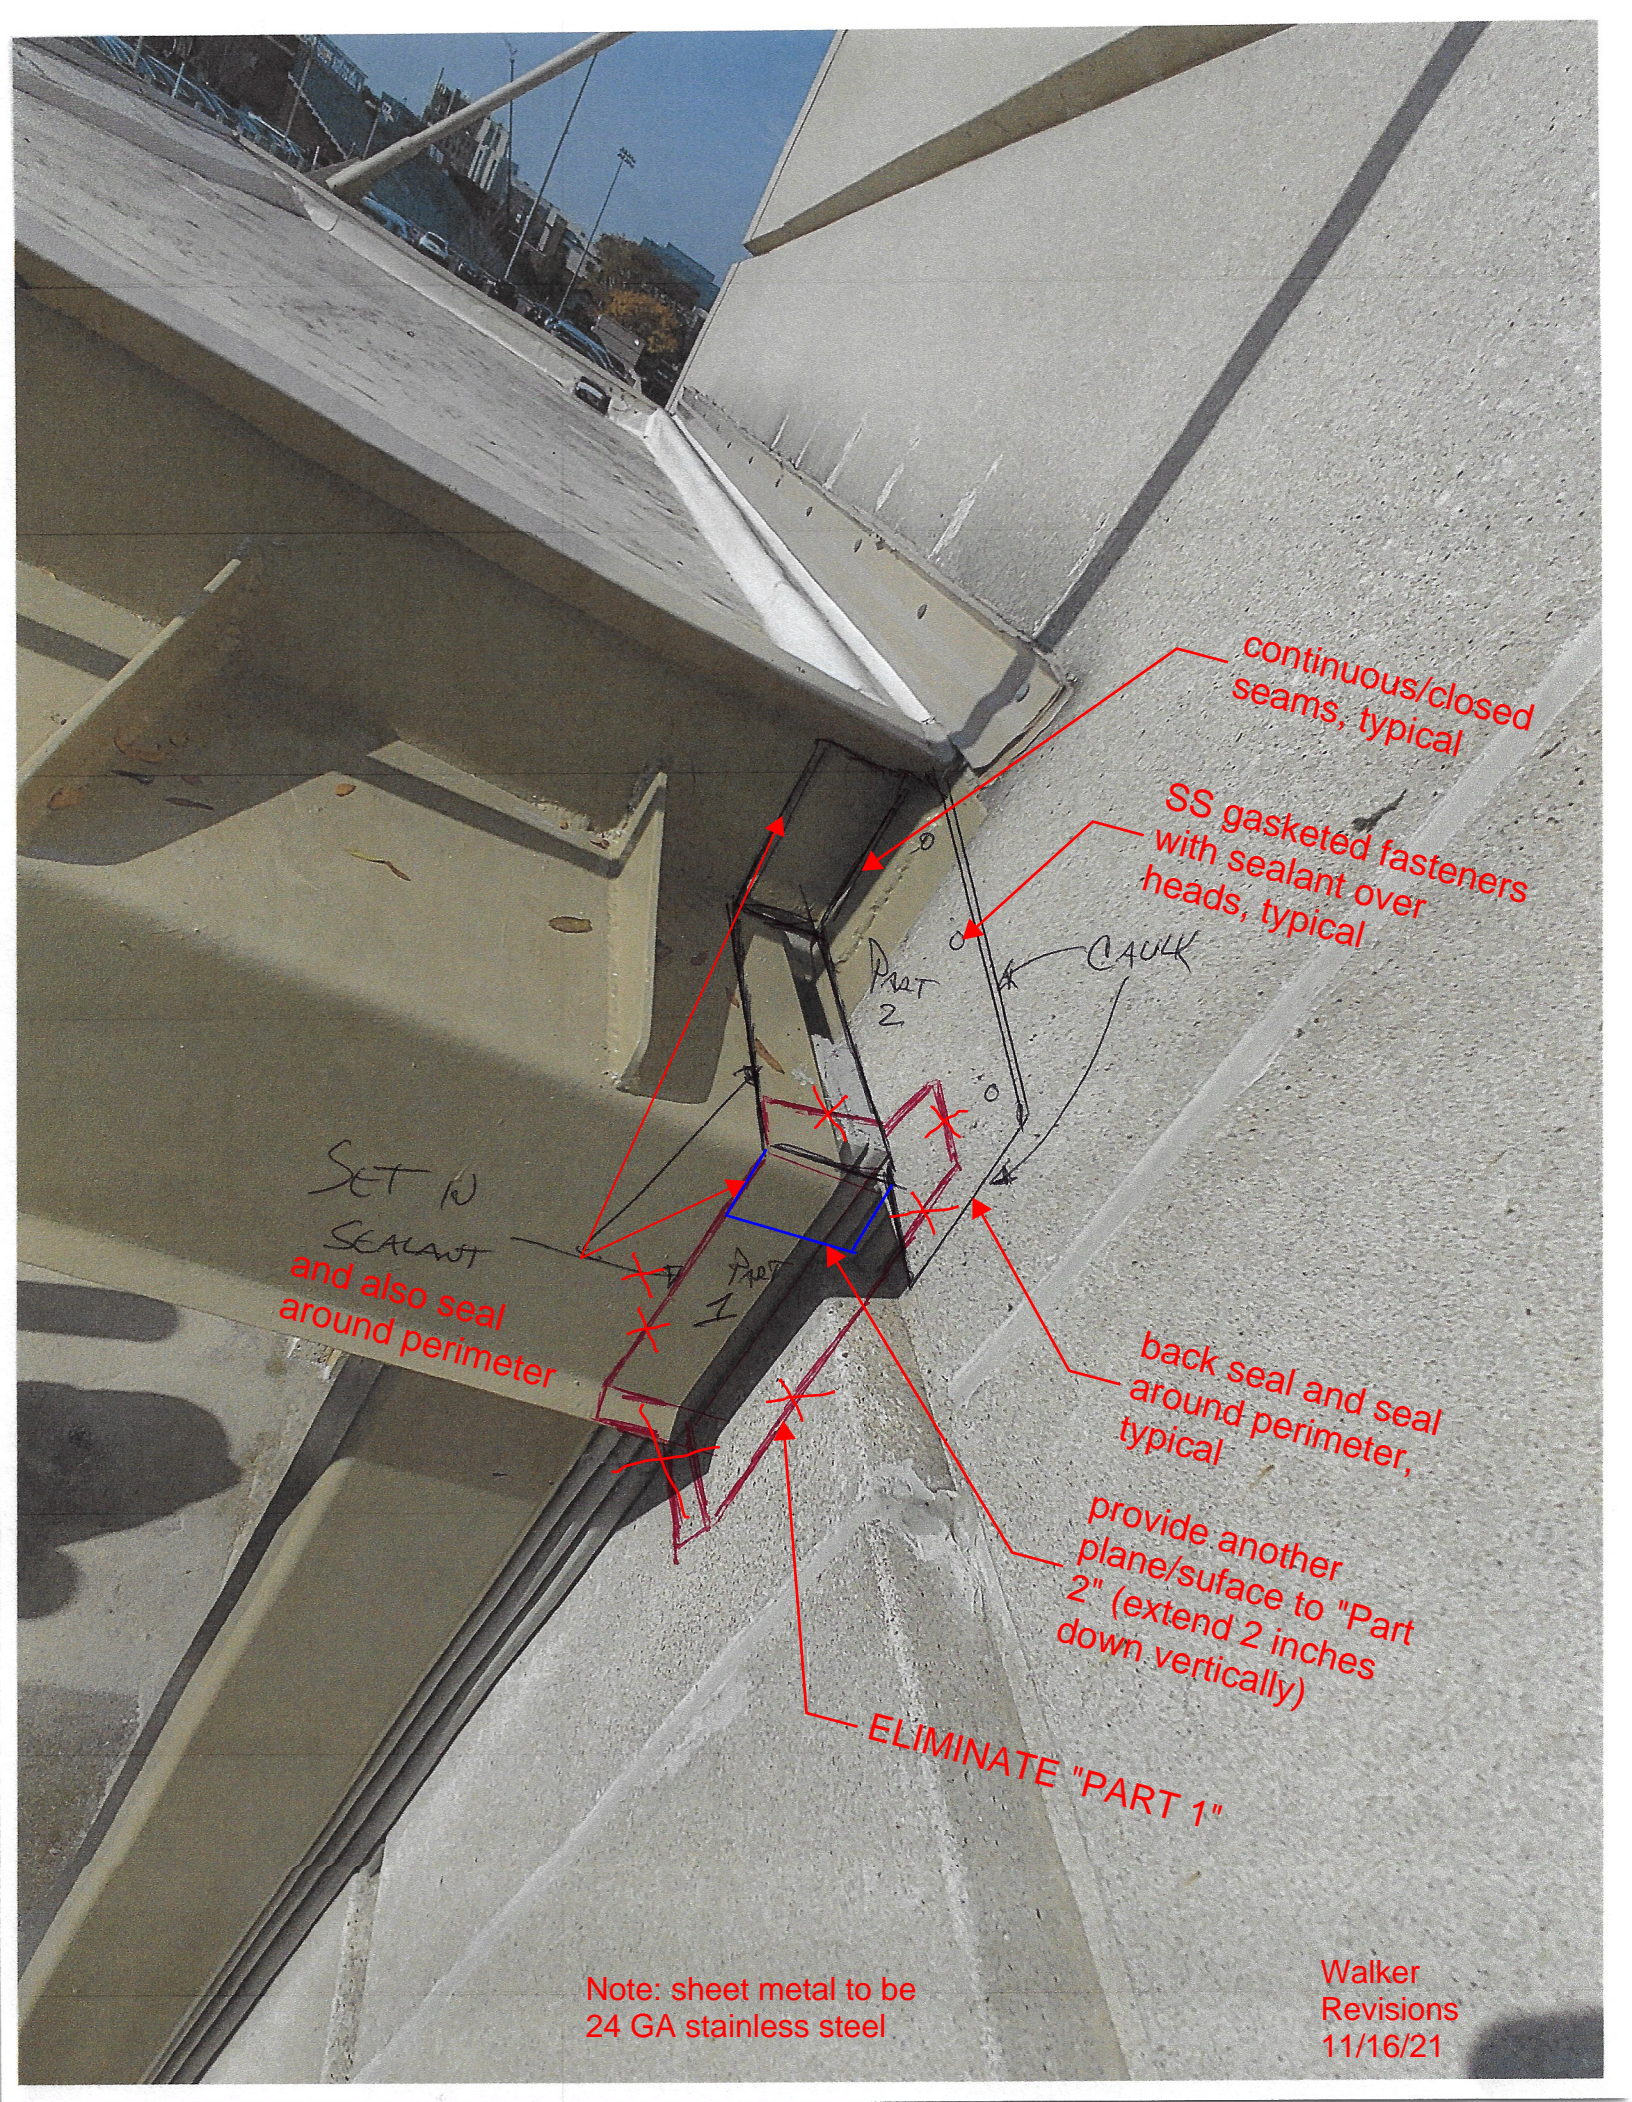

Please call if you have any questions.

Sincerely,

John Orban  
President

continuous/closed seams, typical

SS gasketed fasteners with sealant over heads, typical

CAULK

back seal and seal around perimeter, typical

provide another plane/surface to "Part 2" (extend 2 inches down vertically)
