Jill Juliano, P.E.  
Transportation Engineer  
Village of Oak Park, IL

Dear Ms. Juliano:

As residents of the 1000 block of N. Grove Ave, over the past several years, we regularly witness drivers speeding up and down Grove Ave at speeds well above the posted speed limit due to the lack of a stop sign at the corner of Berkshire and Grove. Just a couple weeks ago, there was an accident at that very corner. The amount and speed of traffic traveling thru this intersection is particularly concerning due to the presence of school age children – whether on foot walking to Mann Elementary, or getting to the Julian Middle School bus stop - located at this corner. Further, speed limit banners (i.e. “drive 25 keep kids alive”) were installed north and south of this intersection during the Fall of 2011 and were recently removed. While erected, these banners appeared to have little to no impact in reducing traffic speeds.

**The residents on the 900 and 1000 blocks of N. Grove Ave believe having a four-way stop at the intersection of Grove and Berkshire would significantly assist in reducing traffic speeds and thus make all of us safer.**

In support of this petition we have received more than the required 51% of residents north and south of this intersection.

Thank you in advance for your consideration of our request. If you have any questions, please feel free to contact me directly.

Sincerely,

  
Erich Krumrei

## PETITION FOR TRAFFIC REGULATIONS

We, the undersigned, respectfully petition the Transportation Commission to recommend to the Oak Park Board of Trustees that traffic regulations be established in the 1000 block of N. Grove in the Village of Oak Park, Illinois.

We further petition the Commission to regulate traffic in this manner: By making the intersection of Grove and Berkshire into a 4-way stop. This would require adding signs on the north and south sides of the intersection
