Re: Certificate of Appropriateness – 238 S. Kenilworth Avenue

Dear Doug:

I am in receipt of your letter of December 13th noting that Historic Preservation Commission took no action on the application for the two story side addition at 238 S. Kenilworth.

After discussing the three options you outlined in the letter with the Owners, they have decided to request a public hearing. Please consider this letter our formal request to that affect.

Per our correspondence since your letter, I have emailed Craig Failor of this decision as well understanding that in your absence from the office he can ensure that the public notice is issued in a timely manner to ensure that the hearing can take place at the January 12, 2017 meeting of the HPC.

Please let me know if you need anything else from me or the Owners prior to the meeting.

Sincerely,

A handwritten signature in black ink, appearing to read 'Chris Wollmuth', written in a cursive style.
