Subject: Fwd: Erie St & Marion St Upgrade to All-Way STOP Signs

I recommend that the Department be in support of an upgrade to All-Way STOP signs at Marion and Erie. A review of 2016 statistics shows 3 traffic crashes at this intersection. Additionally, the Community Policing Unit received complaints from residents in the area regarding speeding on Marion in this area. As a result, 3 traffic missions were conducted in 2016, and the speed trailers were deployed in the area as well.
