Section I. General Requirements

A. Introduction and Mandatory Terms

The Village requests the services of a qualified Landscape Architect for the purpose of providing detailed construction documents for streetscape improvements as part of the Lake Street improvement project. In general the limits of streetscaping include the right-of-way of Lake Street from Harlem Avenue to Euclid Avenue and Marion Street from Lake Street to Ontario Street. Minor streetscaping work will be included in the Lake Street resurfacing project primarily from Taylor Avenue to Austin Boulevard for cleaning up the existing streetscaping areas, minor streetscape retrofit design, and replacing plantings where needed. The streetscaping project and the resurfacing project will be bid as 2 separate construction projects. The landscape architect selected will be required to coordinate with, and act essentially as a sub-consultant to, the Village's civil engineering firm Thomas Engineering Group, LLC who is designing both the projects.

The engineering and landscape design work will be locally funded. The Lake Street streetscape construction project will utilize federal funds and will be administered through the IDOT process. The Lake Street resurfacing project is planned to only utilize local funding so there is no IDOT involvement.

The Village is currently under agreement with The Lakota Group for the Phase 1 Schematic Design and Design Development Site Planning for the streetscape and resurfacing projects. The Village will provide the final submittals from The Lakota Group's work to the Consultant for use in developing the final detailed construction drawings and specifications upon award of an agreement.

Please fill out the appropriate form(s) for all sections being submitted for consideration.

The Village will receive responses Monday through Friday, 8:30 A.M. to 4:00 P.M. at the Office of the Village Engineer, Village of Oak Park, 201 South Blvd, Oak Park, Illinois, 60302. Each Consultant shall *provide three (3) hard copies of their response in a sealed envelope titled " RFP for Professional Landscape Architecture, Design, and Planning Services for the Lake Street Streetscape Project"* and three (3) hard copies of their compensation schedule in a sealed envelope titled "*Compensation Schedule for the RFP for Professional Landscape Architecture, Design, and Planning Services for the Lake Street Streetscape Project"*

All questions must be submitted via email to mckenna@oak-park.us no later than May 22, 2017. Responses will be provided to the known list of RFP recipients.

Responses will be reviewed and evaluated, and all information regarding status will be kept confidential until a decision is made and a recommendation provided to the Village Board for approval.

Other inquiries regarding this RFP shall be directed to: Bill McKenna, Village Engineer, at mckenna@oak-park.us.

B. Presentation of Request for Qualifications

The Village reserves the right to select a short list of Consultants at its own discretion to present their qualifications, respond to questions, and supply supplemental information.

C. Consultant Notification

Consultants will be notified in writing of further questions and/or decisions.

D. Award of Agreement

An agreement or equivalent agreement may be executed once one or more respondents are found to be qualified, a selection of the most qualified is determined by the evaluation committee, and the Village Board approves of the award. A sample agreement is provided at the end of this RFP.

Any agreement with a selected Consultant or Consultants must be reviewed and approved by the Village Attorney, may be approved and authorized by the Village of Oak Park Board of Trustees, and executed by the Village Manager. The Consultants are advised that Village staff, other than the Village Manager, have no authority to sign agreements or modify existing agreements on behalf of the Village and that any such agreements are null and void.

E. Taxes Not Applicable

The Village as a municipality pays neither federal excise tax nor Illinois retailer's occupational tax.

F. Interpretation of the Request for Proposal Document

Any Consultant in doubt as to the true meaning of any part of this document may request an interpretation thereof from the Village or its representative. The person requesting the interpretation shall be responsible for its prompt delivery. At the request of the Consultant or in the event that Village management deems the interpretation to be substantive, the interpretation will be made by written addendum duly issued by the Village.

In the event that a written addendum is issued, either as a result of a request for interpretation or the result of a change in the requested RFP specifications initiated by the Village, a copy of such addendum will be provided to the known list of RFP recipients. The Village will not assume responsibility for receipt of such addendum. In all cases it will be the Consultants' responsibility to obtain all addenda issued.

G. Competency of Consultant

No submission will be accepted from, or agreement awarded to, any person, firm or corporation that is in arrears or is in default upon any debt or agreement. The Consultant, if requested, must present evidence of ability and possession of necessary facilities, and financial resources to comply with the terms of the scope of services.

H. Subletting of Contract

In order that the Village may be assured that only qualified and competent subcontractors and/or sub-consultants will be employed on the proposed project, each consultant shall submit with their proposal a list of subcontractors and/or sub-consultants who would be called upon to perform the work. The consultant shall have determined to their own satisfaction that a listed subcontractor and/or sub-consultant has been successfully engaged in this particular type of work for a reasonable length of time and is qualified both technically and financially to perform that pertinent phase of the work for which they are listed.

No contract awarded by the Village of Oak Park shall be assigned or any part subcontracted without the written consent of the Village of Oak Park. In no case shall such consent relieve the bidder selected from their obligations or change the terms of the contract.

The Village further reserves the right to terminate the whole or any part of this agreement, upon written notice to the consultant, in the event of default by the consultant. Default is defined as failure of the consultant to perform any of the agreement or failure to make sufficient progress so as to endanger performance of this agreement in accordance with its terms. In the event of default and termination, the Village will procure upon such terms and in such manner as may be deemed appropriate services similar to those so terminated. The consultant shall be liable for excess costs for such similar services unless acceptable evidence is submitted that failure to perform the agreement was due to causes beyond the control and without the fault of negligence of the consultant.

M. Consultant Personnel Assigned to the Village of Oak Park Account(s)

Section II. Scope of Services

Project Background

The Village of Oak Park plans on constructing a streetscape project in our downtown area along Lake Street from Harlem Avenue to Euclid Avenue and on Marion Street from Lake Street to Ontario Street. Along with the streetscape project the Village will resurface the remainder of Lake Street to Austin Boulevard.

In general the scope of the streetscape project involves street and pedestrian lighting installations, traffic signal modifications, altering roadway geometry, pavement resurfacing and reconstruction including decorative materials, curb and sidewalk replacement including decorative materials, decorative crosswalks, landscaping features including irrigation and specialty items, tree removals and plantings, drainage and fire hydrant relocations/improvements for geometric changes, furnishing, and signage replacement.

The Village has completed previous streetscape projects on Marion south of Lake Street in 2007 and 2011. Many of the streetscape items being considered for Lake Street were used and designed with the Marion Street projects. Conceptual design of the streetscaping project has been ongoing since 2012. The Village has been working with Lakota Group for the streetscape design which was developed along with a Lake Street Streetscape Steering Committee as well as community surveys. More recently The Lakota Group has been working with Thomas Engineering Group (TEG) on the preliminary design of the streetscape.

The proposed schedule is to have the streetscape project on the January 2018 State letting so work can start in the spring of 2018. The resurfacing project east of Euclid Avenues schedule is to bid the project in the late fall or winter of 2017 and to construct it in 2018 in coordination with the streetscape project.

The proposed streetscape projects spans two business districts, Downtown Oak Park (DTOP) and the Hemingway Business District. There are currently 2 developments under construction on Lake Street which have designed and will construct their streetscape on their frontage (the Emerson Development on Lake between Maple and Marion, the District House development at Euclid and Lake). There is a proposed private development by Albion at the northwest corner of Lake Street and Forest Avenue. Should the Albion development get approved by the Village, the Consultant shall work with Village staff to review and comment on the streetscape design of their frontage by their designers so that it meets the overall design intent of the Village's streetscape project. Should the Albion development not get approval from the Village, the Consultant shall design the Village's streetscape project at this location without the need for coordination with the developer.

The Consultant should review the reference materials for the streetscaping project to understand the projects history, context, and current recommended scope.

The Village is currently under agreement with The Lakota Group for the Phase 1 Schematic Design and Design Development Site Plan for the streetscape and resurfacing project. The Village will provide the final submittals from The Lakota Group's work to the Consultant for

use in developing the final detailed construction drawings and specification. The Lakota Group's current contract includes:

- Refining preliminary plan components for design elements including:
 - Hardscape paving materials for roads and sidewalks
 - Furniture material options
 - Curbed planter materials
 - Lighting pole selection
 - Decorative crosswalk concepts
 - Conceptual design of specialty features and lighting elements
 - Conceptual level identification of areas for furnishings
 - Conceptual level tree layout
- Preliminary review of engineering site geometric design
- Preliminary site lighting layout and specialty lighting goals
- Preliminary planting palette (general range of materials and sizes)
- Existing tree preservation plan
- Preliminary budget analysis

Scope of Services

In general the scope of services for this work includes the Consultant providing Landscape Architecture services for the purpose of providing detailed construction documents for bidding streetscape improvements as part of the Lake Street improvement project and minor streetscaping design as part of the Lake Street resurfacing project.

The work will focus on designing specialty items/features, hardscape area designs and treatments, landscape, lighting character (not engineering), siting wayfinding signage (designed and specified by others). This will include a tree preservation plan, layout and dimensioning of site features and hardscape, irrigation, site elements/furniture final selection, location, and specification, hardscape details, and landscape plans.

In the streetscaping project area the Consultant's scope of work shall include preparing final construction drawings and specifications including:

- Final overall site plans based on preliminary civil and landscape designs
- Enlarged area site plans to include further detail and convey design intent at key intersections, planter areas, gateway areas, cross walk areas, bumpout areas, etc
- Final landscape plans at appropriate scales indicating plant materials
- Enlarged area landscape plans for key areas, specialty gardens, planters, and moveable planters
- Site layout and dimensioning plans for detailed geometric layout of hardscaped areas, specialty feature areas, key sites, etc. Roadway alignment will be part of the TEG's scope
- Coordinate site phasing and demolition with TEG.
- Coordinate final site engineering plans with TEG.
- Irrigation plans for irrigating all tree pits and curbed planter areas. Coordinate utility connections for irrigation with TEG.
- Coordinate site lighting elements and electrical needs with TEG.

- Structural design and details for foundations for specialty features and gateway elements including lighting that is not street or pedestrian lighting
- Siting of gateway features which are being designed and specified by others
- Site details package and sheets for all necessary items for needed for bedding, fabricating, and implementing specialty features and items
- Site specifications for all hardscape, landscape, and specialty items necessary to bid and implement design. Project will be according to IDOT requirements for design and specification
- Final cost estimate and quantities
- Value engineering as needed to have project fit within budget
- Preliminary (50%) and final plans sets and specifications
- Revisions and addendums as needed based on IDOT reviews

Street Resurfacing (Euclid to Austin)

In general the scope of the roadway resurfacing portion of the project on Lake Street from Euclid to Austin Blvd is a mill and overlay with ADA improvements at intersections. There are minor landscaping improvements to restore/replant curbed planting areas between Taylor and Austin, modify islands and plantings to include pedestrian cut throughs, redesign streetscaping along the south side of Lake Street from Austin to the Park District's gymnastics center, and select and site moveable planters and planting from Taylor to Austin.

Meetings

The Consultant shall assume that the work will include an in-person kickoff meeting with the Village and TEG. There will be weekly coordination conference calls required with TEG for coordination. The Consultant shall assume a minimum of one in-person meeting with TEG prior to each submittal (preliminary and final). The Consultant shall assume at least one meeting to present final streetscape design to the Downtown Oak Park Business District, one meeting with the Hemingway Business District, one meeting with stakeholders on Marion Street, one meeting with the steering committee, and one Village Board meeting to present the project.

The Consultant shall include necessary hours to meet with individual businesses and major stakeholders such as the Park District to discuss final placement of landscaping items as necessary. Examples of items which may require a one-on-one meeting with businesses would be final tree placement or selection if the business has concerns which were not identified in the preliminary design.

Hours and costs for additional meetings beyond what is included in the Consultant's proposal will not be considered for payment unless the meetings are primarily for additional design scope outside of the original intent of the project.

Section III. Compensation Schedule

Please complete all forms and submit the information requested on the following pages and submit three (3) hard copies of the compensation schedule in a sealed envelope titled "Compensation Schedule for the RFP for Professional Landscape Architecture, Design, and Planning Services for the Lake Street Streetscape Project"

NOW, THEREFORE, in consideration of the mutual covenants hereinafter set forth, the parties agree as follows:

1. RECITALS INCORPORATED

The above recitals are incorporated herein as though fully set forth.

2. SERVICES OF THE CONSULTANT.

The Village shall approve the use of subconsultants by the Consultant to perform any of the Services that are the subject of this Agreement.

2.2. The Consultant shall submit to the Village all reports, documents, data, and information set forth in the Project. The Village shall have the right to require such corrections as may be reasonably necessary to make any required submittal conform to this Agreement. The Consultant shall be responsible for any delay in the Services to be provided pursuant to this Agreement due to the Consultant's failure to provide any required submittal in conformance with this Agreement.

2.3. In case of a conflict between provisions of the Consultant's Proposal and this Agreement or the Village's Request for Proposals, this Agreement and/or the Village's Request for Proposals shall control to the extent of such conflict.

2.4. Village Authorized Representative. The Village's Director of Public Works or the Director's designee shall be deemed the Village's authorized representative, unless applicable law requires action by the Corporate Authorities, and shall have the power and authority to make or grant or do those things, certificates, requests, demands, approvals, consents, notices and other actions required that are ministerial in nature or described in this Agreement for and on behalf of the Village and with the effect of binding the Village as limited by this Agreement. The Consultant is entitled to rely on the full power and authority of the person executing this Agreement on behalf of the Village as having been properly and legally given by the Village. The Village shall have the right to change its authorized representative by providing the Consultant with written notice of such change which notice shall be sent in accordance with Section 17 of this Agreement.

2.5. Consultant's Authorized Representative. In connection with the foregoing and other actions to be taken under this Agreement, the Consultant hereby designates _____ as its authorized representative who shall have the power and authority to make or grant or do all things, certificates, requests, demands, approvals, consents, notices and other actions required that are ministerial in nature or described in this Agreement for and on behalf of the Consultant and with the effect of binding the Consultant. The Village is entitled to rely on the full power and authority of the person executing this Agreement on behalf of the Consultant as having been properly and legally given by the Consultant. The Consultant shall have the right to change its Authorized Representative by providing the Village with written notice of such change which notice shall be sent in accordance with Section 18 of this Agreement.

2.6 The Consultant shall be an independent contractor to the Village. The Consultant shall solely be responsible for the payment of all salaries, benefits and costs of supplying personnel for the Services.

3. COMPENSATION FOR SERVICES.

3.1. The Village shall compensate the Consultant for the Services in an amount not to exceed \$_____ ("Contract Price") according to the rates set forth in the Services. The Consultant shall be paid installments not more frequently than once each month ("Progress Payments"). Payments shall be made within thirty (30) days of receipt by the Village of a pay request/invoice from the Consultant. Payments shall be due and owing by the Village in accordance with the terms and provisions of the Local Government Prompt Payment Act, 50 ILCS 505/1 *et seq.*, except as set forth herein.

3.2. The Village may, at any time, by written order, make changes within the general scope of this Agreement in the Services to be performed by the Consultant. If such changes cause an increase or decrease in the amount to be paid to Consultant or time required for performance of any Services under this Agreement, whether or not changed by any order, an equitable adjustment shall be made and this Agreement shall be modified in writing accordingly. No service for which additional compensation will be charged by the Consultant shall be furnished without the written authorization of the Village.

3.3. The Consultant shall, as a condition precedent to its right to receive a progress payment, submit to the Village an invoice accompanied by such receipts, vouchers, and other documents as may be necessary to establish costs incurred for all labor, material, and other things covered by the invoice and the absence of any interest, whether in the nature of a lien or otherwise, of any party in any property, work, or fund with respect to the Services performed under this Agreement. In addition to the foregoing, such invoice shall include (a) employee classifications, rates per hour, and hours worked by each classification, and, if the Services are to be performed in separate phases, for each phase; (b) total amount billed in the current period and total amount billed to date, and, if the Services are to be performed in separate phases, for each phase; (c) the estimated percent completion, and, if the Services are to be performed in separate phases, for each phase.

3.4. Notwithstanding any other provision of this Agreement and without prejudice to any of the Village's rights or remedies, the Village shall have the right at any time or times to withhold from any payment such amount as may reasonably appear necessary to compensate the Village for any actual or prospective loss due to: (1) Services that are defective, damaged, flawed, unsuitable, nonconforming, or incomplete; (2) damage for which the Consultant is liable under this Agreement; (3) claims of subcontractors, suppliers, or other persons performing Consultant's Services; (4) delay in the progress or completion of the Services; (5) inability of the Consultant to complete the Services; (6) failure of the Consultant to properly complete or document any pay request; (7) any other failure of Consultant to perform any of its obligations under this Agreement; or (8) the cost to the Village, including reasonable attorneys' fees and administrative costs, of correcting any of the aforesaid matters or exercising any one or more of the Village's remedies set forth in this Agreement. The Village must notify the Consultant of cause for withholding within fourteen (14) days of receiving invoice.

3.5. The Village shall be entitled to retain any and all amounts withheld pursuant to this Agreement until the Consultant shall have either performed the obligations in question or furnished security for such performance satisfactory to the Village. The Village shall be entitled to apply any money withheld or any other money due the Consultant under this Agreement to reimburse itself for any and all costs, expenses, losses, damages, liabilities, suits, judgments, awards, reasonable attorneys' fees, and administrative expenses incurred, suffered, or sustained by the Village and chargeable to the Consultant under this Agreement.

3.6. The Consultant's Services shall be considered complete on the date of final written acceptance by the Village, which acceptance shall not be unreasonably withheld or delayed. As soon as practicable after final acceptance, the Village shall pay to the Consultant the balance of any amount due and owing under this Agreement, after deducting therefrom all charges against the Consultant as provided for in this Agreement ("Final Payment"). The acceptance by Consultant of Final Payment with respect to the Services shall operate as a full and complete release of the Village of and from any and all lawsuits, claims, demands, damages, liabilities, losses, and expenses of, by, or to the Consultant for anything done, furnished for, arising out of, relating to, or in connection with the Services, except for such claims as the Consultant reserved in writing at the time of submitting its invoice for final payment.

4.2. This Agreement may be terminated, in whole or in part, by either party if the other party substantially fails to fulfill its obligations under this Agreement through no fault of the terminating party. The Village may terminate this Agreement, in whole or in part, for its convenience. No such termination may be effected unless the terminating party gives the other party not less than ten (10) calendar days written notice pursuant to Section 18 below of its intent to terminate.

4.3. If this Agreement is terminated by either party, the Consultant shall be paid for Services performed to the effective date of termination, including reimbursable expenses. In the event of termination, the Village shall receive reproducible copies of drawings, specifications and other documents completed by the Consultant pursuant to this Agreement.

The Consultant's duty to defend shall not apply with respect to any Claims that arise from the performance of professional services.

The Consultant shall require any of its subconsultants to secure and maintain insurance as set forth in this Section 6 and indemnify, hold harmless and defend the Village, its officers, employees, attorneys and volunteers as set forth in this Agreement.

10.2. The Consultant shall be responsible for the accuracy of its professional Services under this Agreement and shall promptly make revisions or corrections resulting from its errors, omissions, or negligent acts without additional compensation. The Village's acceptance of any of Consultant's professional Services shall not relieve Consultant of its responsibility to subsequently correct any such errors or omissions, provided the Village notifies Consultant thereof within one year of completion of the Consultant's Services.

10.3. The Consultant shall respond to the Village's notice of any errors and/or omissions within seven (7) days of written confirmation by the Consultant of the Village's notice. Such confirmation may be in the form of a facsimile confirmation receipt by the Village, or by actual hand delivery of written notice by the Village to the Consultant.

11. DRAWINGS, DOCUMENTS AND BOOKS AND RECORDS.

11.1. 13.1. No failure of either party to exercise any power given to it hereunder or to insist upon strict compliance by the other party with its obligations hereunder, and no custom or practice of the parties at variance with the terms hereof, nor any payment under this agreement shall constitute a waiver of either party's right to demand exact compliance with the terms hereof.

13.2. This Agreement shall not prohibit the Consultant from providing engineering Services to any other public or private entity or person. In the event that the Consultant provides Services to a public or private entity or person, the Village, at its sole discretion, may determine that such Services conflict with a service to be provided to the Village by Consultant, and the Village may select another civil engineer and/or land surveyor to provide such Services as the Village deems appropriate.

14.1. If it should appear at any time prior to final payment that the Consultant has failed or refused to prosecute, or has delayed in the prosecution of, the Services to be provided pursuant to this Agreement with diligence at a rate that assures completion of the Services in full compliance with the requirements of this Agreement, or has attempted to assign this Agreement or the Consultant's rights under this Agreement, either in whole or in part, or has falsely made any representation or warranty, or has otherwise failed, refused, or delayed to perform or satisfy any other requirement of this Agreement or has failed to pay its debts as they come due ("Event of Default"), and has failed to cure, or has reasonably commenced to cure any such Event of Default within fifteen (15) business days after Consultant's receipt of written notice of such Event of Default, then the Village shall have the right, at its election and without prejudice to any other remedies provided by law or equity, to pursue any one or more of the following remedies:

14.1.2. The Village may accept the defective, damaged, flawed, unsuitable, nonconforming, incomplete, or dilatory Services or part thereof and make an equitable reduction in the Contract Price;

14.1.3. The Village may terminate this Agreement without liability for further payment of amounts due or to become due under this Agreement except for amounts due for Services properly performed prior to termination;

14.1.4. The Village may withhold any progress payment or final payment from the Consultant, whether or not previously approved, or may recover from Consultant, any and all costs but not exceeding the amount of the Contract Price, including attorneys' fees and administrative expenses, incurred by the Village as the result of any Event of Default or as a result of actions taken by the Village in response to any Event of Default; or

14.1.5. The Village may recover any damages suffered by the Village as a result of the Consultant's Event of Default.

15. NO COLLUSION.

15.1. The Consultant hereby represents and certifies that the Consultant is not barred from contracting with a unit of state or local government as a result of: (1) a delinquency in the payment of any tax administered by the Illinois Department of Revenue unless Consultant is

contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of the tax, as set forth in 65 ILCS 5/11-42.1-1; or (2) a violation of either Section 33E-3 or Section 33E-4 of Article 33E of the Criminal Code of 1961, 720 ILCS 5/33E-1 *et seq.* The Consultant hereby represents that the only persons, firms, or corporations interested in this Agreement are those disclosed to the Village prior to the execution of this Agreement, and that this Agreement is made without collusion with any other person, firm, or corporation.
