

To whom it may concern,

I am writing to request permit parking in the area of Marion Street and south of North Avenue. I am a landlord in the area (Harlem and Berkshire) and own a 10 unit building. I have only 5 garage spaces and without any village parking in the area, it is difficult to rent units when I am unable to offer a parking option. Thanks for your and the parking divisions attention to this persistent problem for myself and area landlords.

Regards,
