Commission Choices (required)

Preferred Commission Choice

Civic Information Systems Commission

Reason Interested

I have over 20 years of experience focused on IT strategy, planning, implementation and roll-out as a user, customer, implementer, consultant, and solution provider. I am slowly shutting down my consulting services business, focused on SAP and SuccessFactors solutions, and now that I have more time, would like to share my knowledge locally and become more involved in the Village. This Commission seems like a logical choice for me.

If you have already attended a meeting of this commission, when approximately?

Second Commission Choice**Reason Interested**

If you have already attended a meeting of this commission, when approximately?

Third Commission Choice (Optional)**Reason Interested**

If you have already attended a meeting of this commission, when approximately?

Availability

- Monthly
- Semi-Monthly
- Weekly
- As Needed

Additional Information

As noted above, I have over 20 years of IT experience. My LinkedIn profile summarizes the roles I have held over the years: <https://www.linkedin.com/in/sharonwolfnewton/> I can contribute to the work of the commission by providing insight into areas that I have focused on professionally: software and services selection, sales cycle support, platform and technology decision-making, implementation partner selection, and best practices for rollout and change management.

Specific areas that could be of interest include:

Purchasing and selection: Experience on both sides (customer and provider) in RFP/RFI creation and response for solutions and services; expertise in demo creation/delivery of software and in supporting customers as they make decisions based on software demos; experience working with procurement; creating/reviewing software and services sales contracts.

Strategy and guidance: I speak and consult globally on selection, implementation, and rollout best practices for HR and Learning systems as well as Cloud strategy. I was honored to be selected as an SAP Mentor based on the guidance and feedback I have provided to both SAP and customers over the years.

I'm fairly flexible in what I can support. Running a small business that provides IT services and solutions to public and private sector organizations has meant I've worn many hats. If I haven't done it, I generally know how to figure it out or have a resource in my network who can provide advice. I'd like to support the Village with my cache of skills and connections.

Subject: Volunteer Application - Balance of Application in Mail
From: Tom Zapler (tomzapler@yahoo.com)
To: tpowell@oak-park.us;
Date: Friday, December 14, 2012 1:06 PM

I am attaching my answers to Commission Choices, why I am interested in serving on a Commission and community activity to my Volunteer Application because my typing is easier to read than my hand writing. Also, I am including two of my resumes.

Why I am interested in serving on a commission.

I am now retired from a career at the C&NW/Union Pacific Railroad. I retired as the Director of Community Relations, Government Affairs, and Commuter Services. I have lived in Oak Park my adult life and have three adult children that grew up in Oak Park and attend Oak Park public schools. I now am at the point in my life that I would like to give back to Oak Park because I believe in Oak Park and the values of the community and would like to do my part to help the Village maintain those values.

Commission Choices - Transportation Committee

Based on my career with the C&NW/Union Pacific, I can bring very unique skills to the Committee. I am extremely well versed in the Metra operations especially along the West Line through Oak Park. I am familiar with CTA and Pace operations. In addition, I was a member of CMAP's Work Program Committee, and the Chairman of the Freight Committee from its inception in 1995 until 2010. Also, I served as the Chairperson for the Public Transportation Committee, Chicagoland Chamber of Commerce.

Commission Choices - Community Relations Commission

While working for the C&NW/Union Pacific I was the contact person for all the communities the C&NW/Union Pacific operated through in Illinois. This experience gave me clear insights on how these various communities handled community relations being able to see the positives and negatives styles and ways community relations are handled.

Community Activity

A volunteer docent for the Historical Society of Oak Park-River Forest, an Operation Lifesaver Presenter, and a member of the DuPage Railroad Safety Council.

THOMAS ZAPLER

Under the direction of Michael Payette, Assistant Vice President-Government Affairs, I had the responsibility to implement UP policy for all government affairs, community relations, Metra activities, public partnerships, and charitable and community giving that occurred in Illinois. I was the local "face" of the Union Pacific and was responsible for organizing the interface of all UP operations with all governmental entities on the local and state level, including Metra.

State Government Affairs

- Served as the primary UP contact at the state level with the Legislative and Executive Branches.
- Developed the UP Government Affairs State Program and worked to implement that program with the Executive and Legislative Branches.
- Developed lasting and excellent relationships with members of the General Assembly, Executive Branch and staff.
- Helped to develop the Annual Illinois Railroad Association Legislative Program and worked to implement that plan.
- Developed annual budget and strategy for political giving in Illinois and was responsible for delivery of all UP political contributions.
- Assisted UP Law and Manager of Political Giving in compliance with state accountability laws.
- Proactively engaged the regional field offices of federal officials and attended local events for such officials.

Metra

- Mr. Payette and I were the Union Pacific officers responsible for the administration of all aspects of our Purchase of Service Agreement with Metra, and Metra's primary Union Pacific contact. In this capacity, we interacted with Metra on day-to-day operating issues, all Metra/UP capital projects, all Metra/UP community issues, and all financial aspects of the Purchase of Service Agreement.

Community Affairs

- Proactively engaged the mayors, city councils and city managers in communities along UP rail lines and developed positive relationships in each community where UP has a significant presence.
- Proactively sought opportunities to give public presentations in UP communities to civic organizations, such as Chamber of Commerce, Rotary, Lions, etc., to explain UP system and local impact company has on the community.
- Represented UP by participating in community organizations, including CMAP, of which UP is a member.
- Organized the proper UP presence at public events.
- Was the key facilitator of UP resources in addressing community questions, organizing UP's response, and monitoring compliance of commitments made by UP to community.

Safety

- Led the effort with local leaders, communities and the public to improve the safe operation of our trains and activities in Illinois.

THOMAS ZAPLER

Senior Consultant

Tom Zapler recently joined Metro Strategies after a career in the railroad industry. At Chicago & Northwestern Transportation Company he was director of commuter services. Later, at Union Pacific Railroad, he managed public affairs and state government relations as well as community outreach. He managed the interface of UP operations with state and local transit. He was the chairman of the Chicago Metropolitan Agency for Planning's Freight Committee from its inception in 1995 until 2010. His background includes operations safety and safety training.

EXPERIENCE:

❖ State Government Affairs

Tom served as Union Pacific's primary liaison to state legislative and executive offices. In this capacity, he developed and implemented UP's Government Affairs State Program and collaborated in the development of the Annual Illinois Railroad Association Legislative Program. Tom managed UP's political giving and ensured compliance with campaign regulations.

❖ Community Affairs

Tom was successful in engaging local officials and agencies along the various UP lines. He was the key contact and spokesman at UP for all inquiries by local officials and agencies, as well as civic groups, nonprofits and regional organizations. Tom developed productive relationships with stakeholders in every community where UP has a presence. He regularly attended community events and addressed local organizations on behalf of the railroad and at times in conjunction with Metra.

❖ Railroad Operations and Safety

Tom chaired the Chicago Metropolitan Agency for Planning's Freight Committee for 15 years, an organization of freight industry representatives and other stakeholders seeking to improve the movement of freight in the northeastern Illinois region. He was part of a senior UP team that managed other major freight initiatives including the CREATE Program, Chicago to St. Louis High Speed Rail, Global III site selection and construction, and implementation of the FRA whistle sounding regulations.

Tom was responsible for organizing the interface of all UP operations with state and local transit, including Metra. He managed major UP/Metra Projects including: the West Line Improvement Project, station renewal and leasing projects, the Northwest and North Line Bridge Renewal Projects, and the West Line Extension Geneva to Elburn.

He managed all aspects of UP's Purchase of Service Agreement with Metra, interacting with Metra daily on operating issues, capital projects, community issues and financial matters.

Tom led efforts with local leaders, communities and the public to promote and improve the safe operation of trains and transportation in Illinois. He is an Operation Lifesaver presenter and a member of the DuPage Railroad Safety Council which presented him with the Lauren Elizabeth Wilson Award in 2008.

EDUCATION:

Miami University, Oxford, Ohio, Bachelor of Arts Degree, 1967

Commission Choices (required)

Preferred Commission Choice

Farmers' Market Commission

Reason Interested

I have a long interest in and involvement with sustainable, local agriculture and growing food. I am a big fan of the OP Farmer's market. When I found an apartment across the street from the market, I knew I had an opportunity to combine my interest in agriculture with involvement in my new community. I have greatly enjoyed helping out on market day a few times a month last summer and would like to continue developing relationships with and working to support the market. The market fosters opportunities for many people in many ways, and by supporting the market I am helping a number of causes dear to my heart; sustainability and organic agriculture, a fair living for small

family farmers (entrepreneurs), social justice and accessibility issues, creating a sense of community and connection within neighborhoods, sharing good food and having fun!

If you have already attended a meeting of this commission, when approximately?
Wed, 2017-01-11

Second Commission Choice

Reason Interested

If you have already attended a meeting of this commission, when approximately?

Third Commission Choice (Optional)

Reason Interested

If you have already attended a meeting of this commission, when approximately?

Availability
Semi-Monthly

Additional Information

I enjoy the hands-on physical nature of farm work and market day, but I also am interested in lending my professional skills in marketing and graphic design to helping create a strong, vibrant market for the benefit of the community.
I have lived in Oak Park for a year but have worked in the neighborhood for 8 years.

Demographics (Optional)
