way to be involved in our civic process and contribute to our immediate community in a larger way. I have owned my own business. I understand deeply the concerns of the community and needs of business owners.

Additional Information

I understand what it means to run and open and close a business and the dynamics that are involved in being a good community member and a good business. Being a lifelong involved resident also means I have a good grasp of any backstory or long term discussion involving local Oak Park businesses. And being in marketing means I am able to review items with a fresh perspective.
