Parking and Mobility Services
123 Madison Street
Oak Park, IL 60302

Proposal: Consultant Services | 5-Year Capital Improvement Plan for the Village's Surface Parking Lots

Dear Mr. Youkhana,

Thank you for the opportunity to submit our proposal for the 5-Year Capital Improvement Plan for the Village's Surface Parking Lots project. We understand that being responsive to your project needs, assigning the best technical staff and communicating effectively with the Village and other agencies will be critical to the successful completion of this project.

Our Project Manager, Jason Holy, P.E., will oversee all aspects of the project and has successfully completed similar projects in the last several years. Jason has 17 years of experience and focuses on roadway design, parking lot design, utility design/coordination, maintenance of traffic, bicycle and pedestrian facilities (including ADA design), contract document preparation and construction inspection. Jason will use his hands-on experience and technical expertise to ensure that the CIP is practical and constructable.

In addition to Jason, Tom Considine will be assigned to this project as a Field Inspector. Tom worked for the Village of Oak Park as an Engineering Intern and is a current resident. He is familiar with the operations of the Village and is readily available for on-site inspections. His recent experience with V3 on similar-type assignments provides the experience needed for success in this role.

Included with this submittal is an overview of our project team, similar project experience and our project approach. We look forward to working with the Village and are available immediately to begin work. If you have any questions regarding our qualifications, please feel free to contact Jason at 630.724.9200 or via email at jholy@v3co.com.

Sincerely,
V3 Companies

Vince Del Medico
Vice President, Transportation & Municipal Services

PROJECT UNDERSTANDING & APPROACH

Project Understanding

With the on-going transformation of the Village, the need to provide safe and functional facilities is vital to its success. Having a vibrant downtown that attracts both residents and visitors is a luxury the Village has successfully built and maintained. Moving people in and out of the Village is a

major part of this success and parking is no exception. With 94 off-street parking areas in the Village, having a capital improvement plan to maintain these facilities is critical. Having well maintained, attractive and safe facilities adds to the ambiance of the Village attracting all types of users.

Project Approach

V3 is well suited to provide the Village of Oak Park with a comprehensive five year capital improvement plan. Recently, V3 has provided parking lot evaluations for a variety of clients. We have developed five-year plans that prioritize the lots based on their condition as well as estimated cost of improvements. In addition to developing capital improvement plans, we have provided construction drawings and construction oversight for a few of the projects. With the experience of evaluating, designing and constructing these types of improvements we can provide practical budgets and maintenance recommendations consistent with industry standards.

Having detailed evaluations is important in developing a five year maintenance plan. We have created a draft evaluation form (included on the following page) that will be used in conjunction with ASTM D6433 Pavement Evaluation Forms to document the condition of each parking lot. While performing each site evaluation, V3 will note possible sustainable opportunities that can be implemented as part of the maintenance program. These improvements may include rain gardens, bioswales and permeable pavement

to name a few. V3 will also create a picture log of each parking lot.

Upon completion of the field work, the information collected will be compiled into a database and a rating map created. Based on the rating each lot will be prioritized, creating the five year maintenance plan. Factors that will prioritize the improvements may include development, condition, safety, access and cost. V3 understands that the Village has a maintenance budget of \$200,000 per year. Accurate and detailed evaluations will be important to provide detailed and accurate cost estimates.

An in-house service that V3 provides and recommends for these types of assignments is taking pavement cores. The pavement cores will help to determine the depth of the existing pavement as well as the condition of the pavement. Pavement cores provide pavement depth and condition below the surface that enables V3 to recommend the most economical maintenance approach. Our proposed fees includes pavement coring.

RATING & DATA SHEET

ATRIUM CORPORATE CENTER PARKING LOT MAINTENANCE PROGRAM

ROLLING MEADOWS, ILLINOIS

CLIENT

Atrium at 3800 Golf, LLC

ROLE

Design/Builder

SERVICES

- This project included a pavement evaluation to create a yearly maintenance program with cost breakdowns for the corporate center in the Village of Rolling Meadows.
- V3 self-performed pavement coring to determine the existing condition of the pavement and to determine the best maintenance options.
- Design plans for the first and second stages of construction were completed and permitted through the Village of Rolling Meadows in 2017 and 2018.
- V3 self-performed as a general contractor to execute the 2017 and 2018 parking lot improvements.

- *Pavement Condition Evaluation*
- *Civil Site Design*
- *General Contract Construction Delivery*
- *Permitting*
- *Record Drawings*
- *Pavement Coring*

WESTWOOD PARKING LOT REHABILITATION

LISLE, ILLINOIS

- This 582-Stall parking lot was exhibiting excessive pavement cracking and failures.
- V3's condition assessment determined that poor drainage was contributing to the early deterioration of the pavement.
- Given the parking requirement during regular business hours, the areas of impact were limited to maintain regular use of the majority of the parking lot throughout construction.
- Construction was phased to accommodate parking requirements and included night and weekends to complete the work.
- Drainage improvements included underdrain installation which tied into the existing storm sewer.
- Approximately 17,500 square yards of asphalt milling and resurfacing was performed.

CLIENT

Griffin Capital Investors, LLC

PROJECT TEAM

JASON HOLY, P.E. | PROJECT MANAGER

17 Years of Experience

Jason has experience in transportation engineering with a focus on the areas of roadway and intersection design, parking lot design, utility design/coordination, maintenance of traffic, bicycle and pedestrian facilities (including ADA design), contract document preparation and construction inspection/observation. His experience includes a wide range of Phase I and II projects for IDOT, county DOT's, Illinois Tollway and local municipalities. Jason will use his substantial experience and technical expertise to insure that the CIP is practical and constructable.

TOM CONSIDINE | FIELD INSPECTOR

1 Year of Experience

Tom is a recent graduate from UIC. While working to finish his degree in civil engineering, he had the opportunity to work as a summer intern with the Village of Oak Park in the engineering department, as such, he is well versed in the operations for the Village. As well as working for the Village as an intern, he is also a resident of the Village which makes him a key person to perform the site observation portion of this project. In the short time Tom has been with V3, he has worked on a wide range of projects and has become well versed in many of the tasks that will be required for the site visits.

His work experience also includes construction observation, aggregate materials inspection, on-site inspection and topographic survey.

NOTEWORTHY PROJECT EXPERIENCE

Oak Park 17-17 Water and Sewer Main Improvements Project, Oak Park, Illinois - Project Engineer for the downtown Oak Park water and sewer main improvement project. Improvements include 750 feet of sewer lining and trenchless spot repairs to the existing combined sewer, approximately 1550 feet of sewer will be removed and replaced and 99 feet of combined sewer will be augured and encased under a viaduct. The project also included new water main installation and roadway restoration. Due to the urban location next to the train station and commuter parking an emphasis was placed on developing careful construction staging plans to minimize the impact to commuters, pedestrians, residents and businesses. Extensive utility coordination was required and permits were coordinated with the IEPA, MWRD and the Union Pacific Railway.

Atrium Corporate Center Parking Lot Study and Maintenance Program, Rolling Meadows Illinois - Project Manager for the Atrium Corporate Center parking lot pavement evaluation report and construction documents. The project consisted of a pavement evaluation report (with pavement cores) and a 5 year maintenance plan with engineering costs. We also performed the general contracting services for the 2017 and 2018 construction seasons based on the 5 year maintenance plan we created.

Hunt Club Apartments Parking Lot and Ring Road Study and Maintenance Program, Wheeling Illinois - Project Manager for the Hunt Club Apartments parking lot and ring road pavement evaluation report. The project consisted of a pavement evaluation report with pavement cores and a 5 year maintenance plan with engineering costs.

Various Resurfacing Projects Phase I, II & III, Village of Woodridge, Woodridge, Illinois - Project Manager for the 71st Street, Janes Ave and 83rd Street Resurfacing projects for the Village of Woodridge. These projects consisted of surveying the existing roadway, evaluating the condition of existing sidewalk and curb and gutter, updating ADA ramps, guardrail improvements, evaluating existing storm sewer structures and detector loop replacement. V3 performed Phase I, II and III services.

75th Street Reconstruction, Phase II, DuPage County DOT, Darien, Illinois - Project Engineer responsible for the preparation of contract plans, specifications and estimates for the reconstruction of one mile of 75th Street from west of Adams Street to east of Plainfield Road. The project consisted of upgrading an existing four-lane urban roadway section to a six-lane urban roadway section along with intersection improvements at Adams Street, Cass Avenue and Plainfield Road. The project also included traffic studies, pavement design, stormwater permitting, public involvement, traffic signal modernization and interconnection, roadway lighting and the preparation of plats of highways and legal descriptions. The project also included the evaluation of

REQUEST FOR PROPOSALS (RFP)

18-787: Consultant Services to develop a recommended 5-year Capital Improvement Plan (CIP) for the Village's Surface Parking Lots (off-street lots)

Issued August 02, 2018

Due August 16, 2018

The Village of Oak Park ("the Village") is requesting qualifications to identify Consultants to assure that it is receiving the optimum level of services at a competitive price.

Responses shall be returned on or before August 16, 2018 at 10:00 AM to:

Village of Oak Park
Parking and Mobility Services
Attn: RFP Solicitation Number 18-787:
Consultant Services to develop a recommended 5-year Capital Improvement Plan (CIP) for the

the responsibility to indemnify, keep and save harmless, and defend the Village, its officers, officials, employees and agents as herein provided.

P. Hold Harmless and Indemnity

Notwithstanding any limitations or restrictions applicable to any insurance or bonds required hereunder, the Service Provider shall defend, indemnify and hold the Village of Oak Park and its officers, officials, employees, and agents harmless from and against any and all liability, loss, damage, claim, payment or expense, including attorney fees, which the Village or its officers, officials, employees, and agents may incur resulting from or arising out of any error or omission in the performance of the agreement by the Service Provider, including, without limitation, errors or omissions in the handling, accounting for, or transferring of funds, or to work, services or systems or products provided in the performance of the agreement by the Service Provider or its employees, agents, servants, associates, Consultants, subConsultants, or assignees.

Q. Tentative Schedule

Below is a tentative schedule for the request for proposal, evaluation of responses, selection and approval of a preferred Operator or Operators ("Operator"):

Proposals due to Parking and Mobility Services Division	Aug. 16, 2018
Proposals reviewed	Aug. 17, 2018
Negotiation with preferred Consultant(s)	Aug. 20, 2018
Agreement Approval	Sept. 4, 2018
Service start date	Sept. 11, 2018

R. References

Respondents shall furnish a minimum of four (4) references from accounts that they are servicing for a period of not less than six (6) months.

Attachment IV. Compliance Affidavit

I, Robin L Petroelje being first duly sworn on oath depose and state as follows:
(Print Name)

1. I am the (title) Chief Executive Officer of the Proposing Firm ("Firm") and am authorized to make the statements contained in this affidavit on behalf of the Firm.
2. The Firm is organized as indicated on Exhibit A to this Affidavit, entitled "Organization of Proposing Firm," which Exhibit is incorporated into this Affidavit as if fully set forth herein.
3. I have examined and carefully prepared this proposal based on the Request for Proposals and verified the facts contained in the proposal in detail before submitting it.
4. I authorize the Village of Oak Park to verify the Firm's business references and credit at its option.
5. Neither the Firm nor its affiliates¹ are barred from proposing on this project as a result of a violation of 720 ILCS 5/33E-3 or 33E-4 relating to bid rigging and bid rotating, or Section 2-6-12 of the Oak Park Village Code related to "Proposing Requirements".
6. The Proposing Firm has the M/W/DBE status indicated below on the form entitled "EEO Report."
7. Neither the Firm nor its affiliates is barred from agreement with the Village of Oak Park because of any delinquency in the payment of any debt or tax owed to the Village except for those taxes which the Firm is contesting, in accordance with the procedures established by the appropriate revenue act, liability for the tax or the amount of the tax. I understand that making a false statement regarding delinquency in taxes is a Class A Misdemeanor and, in addition, voids the agreement and allows the Village of Oak Park to recover all amounts paid to the Firm under the agreement in a civil action.
8. I am familiar with Section 13-3-2 through 13-3-4 of the Oak Park Village Code relating to Fair Employment Practices and understand the contents thereof; and state that the Proposing Firm is an "Equal Opportunity Employer" as defined by Section 2000(E) of Chapter 21, Title 42 of the United States Code Annotated and Federal Executive Orders #11246 and #11375 which are incorporated herein by reference. **Also complete the attached EEO Report or Submit an EEO-1.**
9. I certify that the Consultant is in compliance with the Drug Free Workplace Act, 41 U.S.C.A, 702.

¹ Affiliates means: (i) any subsidiary or parent of the bidding or contracting business entity, (ii) any member of the same unitary business group; (iii) any person with any ownership interest or distributive share of the bidding or contracting business entity in excess of 7.5%; (iv) any entity owned or controlled by an executive employee, his or her spouse or minor children of the bidding or contracting business entity.
