Commission Choices (required)

Preferred Commission Choice

Farmers' Market Commission

Reason Interested

Access to quality, affordable food is a key component to sustaining quality of life for the community. A healthy and vibrant farmers' market plays a key role in promoting the community's connection with local farmers and food producers and also in increasing the Village's profile in the broader community. I'd like to be part of that effort.

If you have already attended a meeting of this commission, when approximately?

Second Commission Choice

Historic Preservation Commission

Reason Interested

The Village's historic character is a key draw for residents and visitors. As current Oak Park residents, we must protect and maintain that character future generations. As someone who resides in the Frank Lloyd Wright historic district, I'd like to be part of the effort.

If you have already attended a meeting of this commission, when approximately?

Third Commission Choice (Optional)

Civic Information Systems Commission

Reason Interested

IT policy is critical to the management of any modern organization. Whether it's internal systems or customer-focused websites, the success of the Village's initiatives is contingent on the smart implementation of information systems. As someone with nearly twenty-years experience in software and digital media, I can contribute greatly to the Village's efforts in this field.

Additional Information

I'm interested in serving so that I can help the Village continue to thrive. As a director I have great experience leading teams to achieve a shared vision. Have been working in the affordable housing field for almost 30 years both in the regulatory sector and on the property management side both for and not for profit. Additional Information

Work during the day would only be able to attend meetings in the evening. Interested in offering my help to keep housing programs affordable and solvent in Oak Park. I grew up in a block busted community and was attracted to Oak Park in the first place because of what they did as a community to ensure that didn't happen here during the late 60s. I know many people in the affordable community in Chicago and would be a help in obtaining information from government agencies when needed.
