- A. [MOT 18-421](#) Motion to Approve Minutes from the November 19, 2018 Regular Meeting, November 26, 2018 Special Meeting and December 3, 2018 Regular Meeting of the Village Board.**

Village Trustee Boutet asked that the Minutes of the December 3 Meeting be amended to quote her as saying that all services of the OPEDC should be run in-house by the Village, not just the marketing portion.

It was moved by Village Trustee Tucker, seconded by Village Trustee Button, to approve the Minutes as amended. A voice vote was taken and the motion was approved.

V. Non-Agenda Public Comment

X. First Reading

B. [ORD 18-460](#) **First Reading of an Ordinance Amending Chapter 23A ("Taxes") of the Oak Park Village Code by adding a New Article 10 ("Cannabis Privilege Tax").**

Village Trustee Tucker commented that when medical marijuana became legal, there was consensus from the Board not to harshly tax it. He understands that staff is trying to prepare for the legalization of recreational marijuana, but that is not what this current ordinance reflects. He recommends that this be sent back to staff to impose a higher tax for recreational marijuana if and when it becomes legal and a lower rate on medical marijuana.

Village Attorney Stephanides described this as "future-proofing", with the ability to have the tax grandfathered in if recreational marijuana does become legal.

Village Trustee Button is not in favor of taxing medical marijuana. If the idea is to have a placeholder to be able to tax recreational marijuana in the future, she is not supportive of a 6% tax for medical marijuana now. She would like medicinal and recreational to be distinguished from one another and proposed a .05% tax for medicinal.

Village Manager Pavlicek commented that there is a chance that the State will impose some restrictions regarding home rule and it may not be possible to raise the tax rate on recreational marijuana should it become legal if nothing for marijuana in general is in place now.

Village Trustee Boutet supports putting in place a recreational cannabis tax but not a medicinal tax at the same rate.

Village Trustees Andrews and Moroney support a 1% tax maximum for medical.

Village Trustee Taglia asked if they would they have an opportunity to add the tax if it becomes legal. Village Attorney Stephanides stated that he does not know.

Village President Abu-Taleb commented that it is the consensus of the Board not to harshly tax medical marijuana, but they do not want to forego the opportunity to tax recreational marijuana at a higher rate in the event it becomes legal. He directed staff to bring the Ordinance back with the direction from the Board.

XI. Regular Agenda

L. [RES 18-1065](#) **A Resolution Approving a Renewal of a Professional Services Agreement between HR Green, Inc. to Provide Plan Review and Inspection Services in an Amount not to Exceed \$1,120,000 and Authorizing its Execution**

Village Trustee Boutet expressed concern due to conversations with individuals who are claiming that the contractor is not safety conscious. She is not comfortable proceeding with this contractor and suggested putting out another RFP.

Director of Development Customer Services Tammie Grossman stated that she has fielded complaints, but not a high level of them. She and Chief Building Official Steve Cutaia take safety issues very seriously and they are addressed immediately. The contractor works with 65 other municipalities in Illinois and has a stellar reputation. She stated that if she were given specific addresses, she would do a thorough investigation.

The contractor spoke, expressing pride in his company's work and their relationship with the Village of Oak Park.

Village President Abu-Taleb acknowledged that there will always be complaints, but the Building Department has been revitalized within the last five or six years. He asked that these concerns be taken seriously and that Village Trustee Boutet provide the addresses to Ms. Grossman.

It was moved by Village Trustee Andrews, seconded by Village Trustee Tucker, that this Resolution be adopted. The motion was approved. The roll call on the vote was as follows:

AYES: 6 - Village Trustee Button, Village Trustee Taglia, Village President Abu-Taleb, Village Trustee Tucker, Village Trustee Moroney, and Village Trustee Andrews

NAYS: 1 - Village Trustee Boutet

C. [ORD 18-436](#) An Ordinance Amending the Fiscal Year 2018 Annual Budget

Village Manager Pavlicek commented that Items C through E are all related to the adoption of the Budget and gave an overview of meetings held during the budget process. She summarized amendments made in response to direction from the Board and clarified how these amendments affect the fund balance.

Chief Financial Officer Steve Drazner confirmed that the 2018 fund balance will end in a small surplus.

It was moved by Village Trustee Button, seconded by Village Trustee Moroney, that this Ordinance be adopted. The motion was approved. The roll call on the vote was as follows:

AYES: 7 - Village Trustee Button, Village Trustee Taglia, Village President Abu-Taleb, Village Trustee Tucker, Village Trustee Moroney, Village Trustee Boutet, and Village Trustee Andrews

D. [ORD 18-429](#) An Ordinance Adopting the Budget for All Corporate Purposes of the Village of Oak Park, Cook County, Illinois in Lieu of the Appropriation Ordinance for the Fiscal Year Commencing on the First Day of January, 2019 and Ending on the Thirty-First Day of December, 2019

Chris Donovan. Mr. Donovan requested that the Board look at the OPEDC very closely

for cuts.

David Gentry. Mr. Gentry quoted from the budget document that a "3% increase is unsustainable unless revenue is increased, there is a dramatic reduction in non-core service support or a dramatic reduction in core municipal services". He suggested the Board require staff to prepare a medium term fiscal framework.

Village Trustee Taglia is comfortable drawing from the fund balance. He is in favor of a priority based budget to address concerns.

Village Trustee Boutet had requested documentation of transfers and more information regarding contractual expenditures within the budget document. Overall, she feels the Board worked hard to get to the final document.

Village Trustee Moroney thanked staff for their long hours and patience. He believes this budget is the will of the Board. He reiterated his concern for budget habits that will continue to increase the levy. He is disappointed that there is not enough support to reduce spending more aggressively. He would like to see the Village live within its means by not drawing down the fund balance in order to avoid increasing the tax levy. He is not in favor of this budget.

Village Trustee Button regrets missing part of last week's meeting. She complimented staff for their efforts to present a reasonable budget. She acknowledged the tax burden in Oak Park, but noted that cutting programs that do not significantly affect the bottom line risks lowering the quality of life for residents. Village Trustee Button commented that had she been present during the ADA elevator discussion, she would have supported it. She is in favor of the budget.

Village Trustee Tucker thanked staff. He reminded the Board that his preference regarding the elevator was to refer that to the Disability Access Commission.

Village Trustee Andrews expressed concern that Oak Park is no longer a community that people choose to make their home for their entire lives. Taxation is driving people out. Passing 7.5% budgets annually creates a community not worth staying in anymore. There has to be an effort to get this under control. He opposes drawing down the fund balance instead of making additional cuts. He also discussed the level of debt and the possibility of a recession. Village Trustee Andrews feels that a step was taken in the right direction but it was not enough.

Village Trustee Boutet is in favor of more citizen engagement and would like to hear more from Boards and Commissions.

Village Trustee Taglia feels the Board did a thorough job reviewing this budget. Moving forward, he would like to look at different mechanisms to make the budget more responsive to the needs of the Village.

Village President Abu-Taleb broke down the Village's tax levy obligation. There are things that can and cannot be controlled, such as pensions. He suggested it would be helpful for people to compare Oak Park's taxes with communities that have similar services and values. He believes staff did a good job. Translating the levy increase percentage into a dollar amount relative to a single household would be helpful. He believes the Village is doing the best that they can.

Village Trustee Moroney stated that spending to support values without concern for those

who can't afford it cannot continue.

Village Trustee Boutet suggested that next year the Board take a closer look at the organizational chart, with multiple levels of management, to investigate room for savings.

It was moved by Village Trustee Button, seconded by Village Trustee Moroney, that this Ordinance be adopted. The motion was approved. The roll call on the vote was as follows:

AYES: 5 - Village Trustee Button, Village Trustee Taglia, Village President Abu-Taleb, Village Trustee Tucker, and Village Trustee Boutet

NAYS: 2 - Village Trustee Moroney, and Village Trustee Andrews

E. [MOT 18-422](#) A Motion to Accept the Five Year Capital Improvement Plan (2019-2023) as Reviewed and Discussed by the Finance Committee of the Village Board on October 8, 2018 and Amended by the Village Board on December 3, 2018

Village Manager Pavlicek commented that this is a five-year planning tool for upcoming and long term capital needs. There is no appropriation of dollars related to this document.

Village Trustee Andrews is in favor of doing a CIP and will support it, but plans to continue to address areas of concern.

Village Trustee Tucker fully supports a CIP to provide direction for anticipated expenses.

Village Trustee Moroney referred to areas of major concern that indicate increased debt. He reiterated a need to change how the Village budgets and spends. He pointed out anticipated expenses related to the Madison Street road diet and streetscape, Lake Street, the North Marion study and wayfinding signs. He hopes that in light of the proposed additional \$83 million in debt, this could be scaled back a bit.

Village Trustee Boutet would like to see staff note areas of Board concerns.

Village Trustee Moroney commented that he believes this document is the will of the Board as a whole, despite his own objections to various items.

Village Trustee Taglia commented that every project in the CIP will still have to come to the Board for final approval.

It was moved by Village Trustee Tucker, seconded by Village Trustee Button, that this Motion be approved. The motion was approved. The roll call on the vote was as follows:

AYES: 7 - Village Trustee Button, Village Trustee Taglia, Village President Abu-Taleb, Village Trustee Tucker, Village Trustee Moroney, Village Trustee Boutet, and Village Trustee Andrews

[ORD 18-456](#) **An Ordinance Approving a Redevelopment Agreement for the 700-728 Madison Street Redevelopment Project Consistent with the Oak Park Economic Development Corporation's (Oak Park EDC) Recommendation between the Village of Oak Park and Jupiter Realty Company, LLC (Jupiter), Oak Park Madison Street LLC (Pete's) and 711 Madison Senior Living, LLC and Authorizing its Execution**

Joshua Klayman. Mr. Klayman asked whether it was fiscally responsible to vote on this plan at this time, as the proposal is vague. He expressed concern that the OPEDC selects the preferred developer rather than all proposals being presented to the Board.

Gary Schwab. Mr. Schwab commented that the project anticipates the removal of the Hill Motor Sales building, which was recently assessed as being eligible for listing in the National Register of Historic Places. It is not an appropriate use of TIF funds to redevelop such a property.

Chris Donovan. Mr. Donovan spoke about good governance. There has not been any outreach to affected neighbors. There needs to be a public discussion.

Village Trustee Andrews would like to better understand the safeguards for the Village.

Ms. Grossman discussed protections in place for the Village. She stated that there is still a public process that needs to be gone through by the developers in order for the project to move forward. The Village will not transfer their ownership interests in the properties until all steps of the process are completed, including the securing of financing. The agreement states that the Village will fund the acquisition of the Foley Rice property, but the developer is under obligation to purchase it by March 2019. The Village has the right to repurchase the property at the price paid by the developer if the agreement is not satisfactorily met. In addition, the developers have agreed not to appeal their property taxes for 20 years, as well as giving the Village the right to review any transfers of the property after the developers take ownership.

Village Trustee Moroney commented that the RFP was for the Village-owned property on the northeast corner and the property on the south side is privately owned land. He asked how that got worked into the RDA and why this is a single agreement. Ms. Grossman commented that the developer, Jupiter, controls both parcels and it was appropriate to work them into one agreement.

Village Trustee Moroney asked for more information regarding the senior living development. He commented that it appears that Euclid Avenue would become inaccessible from Madison once the development is built. He would like some community outreach regarding this.

Village Trustee Boutet reviewed the financial incentives from the Village which total \$8.835 million and wanted clear information that showed the Village's return on investment. She also expressed concern regarding protection of default by the developer. Ms. Grossman reiterated that transfer of the property will not occur until financing is secured. Village Trustee Boutet stated that there is nothing that allows the Village to get their property back in the event something goes wrong during the project or if the developer defaults on their loan. Ms. Grossman explained the terms on costs for environmental remediation and other solutions for issues that may arise.

Village Trustee Boutet motioned that the RDA be amended with a clause stating that the Village receives 644, 710 and 724 Madison back in the event of a default by the developer. There was no second.

Village Trustee Andrews noted that Village Trustee Boutet's concerns are valid but believes the risk is minimal with this developer.

Village Trustee Taglia commented that there is risk in everything the Village does. He would like outreach to the neighbors regarding the developments.

It was moved by Village Trustee Andrews, seconded by Village Trustee Moroney, that this Ordinance be adopted. The motion was approved. The roll call on the vote was as follows:

A Resolution Approving a Funding Grant Agreement between the Village of Oak Park and the Oak Park Regional Housing Center in the Amount of \$391,382 for 2019 and Authorizing Its Execution

Village Trustee Boutet requested that the Village assist with collecting data for integration purposes.

Ms. Grossman reported on the process of landlords providing that data. This was never shared with the Housing Center. In 2016, the Village Board voted to not require landlords to provide that data and use census data to meet their purpose. Staff doesn't feel it is necessary for owners to collect that data and does not want them to guess. Village Trustee Boutet suggested the Village have multi-unit tenants self identify through a mailing.

Village Trustee Andrews suggested that the Housing Center has a good plan for tracking data and perhaps he and Village Trustee Boutet can work together once they determine what the Housing Center is able to track.

It was moved by Village Trustee Andrews, seconded by Village Trustee Tucker, that this Resolution be adopted. The motion was approved. The roll call on the vote was as follows:
