1	we have a max of two pets per apartment home that is stated in our lease	10/6/2018 9:13 AM
2	Having no dogs in the building is a selling point to many of our prospective tenants. Sense we do not allow dogs in our buildings this survey is rather irrelevant and the survey should only apply to properties that allow dogs. We have always owned a dog in our single family home and I am an animal lover but because I know the damage and extra work that comes with owning a dog, there is no way I want any dogs in my rental property	10/5/2018 9:07 AM
