Village of Oak Park Fleet Replacement Fund 2019-2023

Project:

Administration Vehicle Replacement

Priority Code:

Category:

Machinery and Equipment

Description:

Replacement of various pool and inspection vehicles housed at Village Hall.

Justification:

Older Administration CNG vehicles are becoming difficult to find replacement parts for and the tanks for the CNG portion of the Bi Fuel systems are reaching mandatory decommission dates, with a cost prohibitive replacement price. The newer Hybrid Administration vehicles come with a ten year warrantee on the drive battery, making replacement in six to eight years optimal for the best ROI for the Village, recouping more funds to invest in the next generation of Green vehicles. The Village is looking to replace 2019 Administration vehicles with Plug In Electric vehicles, with a charging station located at the Public Works facility.

Current Status:

Replacement Schedule: 2019 - Three Admin. cars (\$28,000 each) 2020 - One Animal Control Van (\$35,000 2021 - Three Admin. cars (\$32,000 each) 2022 - Three Admin. cars (\$32,000 each) 2023 - Two Admin. cars (\$32,000 each)
