

Dear Customer,

This letter is to inform food service businesses that the use of plastic utensils, plastic straws, and plastic cocktail picks will be prohibited in Seattle effective July 1, 2018. Compliant options include durable or compostable utensils, straws, and cocktail picks. Compliant straws include those made of compostable paper or compostable plastic. Utensils banned include disposable plastic forks, plastic spoons, plastic knives, and plastic cocktail picks.

Timeline: In 2008, the City of Seattle put in place an ordinance to require that one-time-use food service items, including packaging and utensils, be recyclable or compostable. Seattle Public Utilities has provided a year-by-year exemption for a handful of items, including plastic utensils and straws. Plastic utensils and straws are not recyclable. There are now multiple manufacturers of approved compostable utensils and straws, these food service items will no longer be exempt from the existing requirements.

Enforcement: SPU staff continue to perform inspections of all food service businesses to verify compliance with Seattle Municipal Code Section 21.36.084 and 21.36.086 which require that:

- Food service businesses are required to use compostable or recyclable food serviceware (effective 7/1/2010).
- Use of collection bins and collection service for compostables and recyclables is required (effective 7/1/2010).
- Use of expanded polystyrene foam food service packaging is prohibited (effective 1/1/2009).
- Use of plastic utensils and plastic straw food serviceware is prohibited (effective 7/1/2018).
- Failure to comply with the food service ware ordinance may result in a \$250 fine.

Take Action:

- ✓ Use up your existing inventory of plastic utensils and straws before July 1, 2018. If you are unable to do so, please contact us at the number below to establish a compliance schedule.
- ✓ Choose compliant food serviceware to meet packaging, utensil, and straw requirements.
- ✓ Provide utensils and straws only on request, and use dispensers for customers to select their own utensils and straws, if not already a current practice.
- ✓ Designate clearly marked collection containers for recyclables and compostables in employee and customer areas.
- ✓ Arrange for commercial collection service of compostable and recyclable materials.

Free Assistance:

Contact SPU via GreenBusiness@Seattle.Gov or 206-343-8505 or visit the SPU website at seattle.gov/util/GreenYourBusiness for additional information. At the website, you can order a variety of free materials, including posters and stickers, to help you communicate to your employees and customers about what is compostable and recyclable and what is required in Seattle. Thank you for your cooperation and commitment to helping Seattle save resources and reduce waste.

Sincerely,

Seattle Public Utilities

BANNED

Disposable Plastic Utensils

ALLOWED

Compostable* Utensils

Effective July 1, 2010, food service businesses are prohibited from selling or providing food for consumption on or off the premises with disposable food serviceware. Food packaging used for dine-in service must be compostable and take-out packaging can be compostable or recyclable.

* Approved compostable indicates packaging and serviceware that has been tested and approved at a local commercial compost facility.

Plastic utensils and plastic straws are banned in Seattle, effective July 1, 2018.

Serviceware allowed for use includes durables or approved compostable utensils and straws.

Los utensilios de plástico y los popotes de plástico están prohibidos en Seattle a partir del 1ero de julio de 2018.

Los únicos utensilios y popotes desechables que están permitidos para uso comercial son aquellos que tienen la etiqueta "compostable", los cuales están hechos de materiales que se pueden convertir en compost. Los utensilios y popotes reusables están permitidos.
