Way Back Inn

Appoint as Member

Name: Victoria Ferrarini

Term: 1

Term Expiration Date: 11/18/2022

Profession:

Claims Specialist, Social Security Administration

Reason Interested:

As a person with a disability (visually impaired), I have had the pleasure of growing up in Oak Park. Now a divorced mother of a child with special needs, I have been back in Oak Park for the last four years and very much an activist within the disabled community. Although I work for the Social Security Administration full-time, my passion has and will always be with helping persons within the disabled community to have a level playing field and that they can participate in all activities as well as having resources to live in an inclusive environment.
