

**Village of Oak Park
Capital Improvement Program
2020 - 2024**

Project: **Village Hall ADA Chair Lift**

Priority Code: **B**

Category: **Building Improvements**

Description

This project involves replacing the wheel chair lift, which rides along a set of rails up the stairs from the lower level to the main floor, at the main entrance of Village Hall.

Justification

The existing lift is inoperable and antiquated. Replacement parts are very difficult to find and elevator contractors have been unwilling to provide a warranty on any repair work.

Current Status

Staff met with the Disability Access Commission (DAC) in early 2019 and DAC members unanimously decided to replace the lift with a modern wheelchair lift.
