## **Citizen Police Oversight Committee**

### Appoint as Member

---

Name: Khari Reed

Term: 1

Term Expiration Date: 10/5/2023

Reason for Interest:

My wife, three children, and I have lived in Oak Park for just over three years, and since we have joined the community, we are eternally appreciative to be a part of such a welcoming village with a focus on family and neighborhood.

As a citizen of Oak Park, who happens to be a healthcare executive I believe it is important for me to contribute to the collective work and responsibility for our community. As a village we provide and fund services for the greater good of all citizens. Some of these services (fire, police, health care, etc) are granted incredible life saving responsibilities and authorities through an explicit public trust.

As it relates to the Oak Park Police Department, I wholeheartedly believe the brave men and women work hard to protect and serve us all each and everyday they put on their uniforms. But with this protective authority comes great responsibility and need for accountability. Also, in the context of our current societal environment to eliminate social injustice and systemic racism sparked by police brutality, Oak Park is in a position to be a beacon locally, nationally and internationally for how a Citizens Police Oversight Committee is empowered to exercise their duties in concert with the Village Board of Trustees, Police Department and citizens to ensure our police professionals are trained to police equitably while also being accountable for policing best practices, exceeding national benchmarks and trailblazing new policing models to protect and serve us all.

Therefore, I would very much like to be a pioneering member of CPOC and give back to our village; to keep all citizens (and guests) safe.
