Section II. SNOW PLOWING AND SIDEWALK DETAILED SPECIFICATIONS AND PROPOSAL FORM

BASE PROGRAM: The Village of Oak Park requires residents to clear snow and ice from their public sidewalks within 24 hours after a snow event. Recognizing that some residents are not able to remove snow without assistance, the Village has provided a snow removal assistance program to residents since 2007.

The Village will compile the list of locations requiring shoveling and email it to the contractor within the first 2 business hours following a snow event. The contractor will remove the snow and ice from the public sidewalks and spread salt at all listed locations within twenty-four (24) hours after notification. Public sidewalks must be left in a clean, safe, and walkable condition after the contractor's work. Salt must be applied as a rate to insure that the sidewalk does not refreeze after completion. Locations that are found to be deficient must be revisited by the contractor at no cost to the Village. There may be circumstances where additional locations will need to be completed after the initial list is submitted. These locations will be sent to the contractor and are expected to be complete before the contractor notifies the Village they are leaving town.

Notification

The contractor is required to notify the Village when they enter and leave town for this work. The notification must include the number of employees and equipment in town and the proposed plan for completion of the work. After the work is complete, the contractor must submit a list of the addresses with the time the work was complete.

During the past three winter seasons, there was an average of fifty (50) to seventy-five (75) locations listed for each winter snow storm. The number may be more or less depending on the severity of the storm.

Cost and Payment

Contractors shall propose a cost per man per hour. All equipment and material costs are incidental to the contract.

ALTERNATE PROJECT B: The Village of Oak Park may request assistance for back-up plowing and salting operations to clear snow and ice from residential streets and alleys when snowfall is expected to be six inches (6") or more. Contractor pricing should include driver, truck, plow and salt spreader (if available). If salting is required, Village salt will be used.

The Village retains the right to award a “Single Contract” for all work OR separate this work into two (2) sections, one section north of the CTA Green Line “North Section” and one section south of the CTA Green Line “South Section”. Contractors may submit a bid for the single contract work or the individual North Section or South Section. Village of Oak Park personnel notify the contractor via telephone when a snow event has been determined. The contractor may not respond to a snow event without Village authorization.

- C. For a snowfall in excess of two (2) inches, the contractor shall provide sufficient equipment to remove snow and ice from all paved areas including adjacent sidewalks. Snow removal is accomplished by plowing snow to the edge of the roadways in areas designated or to the center of the parking lots. If there are vehicles in the parking lot when the contractor arrives to remove the accumulated snow, the contractor shall remove all snow from roadways, aisles and empty spaces. Equipment shall be provided to continue removal operations through completion to the satisfaction of the Village. The contractor will also be required to remove snow away from the parking meters so patrons can access the parking meters for payment. The Village reserves the right to modify its request for salting, shoveling or plowing based upon ice conditions regardless of snowfall amounts.

Standby fees may be charged when standby time is authorized in advance by Village personnel for the purpose of improving snow removal efforts for snowstorms that are predicted with unspecified start times.

It will be the responsibility of the contractor to notify the Parking Garage Supervisor or his/her designee when the snow removal operation is complete. A form to verify these items will be provided by the Village (a sample of which is attached hereto) and will be signed by both the contractor and the appropriate Village representative at the completion of each operation (or no later than 48 hours after the event). No charge for inoperable equipment due to mechanical failure will be allowed. It will be the contractor's responsibility to find replacement equipment in the event of breakdown.

In the event the Contractor fails to complete any Work for the Project on or before said date, the Village shall be entitled to liquidated damages in the amount of \$500.00 per day for each day the work remains uncompleted beyond the completion date set forth above. This amount is not a penalty, and the parties agree to said amount given the difficulties associated with determining or calculating damages to the Village in the event the Project is not completed on time. The Contractor shall have no claim for damages, for compensation in excess of the Contract Price, or for a delay or extension of the Contract Time based upon conditions found at, or in the vicinity of, the site.

14. EFFECTIVE DATE

The effective date of this Contract as reflected above and below shall be the date that the Village Manager executes this Contract on behalf of the Village.

15. ENTIRE CONTRACT; APPROVAL OF SUBCONTRACTORS

This Contract, including the documents incorporated by reference herein, sets forth the entire Contract of the parties with respect to the accomplishment of the Work. No right or interest in this Contract shall be assigned, in whole or in part, by either party without the prior written consent of the other party. The Village reserves the right to approve the use of subcontractors to complete any portion of the Work and to approve any applicable contract between the Contractor and a proposed subcontractor to perform any of the Work. (B) The Village may accept the defective, damaged, flawed, unsuitable, nonconforming, incomplete, or dilatory Work or part thereof and make an equitable reduction;

(D) The Village may withhold any payment from Contractor, whether or not previously approved, or may recover from Contractor any and all costs, including attorneys' fees and administrative expenses, incurred by the Village as the result of any Event of Default or as a result of actions taken by the Village in response to any Event of Default; or

(E) The Village may recover any damages suffered by the Village as a result of Contractor's Event of Default.

(F) In addition to the above, if Contractor fails to complete any required Work pursuant to this Contract, the Village shall be entitled to liquidated damages in the amount of five hundred dollars (\$500.00) per day for each day the Work remains uncompleted. 27. EQUAL OPPORTUNITY EMPLOYER

The Contractor shall not discriminate against any employee or applicant for employment because of race, sex, gender identity, gender expression, color, religion, ancestry, national origin, veteran status, sexual orientation, age, marital status, familial status, source of income, disability, housing status, military discharge status, or order of protection status or physical or mental disabilities that do not impair ability to work, and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization. The Contractor shall comply with all requirements of Chapter 13 ("Human Rights") of the Oak Park Village Code.

In the event of the Contractor's noncompliance with any provision of Chapter 13 ("Human Rights") of the Oak Park Village Code, the Illinois Human Rights Act or any other applicable law, the Contractor may be declared non-responsible and therefore ineligible for future Agreements or subcontracts with the Village, and the Agreement may be cancelled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation.

In all solicitations or advertisements for employees placed by it on its behalf, the Contractor shall state that all applicants will be afforded equal opportunity without discrimination because of race, sex, gender identity, gender expression, color, religion, ancestry, national origin, veteran status, sexual orientation, age, marital status, familial status, source of income, disability, housing status, military discharge status, or order of protection status or physical or mental disabilities that do not impair ability to work.
