### **Agenda Item Title**

**An Ordinance Establishing Lots P1, P2, P3, P4, and P5 to Add Additional Spaces in the Y2, Y3, and Y4 Zones for On-Street Night Parking Permits on Pleasant Street, Marion Street, And Madison Street**

### **Overview**

At the July 16, 2018 Village Board Meeting, staff presented recommendations for a scaled-back Parking Pilot Program. At that meeting, the Village Board requested staff to bring forth an ordinance establishing the Parking Pilot Program. In the Parking Pilot Area, defined as the area bound by Harlem Ave, South Blvd, Oak Park Ave, and Harrison St and the Central Business Districts of Pleasant, Hemingway, and Downtown Oak Park, this ordinance establishes Lot P1, Lot P2, Lot P3, Lot P4, and Lot P5 with on-street overnight permit parking spaces for Y2, Y3, and Y4 permit holders. This is one of five ordinances that together establish the recommendations of the scaled-back Parking Pilot Program set to begin Q1 2019.

### **Staff Recommendation**

Approve the ordinance establishing Lot P1, Lot P2, Lot P3, Lot P4, and Lot P5.

### **Fiscal Impact**

N/A

### **Background**

The Village Board Goals for 2016-2017 included revisiting the overall parking systems within Oak Park in a holistic manner and with consideration for neighborhoods and business districts in order to understand the impact on residents, visitors and employees in the community. As a part of the study, staff reviewed the recommended goals for this review and a proposed schedule.

Additionally, the following Goals were established for review of the public parking system:

- Parking Ordinances must be simple and user friendly (e.g. language is clear and concise)
- Parking Signage of all types must be standardized and more streamlined so that residents, visitors and employees in Oak Park are able to understand regulatory language that may be required and directional information is clear and concise.
- Parking Technology must support efficient parking administration and operation while also being

customer service focused.

After the July 10, 2017 Village Board Special Meeting, the Board asked the Transportation Commission and Consultant Dixon Resources Unlimited to review a Pilot Area for a comprehensive review of the parking restrictions to determine if there were improvements that could be made in a comprehensive manner. The Transportation Commission began working with staff and consultant Dixon Resources Unlimited to determine the parking options that would help improve the parking experience in the Village of Oak Park. The idea of Odd/Even parking was significantly studied. Due to strong opposition from parkers who believe moving their car daily is a burden, personally and has a negative impact on the environment, the Transportation Commission looked at an additional concept known as the 72-hour rule. The community reaction was negative about both of these concepts, therefore, staff, the Transportation Commission, and consultant began working on a concept which closely kept the Village's existing rules but allowed for simplification and efficiencies. Most importantly the new set of recommended rules attempted to make the life of an Oak Park parker easier, while making the process of providing Village services on streets a more efficient process.

**The Village Board held the following special meetings on the parking study:**

**Study Session 1** - January 2017: Pleasant Business District/South and Harlem Redevelopment Project/Gwendolyn Brooks Middle School, including Recommendations from the Transportation Commission Related to On-Street Resident Parking

**Study Session 2** - February 2017: Parking Technology Best Practices.

**Study Session 3** - March 2017: Parking Signage Recommendations.

**Study Session 4** - May 2017: On-Street Parking Austin Blvd & Harlem Avenue, Including Adjacent Areas.

**Study Session 5** - July 2017: On-Street Parking North Avenue and Roosevelt Road, Including Adjacent Areas.

**Study Session 6** - May 14, 2018: Parking Pilot Discussion

**The Village Board approved the following agenda items pertaining to the parking study:**

**June 19, 2017:** A Motion to Amend the 2017 Work Plan for Transportation Commission to Include "Conduct Public Meetings for the Comprehensive Parking Study, Identify Community Needs and Develop Recommendations within the Approved Timeline in Conjunction with the Parking Consultant and Village Staff for Consideration by the Village Board"

**June 19, 2017:** A Resolution Approving an Amendment to the Professional Services Agreement with Dixon Resources Unlimited to Provide Parking Support Services for the Village-Wide Parking Study in a Total Amount not to Exceed

**The Transportation Commission held the following meetings on the parking pilot program:**

**June 26, 2017:** Introduction of Village-Wide Parking Study Consultant, Dixon Resources Unlimited

**July 24, 2017:** Update on the Village Wide Parking Study, Parking Near Transit (CTA & Metra Lines)  
**August 22, 2017:** Open Parking Forums with Public and Consultant at Village Hall  
-Over 30 Guests, Sharing Their Opinion on General Parking Problems in the Village Of Oak Park  
**August 23, 2017:** Open Parking Forums with Public and Consultant at Village Hall  
-Over 30 Guests, Sharing Their Opinion on General Parking Problems in the Village Of Oak Park  
**August 28, 2017:** Discussion on the Village Wide Parking Study, Parking Near Transit (CTA & Metra Lines)  
**September 25, 2017:** Update and On-Going Discussion of Parking Study  
**October 23, 2017:** Update and On-Going Discussion of Parking Study  
**November 9, 2017:** Parking Pilot Public Forum  
-Presentation of Odd/Even Parking Concept and 72-Hour Rule  
-Over 320 Guests in attendance during 2 Sessions  
**November 27, 2017:** Review and Discussion of Proposed Parking Pilot  
**January 8, 2018:** Review and Discussion of Proposed Parking Pilot Program  
**January 29, 2018:** 2nd Parking Pilot Public Forum  
-Presentation of New Standardization Parking Concept  
-Over 140 Guests in Attendance during 1 Session  
**February 12, 2018:** Review and Discussion of Proposed Parking Pilot Program  
**February 26, 2018:** Final Staff Recommendation on Parking Pilot Program  
**April 23, 2018:** Parking Pilot Program (Continued From February 26, 2018 Meeting)  
**April 30, 2018:** Parking Pilot Program (Continued From April 23, 2018 Meeting)  
**May 14, 2018:** Parking Pilot Program presentation to the Village Board.  
**July 9, 2018:** Parking Pilot Program update with the Transportation Commission.

### **Alternatives**

The Village Board could ask staff for an additional meeting to discuss further.

### **Previous Board Action**

On July 16, 2018 The Village Board gave direction for staff to proceed with a scaled-back Parking Pilot Program that included adding overnight permit parking spaces to on-street metered areas on Pleasant Street, Marion Street, and Madison Street within the Parking Pilot Area. It was established that during the Parking Pilot Program, no additional permits would be issued in the on-street zones of Y2, Y3, and Y4, but that the new areas would provide some cushion capacity for these overloaded permit zones.

### **Citizen Advisory Commission Action**

The Transportation Commission held various meetings on this topic as described in the Background.

### **Anticipated Future Actions/Commitments**

Staff recommends an initial 6 month pilot and to report back to the Village Board with changes. Once the program has been categorized as successful, to evaluate other areas that the pilot program rules could apply to.

January 2019: Begin Parking Pilot Program

July 2019: Review changes to Pilot Program

December 2019: End Pilot Program and decide to keep or revert the ordinance

March 2020: Propose rules for other areas

**Intergovernmental Cooperation Opportunities**

N/A

**Performance Management (MAP) Alignment**

Parking and Mobility Services Division is scheduled to start MAP in the final phase.
