### Background

The Department of Public Works, Water and Sewer Division, typically makes repairs to the water distribution and sewer collection systems. The debris material from these excavations has been hauled to the Waste Management Chicago Metro Transfer Station in Stickney for the past several years.

In an effort to seek pricing, staff requested disposal rates from area refuse disposal companies. Three companies responded: Waste Management, Roy Strom Refuse and Advanced Disposal. Two companies provided disposal rates and Advanced Disposal was a no-bid. Waste Management offered the most favorable rate.

A summary of the disposal rates is included with this item.
