Agenda Item Title

A Resolution Approving a Construction Agreement with The Baltimore & Ohio Terminal Railroad Company for Construction of the Bridge Rehabilitation Project Over the Railroad's Property in an Amount Not to Exceed \$35,162 and Authorizing its Execution

Overview

The bridge Rehabilitation Improvement project has construction occurring over The Baltimore & Ohio Terminal Railroad Company (B&OCT) property at the Home Avenue Bridge and the Oak Park Avenue Bridge. A Construction Agreement is required in order to allow for the work to occur over their property and active rail lines and includes costs for railroad flagging and review of the project.

Staff Recommendation

Approve the Resolution.

Fiscal Impact

There are available funds for this work in the FY2018 Budget in the Capital Improvement Fund, Public Works - Engineering, Project Engineering, account no. 3095-43780-101-570706.

Background

In September the Village approved a construction contract with Norvilla for repairs to the Oak Park Avenue Bridge over I290 and the installation of wood shielding under the Home Avenue Bridge. Work is underway on this project and the Village has been coordinating the project with the B&OCT railroad since this summer in order to secure permits for work over and on their property. The Construction Agreement allows for the Village's contractor to access B&OCT's property to do the bridge repair work from underneath as well as for the costs of railroad flaggers and B&OCT's plan review of the project.

Alternatives

The alternative to this recommendation could be to delay action to gain additional information.
