Fiscal Impact

The total cost to purchase the insurance coverage for the fiscal year 2022 is the not-to-exceed amount of \$649,664 which amount is included in the 2022 Self Insured Retention Fund budget.

Background

The Village has been self-insured for liability, workers' compensation, and property claims, and crime coverage since 1977 up to the Village's retention amounts. The Village supplements its self-insurance program by purchasing insurance for amounts above its retention for these categories. The coverage amounts and deductibles for the Village's insurance remain the same in 2022 as they were in 2021. In 2015, the Village decreased its self-insurance retention amount for liability coverage from \$2,000,000 to \$750,000.

The total premium cost for 2022 is the not-to-exceed amount of \$649,664. This amount includes the following premiums as solicited by the Village's insurance broker, Alliant/Mesirow Insurance Services: (1) public liability insurance - \$392,805; (2) excess workers' compensation insurance - \$113,709; (3) property and casualty - \$109,242; (4) crime coverage - \$5,790; and (5) cyber liability - \$28,118. The premium total is \$649,664. Premiums have increased in 2022 over 2021 premiums for excess liability, property, workers' compensation, and cyber liability insurance due to overall increases found in the national municipal marketplace for such coverages.
