

Agenda Item Summary

File #: ORD 23-36, **Version:** 1

Submitted By

Ronald Kobyleski, Fire Chief

Reviewed By

A.M. Zayyad, Deputy Village Manager

Agenda Item Title

An Ordinance Authorizing the Donation of Surplus Technology and Hardware Equipment Owned by the Village of Oak Park

Overview

This item is a request to donate accessories, cables, and batteries for Zoll cardiac monitors that are no longer in service in Oak Park. The Forest Park Fire Department uses the same monitor that Oak Park upgraded from and can use our accessories.

Recommendation

Adopt the Ordinance.

Background

In accordance with Village policy and Section 11-76-4 of the Illinois Municipal Code, 65 ILCS 5/11-76-4, the Village Board may, by ordinance, authorize the disposition of designated Village property no longer usable to the Village. The Fire Department proposes that the items listed in Attachment A be declared surplus and donated to the Village of Forest Park.

With the new contract that the Fire Department has with Zoll, the department has been equipped with an updated version of the cardiac monitor, which makes the current supplies obsolete. The Village of Forest Park's Fire Department will be able to put these accessories to use.

Fiscal Impact

There is no fiscal impact to the Village of Oak Park.

DEI Impact

There is a positive environmental impact of this ordinance. Donating the working cables, accessories, and batteries will keep them from being recycled or sent to a landfill while still having a valuable productive life left.

Alternatives

The Board can delay action to gain additional information.
